BOMBARDIER INC.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS 2018

YOUR VOTE IS IMPORTANT

If you are unable to attend the meeting in person, you may vote your shares by proxy.

As used in this management proxy circular, all references to Bombardier, the Corporation, we, us or similar terms are to Bombardier Inc.

Date: Thursday, May 3, 2018
Time: 10:30 a.m. (Montréal time)
Place: Alexandra Pier
200 de la Commune Street West
Montréal, Québec, Canada H2Y 4B2

The holders of Class A shares (multiple voting) and/or Class B shares (subordinate voting) of Bombardier Inc. whose names appear on the list of shareholders of Bombardier Inc. on Monday, March 5, 2018, at 5:00 p.m. (Montréal time) will be entitled to receive this notice of the meeting of shareholders and to vote at the meeting.

By order of the Board of Directors,

Daniel Desjardins
Senior Vice President, General Counsel and Corporate Secretary

Montréal, Québec, Canada, March 5, 2018

BUSINESS ON THE AGENDA OF THE MEETING:

1. Receipt of the consolidated financial statements of Bombardier Inc. for the financial year ended December 31, 2017 and the auditors' report thereon;
2. Election of the directors of Bombardier Inc.;
3. Appointment of the auditors of Bombardier Inc. and authorization to the directors of Bombardier Inc. to fix the remuneration of the auditors;
4. Consideration and, if deemed appropriate, adoption of a non-binding advisory resolution on Bombardier Inc.'s approach to executive compensation;

5. Consideration and, if deemed appropriate, approval of the shareholder proposals set out in Exhibit "B" to the accompanying Management Proxy Circular;
6. Consideration and, if deemed appropriate, approval of the shareholder proposal set out in Exhibit "C" to the accompanying Management Proxy Circular; and
7. Consideration of such other business as may properly come before the meeting.

MEETING MATERIALS

This year we are using notice-and-access to deliver this Management Proxy Circular (the "Circular") to both our registered and non-registered shareholders. This means that the Circular is posted online for you to access electronically instead of being mailed out. While you will still receive by mail a proxy form or a voting instruction form so you can vote your shares, instead of receiving a paper copy of this Circular, you will receive a notice outlining the matters to be addressed at the meeting and explaining how you can access the Circular electronically and how to request a paper copy. Those shareholders who have previously provided instructions to receive paper copies of meeting materials will receive paper copies again this year, along with the notice regarding their electronic availability. Notice-and-access is environmentally friendly and cost effective as it reduces paper, printing and postage.

You may request a paper copy of the Circular, at no charge, at any time prior to the meeting and up to one year from the date it is filed on SEDAR (www.sedar.com). Such a request can be made by calling 1 866 964 0492 (Canada and the United States) or +1 514 982 8714 (other countries) and following the instructions. If you request a paper copy of the Circular, you will not receive a new proxy form or voting instruction form, so you should keep the original form sent to you in order to vote.

REMINDER TO THE READER

Please note that all dollar amounts in this Circular are in US DOLLARS, unless it is specifically stated otherwise in the text.

2018 MANAGEMENT PROXY CIRCULAR

This Circular is furnished in connection with the solicitation by the management of Bombardier of proxies for use at the annual meeting of the holders of Class A shares (multiple voting) (the “Class A shares”) and Class B shares (subordinate voting) (the “Class B subordinate voting shares”), of the Corporation to be held on Thursday, May 3, 2018 at 10:30 a.m. (Montréal time) at Alexandra Pier, 200 de la Commune Street West, Montréal, Québec, Canada (the “Meeting”), and at any and all adjournments thereof.

FORWARD-LOOKING STATEMENTS

This Circular includes forward-looking statements, which may involve, but are not limited to: statements with respect to the Corporation’s objectives, guidance, targets, goals, priorities, market and strategies, financial position, beliefs, prospects, plans, expectations, anticipations, estimates and intentions; general economic and business outlook, prospects and trends of an industry; expected growth in demand for products and services; product development, including projected design, characteristics, capacity or performance; expected or scheduled entry-into-service of products and services, orders, deliveries, testing, lead times, certifications and project execution in general; competitive position; the expected impact of the legislative and regulatory environment and legal proceedings on the Corporation’s business and operations; available liquidities and ongoing review of strategic and financial alternatives; the completion, anticipated timing of the transaction with Airbus SE (Airbus) described herein and the receipt of regulatory and other approvals required with respect to this transaction and the anticipated timing thereof; the governance, funding and liquidity of C Series Aircraft Limited Partnership (CSALP); the impact and expected benefits of the transaction with Airbus on the Corporation’s operations, infrastructure, capabilities, development, growth and other opportunities, geographic reach, scale, footprint, financial condition, access to capital and overall strategy; and the impact of such transaction on the Corporation’s balance sheet and liquidity position.

Forward-looking statements can generally be identified by the use of forward-looking terminology such as “may”, “will”, “shall”, “can”, “expect”, “estimate”, “intend”, “anticipate”, “plan”, “foresee”, “believe”, “continue”, “maintain” or “align”, the negative of these terms, variations of them or similar terminology. Forward-looking statements are presented for the purpose of assisting investors and others in understanding certain key elements of the Corporation’s current objectives, strategic priorities, expectations and plans, and in obtaining a better understanding of the Corporation’s business and anticipated operating environment. Readers are cautioned that such information may not be appropriate for other purposes.

By their nature, forward-looking statements require management to make assumptions and are subject to important known and unknown risks and uncertainties, which may cause the Corporation’s actual results in future periods to differ materially from forecast results set forth in forward-looking statements. While management considers these assumptions to be reasonable and appropriate based on information currently available, there is risk that they may not be accurate. The assumptions underlying the forward-looking statements made in this Circular in relation to the transaction with Airbus include the following material assumptions: the satisfaction of all conditions of closing and the successful completion of the transaction within the anticipated timeframe, including receipt of regulatory (including antitrust) and other approvals; the fulfillment and performance by each party of its obligations pursuant to the transaction agreement and future commercial agreements and absence of significant inefficiencies and other issues in connection therewith; the realization of the anticipated benefits and synergies of the transaction in the timeframe anticipated; the Corporation’s ability to continue with its current funding plan of CSALP and to fund, if required, any cash shortfalls; adequacy of cash planning and management and project funding; and the accuracy of the Corporation’s assessment of anticipated growth drivers and sector trends. For more details, see the Risks and uncertainties section in Other in the Management’s Discussion & Analysis (“MD&A”) of the Corporation’s financial report for the fiscal year ended December 31, 2017, which may be viewed on SEDAR at www.sedar.com. For additional information with respect to the assumptions underlying the forward-looking statements made in this Circular, refer to the Strategic Priorities and Guidance and forward-looking statements sections in Overview, Business Aircraft, Commercial Aircraft, Aerostructures and Engineering Services and Transportation in the MD&A which may be viewed on SEDAR at www.sedar.com.

With respect to the transaction with Airbus discussed herein specifically, certain factors that could cause actual results to differ materially from those anticipated in the forward-looking statements include, but are not limited to, risks associated with the failure to receive or delay in receiving regulatory (including antitrust) or other approvals or otherwise satisfy the conditions to the completion of the transaction or delay in completing the transaction and uncertainty regarding the length of time required to complete the transaction; changes in the terms of the transaction; the failure by either party to satisfy and perform its obligations pursuant to the transaction agreement and future commercial agreements and/or significant inefficiencies and other issues arising in connection therewith; the impact of the announcement of the transaction on the Corporation’s relationships with third parties, including commercial counterparties, employees and competitors, strategic relationships, operating results and businesses generally; the failure to realize, in the timeframe anticipated or at all, the anticipated benefits and synergies of the transaction; the Corporation’s ability to continue with its current funding plan of CSALP and to fund, if required, the cash shortfalls; inadequacy of cash planning and management and project funding. Certain other factors that could cause actual results to differ materially from those anticipated in the forward-looking statements include, but are not limited to, risks associated with general economic conditions, risks associated with the

Corporation's business environment (such as risks associated with "Brexit", the financial condition of the airline industry, business aircraft customers, and the rail industry; trade policy (including potential changes to or the termination of the existing North American Free Trade Agreement between Canada, the U.S. and Mexico currently in discussion); increased competition; political instability and force majeure events or natural disasters), operational risks (such as risks related to developing new products and services; development of new business; the certification and homologation of products and services; fixed-price and fixed-term commitments and production and project execution; pressures on cash flows and capital expenditures based on project-cycle fluctuations and seasonality; the Corporation's ability to successfully implement and execute its strategy and transformation plan; doing business with partners; product performance warranty and casualty claim losses; regulatory and legal proceedings; environmental, health and safety risks; dependence on certain customers and suppliers; human resources; reliance on information systems; reliance on and protection of intellectual property rights; and adequacy of insurance coverage), financing risks (such as risks related to liquidity and access to capital markets; retirement benefit plan risk; exposure to credit risk; substantial existing debt and interest payment requirements; certain restrictive debt covenants and minimum cash levels; financing support provided for the benefit of certain customers; and reliance on government support), market risks (such as risks related to foreign currency fluctuations; changing interest rates; decreases in residual values; increases in commodity prices; and inflation rate fluctuations). For more details, see the Risks and uncertainties section in Other in the MD&A, which may be viewed on SEDAR at www.sedar.com.

Readers are cautioned that the foregoing list of factors that may affect future growth, results and performance is not exhaustive and undue reliance should not be placed on forward-looking statements. Other risks and uncertainties not presently known to the Corporation or that it presently believes are not material could also cause actual results or events to differ materially from those expressed or implied in the Corporation's forward-looking statements. In addition, there can be no assurance that the proposed transaction with Airbus will occur or that the anticipated strategic benefits and operational, competitive and cost synergies will be realized in their entirety, in part or at all. The forward-looking statements set forth herein reflect the Corporation's expectations as at the date of this Circular and are subject to change after such date. Unless otherwise required by applicable securities laws, the Corporation expressly disclaims any intention, and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. The forward-looking statements contained in this Circular are expressly qualified by this cautionary statement.

SECTION 1 : VOTING INFORMATION

WHO IS SOLICITING MY PROXY?

The management of Bombardier is soliciting your proxy for use at the Meeting. In addition to solicitation by mail, employees or agents of the Corporation may solicit proxies by telephone or by other means. The Corporation has appointed DF King as its soliciting agent. For this service, DF King will be paid a fee of \$40,000 Cdn, plus out of pocket expenses. The entire cost of the solicitation will be borne by Bombardier.

WHAT WILL I BE VOTING ON?

Holders of the Class A shares and/or Class B subordinate voting shares of Bombardier will be voting on:

- the election of the directors of the Corporation;
- the appointment of Ernst & Young LLP, chartered professional accountants, (“Ernst & Young”) as the independent auditors of the Corporation;
- the adoption of a non-binding advisory resolution on Bombardier’s approach to executive compensation;
- the shareholder proposals set out in Exhibit “B” to this Circular; and
- the shareholder proposal set out in Exhibit “C” to this Circular.

HOW WILL THESE MATTERS BE DECIDED AT THE MEETING?

A simple majority of the votes cast, by proxy or in person, by the holders of Class A shares and by the holders of Class B subordinate voting shares, voting together, will constitute approval of each of the matters specified in this Circular.

HOW MANY VOTES DO I HAVE?

The Class B subordinate voting shares of Bombardier are restricted securities (within the meaning of the relevant Canadian regulations respecting securities) in that they do not carry equal voting rights as compared with the Class A shares.

In the event of a ballot, each Class A share carries the right to ten votes and each Class B subordinate voting share carries the right to one vote. In the aggregate, all of the voting rights associated with the Class B subordinate voting shares represented, as at March 5, 2018, 38.11% of the voting rights attached to all of the issued and outstanding voting shares of Bombardier.

Each Class A share is convertible, at any time, at the option of the holder, into one Class B subordinate voting share. Each Class B subordinate voting share will become convertible into one Class A share in the event that the Majority Holder (as defined in the restated articles of incorporation of the Corporation), namely the Bombardier family, accepts a purchase offer for Class A shares or in the event that the Majority Holder ceases to hold more than 50% of the issued and outstanding Class A shares.

The holders of Class A shares and the holders of Class B subordinate voting shares, whose names appear on the list of shareholders prepared as of the close of business at 5:00 p.m. (Montréal time) on the record date, being Monday, March 5, 2018 will be entitled to vote at the Meeting and any adjournment thereof if present or represented by proxy.

HOW MANY SHARES ARE ENTITLED TO BE VOTED?

As at March 5, 2018, there were 313,898,549 Class A shares and 1,932,846,061 Class B subordinate voting shares of Bombardier issued and outstanding.

To the knowledge of the directors and executive officers of the Corporation, the only persons who, as at March 5, 2018 beneficially owned or exercised control or direction directly or indirectly over shares carrying 10% or more of the voting rights attached to any class of its issued and outstanding voting shares were J. R. André Bombardier, director of the Corporation, and Janine Bombardier, Claire Bombardier Beaudoin and Huguette Bombardier Fontaine (collectively, the “Principal Shareholders”). These four persons beneficially owned or exercised control or direction over, directly or indirectly, 249,449,910 Class A shares and 30,211,319 Class B subordinate voting shares, representing in the aggregate 79.47% of the issued and outstanding Class A shares and 1.56% of the issued and outstanding Class B subordinate voting shares of the

Corporation and 49.78% of all the voting rights attached to all of its issued and outstanding voting shares, as shown in the table below:

| NAME | CLASS A SHARES | | CLASS B SUBORDINATE VOTING SHARES | |
|------------------------------|---------------------------|------------|-----------------------------------|------------|
| | Number | % of Class | Number | % of Class |
| J. R. André Bombardier | 65,401,042 | 20.84% | 7,335,910 | 0.38% |
| Janine Bombardier | 61,973,491 | 19.74% | 7,110,137 | 0.37% |
| Claire Bombardier Beaudoin | 61,373,490 ⁽¹⁾ | 19.55% | 8,695,136 ⁽²⁾ | 0.45% |
| Huguette Bombardier Fontaine | 60,701,887 | 19.34% | 7,070,136 | 0.37% |

(1) Includes 500,000 Class A shares over which Claire Bombardier Beaudoin exercises control jointly with her husband, Laurent Beaudoin, through Beaudier Inc., a portfolio holding company of the Beaudoin family which is controlled by Laurent Beaudoin and Claire Bombardier Beaudoin, through holding companies which they control.

(2) Claire Bombardier Beaudoin exercises control over these shares jointly with her husband, Laurent Beaudoin, through Beaudier Inc., a portfolio holding company of the Beaudoin family which is controlled by Laurent Beaudoin and Claire Bombardier Beaudoin, through holding companies which they control.

In addition, members of the immediate family of the Principal Shareholders currently beneficially own, or exercise control or direction over, directly or indirectly, 17,413,275 additional Class A shares and 821,577 additional Class B subordinate voting shares, representing 0.81% of all the Class A shares and Class B subordinate voting shares issued and outstanding and 3.45% of all the voting rights attached to all the shares of the Corporation.

HOW DO I VOTE?

REGISTERED SHAREHOLDERS – You are a registered shareholder *when your name appears on your share certificate. Your proxy form tells you whether you are a registered shareholder.*

Option 1 - By proxy (proxy form)

You may vote in the following manners:

-  Internet Go to www.investorvote.com and follow the instructions.
-  Telephone Call 1 866 732 VOTE (8683) (Canada and the United States) or +1 312 588 4290 (other countries) and follow the instructions. If you use this method you can only appoint, as your proxyholder, the executive officers of the Corporation named on your proxy form.
-  Fax Return your completed proxy form by fax at 1 866 249 7775 (Canada and the United States) and at +1 416 263 9524 (other countries).
-  Mail Return your completed proxy form in the postage pre-paid return envelope provided.

Computershare Investor Services Inc. (“Computershare”), our transfer agent, must have received your proxy form or you must have voted by internet or telephone no later than 4:00 p.m. (Montréal time) on Wednesday, May 2, 2018.

Option 2 - In person at the Meeting

You do not need to complete a proxy form. Voting in person at the Meeting will automatically cancel any proxy form you may have earlier completed and submitted.

NON-REGISTERED SHAREHOLDERS – You are a non-registered shareholder *when your shares are held in the name of an intermediary, usually a bank, trust company, security dealer or broker or other financial institution. When you receive a voting instruction form, this tells you that you are a non-registered shareholder.*

Option 1 – By proxy (voting instruction form)

You may vote in the following manners:

- | | | |
|---|-----------|--|
|  | Internet | Go to www.ProxyVote.com and follow the instructions. |
|  | Telephone | Call 1 800 474 7493 (English) or 1 800 474 7501 (French) and follow the instructions. If you use this method you can only appoint, as your proxyholder, the executive officers of the Corporation named on your voting instruction form. |
|  | Fax | Return your completed voting instruction form by fax at 905 507 7793 or 514 821 8911. |
|  | Mail | Return your completed voting instruction form in the postage pre-paid return envelope provided. |

Your intermediary is required to seek your voting instructions in advance of the Meeting. You will have received from your intermediary a package of information with respect to the Meeting, including either a proxy form or a voting instruction form. Each intermediary has its own signature and return instructions. It is important that you comply with these instructions if you want the voting rights attached to your shares to be exercised. If you vote by Internet or telephone, you must do so no later than 4:00 p.m. (Montréal time) on Wednesday, May 2, 2018.

Bombardier intends to pay for proximate intermediaries to send the proxy-related materials to objecting beneficial owners.

Option 2 – In person at the Meeting

Bombardier and/or Computershare do not have a record of the names of the non-registered shareholders of the Corporation. If you wish to vote in person at the Meeting, you have to insert your own name in the space provided on the form of proxy or voting instruction form you have received and return it as directed on the form. It is not necessary to otherwise complete the form as you will be voting at the Meeting. Upon arrival at the Meeting, you should see a representative of Computershare.

SHAREHOLDERS (EMPLOYEES) UNDER THE EMPLOYEE SHARE PURCHASE PLAN (“ESPP”)

If you are an employee of Bombardier and you own shares under the ESPP, your shares are registered in the name of Computershare Trust Company of Canada, the administrator of the ESPP, until such time as the shares are withdrawn from the ESPP pursuant to its terms and conditions.

Option 1 – By proxy (voting instruction form)

You may vote in the following manners:

- | | | |
|---|-----------|---|
|  | Internet | Go to www.investorvote.com and follow the instructions. |
|  | Telephone | Call 1 866 732 VOTE (8683) (Canada and the United States) or +1 312 588 4290 (other countries) and follow the instructions. |
|  | Fax | Return your completed proxy form or voting instruction form by fax at 1 866 249 7775 (Canada and the United States) and at +1 416 263 9524 (other countries). |
|  | Mail | Return your completed proxy form or voting instruction form in the postage pre-paid return envelope provided. |

Option 2 – In person at the Meeting

If you wish to vote in person at the Meeting, you have to insert your own name in the space provided on the proxy form or voting instruction form you have received and return it as directed on the form. It is not necessary to otherwise complete the form as you will be voting at the Meeting. Upon arrival at the Meeting, you should see a representative of Computershare.

SHAREHOLDERS (EMPLOYEES) UNDER THE SHARE INCENTIVE PLAN GOVERNED BY ENGLISH LAW (“SIP”)

If you are a participating employee of the SIP and you hold shares under the SIP, you must submit your voting instructions through Computershare EES Trustees Limited, the administrator of the SIP in the United Kingdom, until such time as the shares are withdrawn from the SIP pursuant to its terms and conditions.

Computershare EES Trustees Limited will seek your voting instructions in advance of the Meeting. Computershare EES Trustees Limited has its own instructions as to how you must submit your vote. It is important that you comply with these instructions if you want the voting rights attached to your shares to be exercised. If you have any questions relating to the above, please contact the Computershare Helpline at 0370 707 1484.

If you wish to vote in person at the Meeting, you have to insert your own name in the space provided on the proxy form or voting instruction form you will have received from Computershare EES Trustees Limited and return it as directed on the form. It is not necessary to otherwise complete the form as you will be voting at the Meeting. At the Meeting, you should see a representative of Computershare.

HOW WILL MY SHARES BE VOTED?

You have the choice to vote FOR, AGAINST or WITHHOLD, depending on the item to be voted on.

If you sign the proxy form or voting instruction form that you have received, you authorize Pierre Beaudoin and Alain Bellemare, respectively Chairman of the Board of Directors and President and Chief Executive Officer, as well as directors, of Bombardier (or Computershare Trust Company of Canada in the case of shares held under the ESPP) to vote your shares for you at the Meeting according to your instructions. Unless contrary instructions are provided, or if you return your proxy form or voting instruction form without indicating how you want to vote your shares, the voting rights attached to Class A shares and/or Class B subordinate voting shares represented by proxies received by the management of the Corporation will be voted:

FOR the election of all the nominees proposed as directors;

FOR the appointment of Ernst & Young LLP, chartered professional accountants, as the independent auditors of the Corporation and FOR the fixing of their remuneration by the directors of the Corporation;

FOR the adoption of a non-binding advisory resolution on Bombardier’s approach to executive compensation;

AGAINST the shareholder proposals set out in [Exhibit “B”](#); and

AGAINST the shareholder proposal set out in [Exhibit “C”](#).

However, you may choose another person to act as your proxyholder, including someone who is not a holder of shares of the Corporation, by striking out the names printed on the proxy form or voting instruction form and inserting another person’s name in the blank space provided, or by completing another proper form of proxy. This person must be present at the Meeting to vote your shares and should, upon arrival, see a representative of Computershare. On the proxy form or voting instruction form, you may indicate either how you want your proxyholder to vote your shares, or you can let your proxyholder decide for you. If you have not specified on the proxy form or voting instruction form how you want your shares to be voted on a particular matter, then your proxyholder can vote your shares as he/she sees fit. The proxy form or voting instruction form that you have received gives authority to your proxyholder to use his/her discretion in voting on amendments to matters identified in the notice and on any other items that may properly come before the Meeting or any adjournment.

WHAT IF I WANT TO REVOKE MY PROXY OR VOTING INSTRUCTION?

If you are a registered shareholder, you may revoke your proxy by completing a proxy bearing a later date and delivering it to Computershare or by stating clearly, in writing, that you wish to revoke your proxy and by delivering this written statement to Computershare, no later than the last business day before the day of the Meeting, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof. If you are a non-registered shareholder, you should contact your intermediary to find out whether it is possible to change your voting instructions and what procedure to follow.

IS MY VOTE CONFIDENTIAL?

Computershare preserves the confidentiality of individual shareholder votes, except (i) where a shareholder clearly intends to communicate his/her individual position to the management of Bombardier, and (ii) as necessary in order to comply with legal requirements.

HOW ARE PROXIES SOLICITED?

The management of Bombardier strongly urges you to sign and return the form of proxy that you have received in order to ensure that your votes are exercised and accounted for at the Meeting.

The solicitation of proxies will be primarily by mail. However, the directors, members of management and employees of Bombardier may also solicit proxies by telephone, over the Internet, in writing or in person.

ELECTRONIC VOTING AT THE MEETING

In line with Bombardier's commitment towards the environment, voting at the Meeting on all proposals will be made through the use of electronic ballot. This will allow to expedite the voting process at the Meeting and present the final votes on screen at the Meeting. On arrival at the Meeting, all shareholders entitled to vote will be required to register and given a hand held device containing a personalized smart card with details of their shareholding to be used for the electronic vote. After each proposal is put to the Meeting by the Chairman, you will be asked to cast your vote by pressing a button on your keypad. All the votes represented by shareholders present at the Meeting will be counted and added to those received by proxy, and the final votes will be shown on screen at the Meeting. If you have already voted by proxy you will still be able to vote at the Meeting using the electronic device, and your vote on the day of the Meeting will replace your vote by proxy.

HOW DO I COMMUNICATE WITH COMPUTERSHARE?

You can communicate with Computershare by mail at the following address:

Computershare Investor Services Inc.
100 University Avenue
8th Floor
Toronto, Ontario, Canada M5J 2Y1

or by telephone at: 1 800 564 6253 (Canada and United States) or +1 514 982 7555 (other countries).

SECTION 2 : BUSINESS OF THE MEETING

RECEIPT OF FINANCIAL STATEMENTS

The consolidated financial statements of Bombardier for the financial year ended December 31, 2017 and the auditors' report thereon are included in the 2017 Financial Report of Bombardier.

ELECTION OF THE DIRECTORS OF BOMBARDIER

The restated articles of incorporation of Bombardier provide that its Board of Directors shall consist of not less than 5 and not more than 20 directors. Its directors are elected annually.

It is proposed that 14 directors be elected until the next annual meeting of the shareholders of Bombardier.

The term of office of each director so elected expires upon the election of his/her successor unless he/she shall resign or his/her office shall become vacant by death, removal or other cause.

Laurent Beaudoin will retire at the close of the Meeting, after serving on the Board of Directors since 1975, and will not seek re-election as a director. Information relating to Laurent Beaudoin therefore does not appear below along with the information regarding the 14 proposed nominees for election as directors of the Corporation. Because Laurent Beaudoin will act as director up to the Meeting, information concerning him appears in the other sections of this Circular that pertain to the directors.

Except where authority to vote on the election of directors is withheld, the persons named in the accompanying proxy form or voting instruction form, as the case may be, will vote for the election of the 14 nominees whose names are hereinafter set forth, all of whom are currently directors of Bombardier.

It is not contemplated that any of the nominees will be unable, or for any reason will become unwilling, to serve as a director. However, if that should occur for any reason prior to the election, the persons named in the form of proxy reserve the right to vote for another nominee in their discretion, unless a shareholder has specified in the form of proxy that his/her shares are to be withheld from voting on the election of directors.

Pursuant to an agreement dated as of November 18, 2015 between Bombardier and Caisse de dépôt et placement du Québec ("CDPQ"), a copy of which was filed on the Corporation's profile on SEDAR (www.sedar.com) on November 25, 2015, with respect to the nomination of any new independent directors of Bombardier, Bombardier will work collaboratively with CDPQ and seek to obtain CDPQ's agreement on the final candidate(s) recommended to the Board of Directors. In connection with this agreement, the Bombardier family has committed to fully support any action plan recommended by the Special Initiatives Committee and agreed to by CDPQ, as well as the selection process for new independent directors of the Board of Directors.

Information regarding the nominees relating to their independence, year first elected or appointed as a director, previous year's voting results, age, municipality and country of residence, principal occupation, main areas of expertise, and committee memberships (Audit Committee, Human Resources and Compensation Committee ("HRCC"), Finance and Risk Management Committee ("FRMC") and Corporate Governance and Nominating Committee ("CGNC")), is provided in the biographical charts below. Also indicated for each nominee are the number of Class A shares and/or Class B subordinate voting shares beneficially owned, or controlled or directed, directly or indirectly, by the nominee, and the number of Deferred Stock Units held by the nominee.

APPOINTMENT OF THE INDEPENDENT AUDITORS OF BOMBARDIER AND AUDIT COMMITTEE INFORMATION

APPOINTMENT OF THE INDEPENDENT AUDITORS

Bombardier proposes that Ernst & Young be appointed as its independent auditors and that the directors of Bombardier be authorized to fix the remuneration of the independent auditors.

Except where authority to vote on the appointment of the independent auditors of the Corporation is withheld, the persons named in the accompanying form of proxy or voting instruction form, as the case may be, will vote FOR the appointment of Ernst & Young LLP, chartered professional accountants, and FOR their remuneration to be fixed by the directors of the Corporation.

AUDIT COMMITTEE INFORMATION

Vikram Pandit acts as Chair of the Audit Committee of Bombardier and Martha Finn Brooks, Beatrice Weder di Mauro and Pierre Marcouiller are its other members. Each of them is independent and financially literate within the meaning of National Instrument 52-110 – Audit Committees.

For further information relating to the Audit Committee and independent auditors of the Corporation, please refer to the section entitled “Audit Committee Disclosure” in the Corporation’s [Annual Information Form](#) for the financial year ended December 31, 2017, which has been filed with securities regulators at www.sedar.com and may be obtained on request from the Public Affairs Department of Bombardier or at www.bombardier.com.

NON-BINDING ADVISORY VOTE ON BOMBARDIER’S APPROACH TO EXECUTIVE COMPENSATION

The approach of Bombardier regarding executive compensation is to maximize the overall performance of the Corporation through the individual performance of its executives. The goals of the policy are to attract, retain and motivate executives in order to increase business performance and enhance shareholder value which supports the pay-for-performance commitment of Bombardier.

Bombardier’s executive compensation policy focuses on total compensation: base salary, short-term incentives, long-term incentives, pension, benefits and perquisites. The Corporation’s philosophy is to position the total executive direct compensation package at the median (50th percentile) compared with similar positions in companies that have international operations and are comparable in size and complexity to Bombardier in the relevant markets.

Section 5 “[Remuneration of the Executive Officers of Bombardier](#)” of this Circular provides a lot of meaningful information on the various elements of the executive compensation policy of Bombardier.

The Board of Directors has decided, during its meeting on March 30, 2011, to implement advisory, but non-binding, votes on executive compensation (otherwise known as “Say on Pay”). Thus, the shareholders of the Corporation will be called, during the Meeting, to vote “**FOR**” or “**AGAINST**” the adoption of the following resolution with respect to Bombardier’s approach to executive compensation:

“RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors of Bombardier Inc., that the shareholders of Bombardier Inc. accept the approach to executive compensation disclosed in the Management Proxy Circular delivered in advance of the annual meeting of the shareholders of Bombardier Inc. held on May 3, 2018”.

Since this is an advisory resolution, the results will not be binding on the Board of Directors. However, the members of the HRCC will take into account the results of the vote when reviewing, in the future, executive compensation philosophy, policies, programs or arrangements.

The results of the vote will also be included in the report on voting results to be posted on the SEDAR website, at www.sedar.com, following the Meeting.

The Board of Directors recommends to its shareholders and their proxyholders to vote FOR the adoption of this non-binding advisory resolution on Bombardier’s approach to executive compensation.

Adoption of this resolution will require a majority of the votes cast, by proxy or in person, by the holders of Class A shares and holders of Class B subordinate voting shares, voting together.

SECTION 3 : REMUNERATION AND ATTENDANCE RECORD OF THE DIRECTORS OF BOMBARDIER

This section describes the approach to compensation for the directors at Bombardier.

With a view to providing market competitive compensation and aligning the interests of directors and shareholders, the CGNC reviews the amount and form of non-executive directors' compensation in light of the responsibilities and time commitment required of directors. The CGNC monitors the competitiveness of Bombardier's Board of Directors compensation against public companies in Canada and the United States that have international operations and are comparable in size and complexity to Bombardier. Except for approving the annual retainer of the Chairman of the Board, the CGNC did not recommend any change to the amount or form of compensation for the financial year ended December 31, 2017.

Please note the following disclosure for each director who served in that capacity for any part of the most recently completed financial year, which is relevant throughout this Section 3:

- As the execution of the transformation plan of the Corporation progresses, Pierre Beaudoin decided to step down as Executive Chairman of the Board of Directors effective June 30, 2017, and continued to serve as Chairman of the Board of Directors since July 1, 2017;

(1) The full amount of the Board retainer was credited in DDSUs to every director, except for (i) Pierre Beaudoin; (ii) Joanne Bissonnette; (iii) Martha Finn Brooks; (iv) Sheila Fraser; (v) August W. Henningsen; (vi) Daniel Johnson; (vii) Vikram Pandit; (viii) Patrick Pichette; (ix) Carlos E. Represas; and (x) Beatrice Weder di Mauro (in the case of Mses. Bissonnette, Finn Brooks and Fraser and Messrs. Johnson, Pandit and Pichette, see note 4 below).

(2) This director was entitled to travel fees of \$2,500 for each meeting which he/she attended in person, where applicable.

(3) Included in these numbers are DDSUs that were credited on January 8, 2018 in payment of the applicable portion of the Board retainer and, if applicable, additional retainer and travel fees earned for the quarter ended on December 31, 2017.

(4) This director elected to receive only 50% of his/her Board retainer in the form of DDSUs.

(5) This director elected to receive 100% of his additional retainers and/or travel fees in DDSUs.

(6) This director elected to receive 50% of his additional retainers and travel fees in DDSUs.

SUMMARY COMPENSATION TABLE

The Summary Compensation Table below shows all of the annual compensation information for each of the directors for the financial year ended December 31, 2017, with the exception of the President and Chief Executive Officer, Alain Bellemare, who did not receive any compensation for acting as a director of the Corporation.

The remuneration of the President and Chief Executive Officer, Alain Bellemare, is disclosed in Section 5 of this Circular.

- (1) Please refer to the previous table "Allocation of Fees Earned during the Financial Year ended December 31, 2017" of this Circular for details on the allocation of fees earned during the financial year ended December 31, 2017 as between fees credited in DDSUs and those paid in cash.
- (2) Included in this amount is the sum of \$95,700, which represents the aggregate costs to Bombardier for administration of the office of the Chairman Emeritus of the Board of Directors: the calculation of said costs includes rent, executive assistant compensation and office supplies. This amount also includes the estimated costs to Bombardier for premium paid for group insurance in excess of that generally available to salaried employees. The amounts paid were converted from Canadian dollars to US dollars based on an average exchange rate of 0.7705 during the year ended December 31, 2017.
- (3) Represents Pierre Beaudoin's annual retainer as Chairman of the Board of Directors for the period between July 1, 2017 and December 31, 2017.
- (4) Represents Pierre Beaudoin's base salary as Executive Chairman of the Board of Directors for the period between January 1, 2017 and June 30, 2017.
- (5) The estimated fair value of PSUs (as hereinafter defined) granted on August 4, 2017 (in respect of the period between January 1, 2017 and June 30, 2017 during which Pierre Beaudoin was acting as Executive Chairman), was determined by applying a performance factor of 0.65 to the weighted average trading price of the Class B subordinate voting shares on the TSX for the five trading days before the grant date, which was \$2.56 Cdn, and an exchange rate from Canadian dollars to US dollars of 0.7913. As disclosed in this Circular, the 2017 PSU grant is performance based and the actual payout value could be anywhere from 0% to 100% of target. The use of a performance factor of 0.65 was determined in consultation with Mercer (Canada) Limited ("Mercer"), management's external compensation consultant, to recognize the payout probabilities associated with the performance vesting conditions of those PSUs. The payout factor used is consistent with actual payouts of similar performance-based plans on the market, and was based on a review of the Corporation's previous performance vesting results, the current PSU performance objectives, the external competitive environment, and investment analyst perspectives. The accounting value of the PSUs granted on August 4, 2017 was \$1,095,600 based on an accounting performance factor of 0.75. The difference between the accounting value and the estimated fair value of the PSUs granted on August 4, 2017 as presented in this line is \$146,000. The difference between the accounting value and the grant date fair value of the share units as presented in this line is due to the performance factor of 0.75 applied for accounting purposes versus the performance factor of 0.65 applied for purposes of determining the grant date fair value. For the financial years ended December 31, 2016 and 2015, the fair value of the awards on the grant date was the same as the accounting value determined in accordance with IFRS 2 Share-based Payment.
- (6) Represents the pro-rated short-term incentive payout earned in respect of the period between January 1, 2017 and June 30, 2017 during which Pierre Beaudoin was acting as Executive Chairman of the Board of Directors.
- (7) Represents the compensatory change in the present value of the defined benefit obligation under the two defined benefit pension plans in which Pierre Beaudoin participated as Executive Chairman of the Board of Directors for the period between January 1, 2017 and June 30, 2017.
- (8) Including an amount of \$125,000, which represents the aggregate business development allocation earned by Pierre Beaudoin under the business development agreement described in this Section 3 for the period between July 1, 2017 and December 31, 2017, minus an amount of \$(900), which represents the aggregate costs

to Bombardier for the post-retirement benefits, the employer contribution to the Bombardier share purchase plan and the estimated costs to Bombardier for the premium paid for group insurance in excess of that generally available to salaried employees. The amount shown excludes the value of perquisites because they are less than \$50,000 or 10% of total salary.

- (9) Included in this amount is (i) the sum of \$37,200, which represents the aggregate costs to Bombardier for administration of the office of J. R. André Bombardier: the calculation of said costs includes rent, executive assistant compensation and office supplies, and (ii) the sum of \$19,100, which represents the aggregate costs to Bombardier for the car allowance of Mr. Bombardier: the calculation of said costs includes the actual car leasing costs, insurance and registration vehicle costs. This amount also includes the estimated costs to Bombardier for premium paid for life insurance in excess of that generally available to salaried employees. The amounts paid were converted from Canadian dollars to US dollars based on an average exchange rate of 0.7705 during the year ended December 31, 2017.
- (10) Represents the estimated costs to Bombardier for premium paid for life insurance in excess of that generally available to salaried employees. The amounts paid were converted from Canadian dollars to US dollars based on an average exchange rate of 0.7705 during the year ended December 31, 2017.
- (11) Total fees amounting to \$100,000 Cdn (\$77,100, based on an average exchange rate of 0.7705 for the financial year ended December 31, 2017) were paid to Daniel Johnson for his services as Chairman of the Board of C Series Aircraft Managing GP Inc., acting as the managing general partner of C Series Aircraft Limited Partnership, a subsidiary of the Corporation.
- (12) Total fees amounting to \$75,000 Cdn (\$57,800, based on an average exchange rate of 0.7705 for the financial year ended December 31, 2017) were paid to Carlos Represas' holding company for his services as Chairman of the Mexico Advisory Board of Bombardier and as Chairman Non Executive of Bombardier Latin America.

In addition to the annual compensation shown in the Summary Compensation Table above, Laurent Beaudoin, Pierre Beaudoin, J. R. André Bombardier and Jean-Louis Fontaine received the following pension benefits during the financial year ended December 31, 2017, to which they were entitled as former executives of Bombardier. As these amounts were previously earned by Laurent Beaudoin, J. R. André Bombardier and Jean-Louis Fontaine in respect of their services as executive officers of Bombardier in prior years, and by Pierre Beaudoin in respect of his services as an executive officer of Bombardier up to June 30, 2017, respectively, they are not included as remuneration in the Summary Compensation Table for the financial year ended December 31, 2017, and relevant details can be found in previous years' circulars of Bombardier.

| Director | Pension Benefits ⁽¹⁾ (\$) |
|------------------------|---|
| Laurent Beaudoin | 896,400 |
| Pierre Beaudoin | 422,400 |
| J. R. André Bombardier | 233,900 |
| Jean-Louis Fontaine | 341,000 |

(1) All amounts paid were converted from Canadian dollars to US dollars based on an average exchange rate of 0.7705 during the year ended December 31, 2017.

COMPENSATION FOR PIERRE BEAUDOIN

As the execution of the transformation plan of the Corporation progresses, Pierre Beaudoin decided to step down as Executive Chairman of the Board of Directors effective June 30, 2017, and continued to serve as Chairman of the Board of Directors since July 1, 2017 with adjustment of his compensation accordingly. The annual compensation information set out in the table below therefore represents the compensation that he received in his capacity as Executive Chairman of the Board of Directors for the period between January 1, 2017 and June 30, 2017, and as Chairman of the Board of Directors for the period between July 1, 2017 and December 31, 2017.

Pierre Beaudoin has served in a variety of key roles at Bombardier (including President and Chief Executive Officer between 2008 and February 2015 and Executive Chairman between February 2015 and June 2017), and understands the Corporation and its various stakeholders. His long-term perspective and lifelong commitment to the Corporation adds significant value to the Corporation's stakeholder relationships. Mr. Beaudoin is an advocate for sustainability at the Corporation and a leader in advancing mobility and connectivity in the transportation industry, which adds significant value to Board of Directors deliberations. Under Mr. Beaudoin's leadership, the Board of Directors provided the Corporation with direction on various corporate-wide issues such as sustainability, mobility and stakeholder relationships. He is a 30+ year veteran of Bombardier.

In his capacity as Chairman of the Board of Directors, starting on July 1, 2017, Mr. Beaudoin is entitled to an annual retainer of \$500,000, in line with the Corporation's recent past practice for this position.

In addition, to leverage his 32 years of service with Bombardier and deep knowledge of the industries in which Bombardier operates, the Corporation and Mr. Beaudoin entered into a business development agreement under which Mr. Beaudoin assists the Corporation with customer transactions, stakeholder relations and sales campaigns, and continues to participate to various international events and conferences. This business development agreement is for a term of 12 months from July 1, 2017 to June 30, 2018 (renewable on a yearly basis) and provides for the payment to Mr. Beaudoin of a business development allocation in the amount of \$250,000 per year.

He is also entitled to a car allowance and to group insurance benefits.

As non-executive Chairman of the Board of Directors since July 1, 2017, Pierre Beaudoin is no longer eligible to participate in the short-term and long-term incentive plans.

(1) As adjusted to reflect the changes announced by Bombardier in April 2017.

Main elements of compensation as Executive Chairman (from January 1, 2017 to June 30, 2017)

For the period between January 1, 2017 and June 30, 2017 during which Pierre Beaudoin was acting as Executive Chairman of the Board of Directors, there was no increase to his base salary from the previous year.

As Executive Chairman, in respect of the period between January 1, 2017 and June 30, 2017, Mr. Beaudoin earned a short-term incentive payout of \$645,300, and was granted a Performance Share Unit (“PSU”) award having a grant date fair value of \$949,600. Mr. Beaudoin did not receive any stock options during the financial year ended December 31, 2017.

Some of the significant accomplishments in respect of the period between January 1, 2017 and June 30, 2017 which formed the basis for decisions in respect of his short-term incentive payout and grant of PSUs, include:

- Providing oversight and support to the President and Chief Executive Officer on strategic orientation of the Corporation;
- Representing Bombardier in several Business Aircraft and Commercial Aircraft customer relationships, including by providing access to prospect customers and working closely with the Business Aircraft team to support sales and aftersales;
- Participation at various sponsorship events hosted by Business Aircraft and the Corporate Office;
- Involvement with the community through participation at various philanthropic events; and
- Participating to long-term strategic actions impacting the Corporation’s growth and business development.

His short-term incentive payout was earned pursuant to the short-term incentive plan described in “[Remuneration of the Executive Officers of Bombardier - Compensation Elements - Short-Term Incentive Plan](#)” of Section 5 of this Circular, that applied to him in his capacity as Executive Chairman in the same way that it applies to NEOs (as hereinafter defined), with a target short-term incentive payout equal to 125% of his base salary as Executive Chairman (representing no change from his target short-term incentive payout for the financial year ended on December 31, 2016).

His grant of PSUs was made pursuant to the PSU Plan described in “[Remuneration of the Executive Officers of Bombardier - Compensation Elements - Long-Term Incentive Plans](#)” of Section 5 of this Circular, which applied to him in his capacity as Executive Chairman in the same way that it applies to NEOs. The performance objectives for these PSUs are described in “[Remuneration of the Executive Officers of Bombardier - Compensation Elements - Long-Term Incentive Plans](#)” of Section 5 of this Circular, and are weighted 100% based on Bombardier Inc. objectives.

Mr. Beaudoin participated in two defined benefit pension plans as Executive Chairman of the Board of Directors for the period between January 1, 2017 and June 30, 2017, where i) benefits payable from the basic plan correspond to 2% of average base salary in the three continuous years of service during which he was paid his highest salary (up to the maximum earnings according to the *Income Tax Act* (Canada) which for 2017 was \$145,722 Cdn) multiplied by the number of years of credited service and ii) the supplemental plan provides for additional benefits of 2.5% of average base salary, multiplied by the number of years of credited service (up to 40) less the pension payable from the basic plan. Since August 1, 2016, Mr. Beaudoin was entitled to an unreduced pension as his age plus years of service total 85. Short-term incentive payouts and any other form of compensation are not considered in the computation of pension benefits. All pension benefits payable from these plans are in addition to government social security benefits. Please refer to table C.1 of

Section 5 “Pension Plans” of previous years’ circulars for details on supplemental defined benefit pension disclosure for Pierre Beaudoin.

He was also entitled to a car allowance and to group insurance benefits.

MINIMUM SHARES AND/OR DDSUS HOLDING REQUIREMENT

The Board of Directors believes that it is important that directors demonstrate their commitment to Bombardier’s growth through their respective shares and/or DDSUs holding.

Each director (other than the Chairman of the Board and directors who are also executive officers) is required to hold shares and/or DDSUs having a minimum value of \$400,000 Cdn (equal to \$319,000 based on an exchange rate of 0.7975 as of December 31, 2017 and to \$297,200 based on an exchange rate of 0.7430 as of December 31, 2016) throughout his/her tenure as a director.

To encourage directors (other than the Chairman of the Board and directors who are also executive officers) to better align their interests with those of the shareholders by having an investment in the Corporation, the Director Deferred Stock Unit Plan (the “DDSU Plan”) provides that until an eligible director meets this minimum holding requirement (it being understood that future declines in the trading price of shares on the Toronto Stock Exchange (“TSX”) will not impact directors’ prior compliance with the holding requirement), his/her Board retainer will be entirely credited to him/her in the form of DDSUs. Once the required threshold is met, such director must continue to receive at least 50% of his/her Board retainer in the form of DDSUs. In addition, each eligible director who is a Canadian or United States resident may elect to receive 50% or more of his/her other fees (i.e. additional retainers and/or travel fees, as applicable) in the form of DDSUs. Directors who are not residents of Canada or the United States must receive their additional retainers and travel fees and, once the holding requirement is met, 50% of their Board retainer, in cash. Please see “Director Deferred Stock Unit Plan” below for further details on DDSUs.

Pursuant to Bombardier’s Code of Ethics and Business Conduct (the “Code of Ethics”), directors shall not engage in hedging activities or in any form of transactions of publicly-traded options in Bombardier securities, or any other form of derivatives relating to Bombardier securities, including “puts” and “calls”. In addition, directors shall not sell Bombardier securities that they do not own (short sale).

DIRECTOR DEFERRED STOCK UNIT PLAN

DDSUs have a value equal to the weighted average trading prices of the Class B subordinate voting shares on the TSX for the five trading days immediately preceding the date of grant. DDSUs are vested on the date of grant and take the form of a bookkeeping entry credited to the eligible director’s account for as long as he/she remains a director. DDSUs will be redeemed for cash upon request after the eligible director ceases to be a director, failing which the DDSUs will automatically be redeemed for cash upon the expiry of a pre-determined period. The value of a DDSU, when redeemed for cash, is equal to the closing price of the Class B subordinate voting shares on the TSX on the last trading day preceding the day of the redemption. DDSUs earn dividend equivalents in the form of additional DDSUs at the same rate as the dividends paid on the Class B subordinate voting shares. The DDSU plan is not dilutive.

DIRECTOR SHARES AND/OR DDSUS HOLDING TABLE

The following table provides information on the number and value of the Class A shares and/or Class B subordinate voting shares of Bombardier and/or DDSUs beneficially owned, or controlled or directed, directly or indirectly, by the current directors of Bombardier, excluding Alain Bellemare who is a NEO (in his case, please refer to the information disclosed in Section 5 of this Circular).

(1) The number of the Class A shares, Class B subordinate voting shares or DDSUs beneficially owned, or controlled or directed, directly or indirectly, by each director for the financial years ended December 31, 2017 and December 31, 2016 is determined at December 31, 2017 and as at December 31, 2016, respectively, except for the DDSUs that were credited in payment of the applicable portion of the Board retainer and, if applicable, additional retainer and travel fees earned for the quarters ended on December 31, 2017 and December 31, 2016, respectively, the number of which was determined at January 8, 2018 and January 9, 2017, respectively.

(2) The total value for the financial year ended December 31, 2017 is calculated on the basis of the December 31, 2017 closing prices of the Class A share and the Class B subordinate voting share of \$3.05 Cdn and \$3.03 Cdn, respectively, converted from Canadian dollars to US dollars based on an exchange rate of 0.7975. The total value for the financial year ended December 31, 2016 is calculated on the basis of the December 31, 2016 closing prices of the Class A share and the Class B subordinate voting share of \$2.33 Cdn and \$2.16 Cdn, respectively, converted from Canadian dollars to US dollars based on an exchange rate of 0.7430. This value also corresponds to the market or payout value of DDSUs not paid out or distributed.

- (3) Includes 500,000 Class A shares over which Laurent Beaudoin exercises control jointly with his wife, Claire Bombardier Beaudoin, through Beaudier Inc., a portfolio holding company of the Beaudoin family controlled by Laurent Beaudoin and Claire Bombardier Beaudoin, through holding companies which they control.
- (4) Laurent Beaudoin exercises control over these shares jointly with his wife, Claire Bombardier Beaudoin, through Beaudier Inc., a portfolio holding company of the Beaudoin family controlled by Laurent Beaudoin and Claire Bombardier Beaudoin, through holding companies which they control.
- (5) In addition, Pierre Beaudoin held at December 31, 2017 the numbers of stock options, RSUs (as hereinafter defined), PSUs and DSUs (as hereinafter defined) disclosed in Section 3 of this Circular. Please refer to the tables "Outstanding Share-Based Awards and Option-Based Awards for Pierre Beaudoin" and "Vested DSUs Total Holding Table for Pierre Beaudoin" below for details.
- (6) As Diane Giard, Pierre Marcouiller, Antony N. Tyler and Douglas R. Oberhelman were elected or appointed as directors on December 12, 2017, May 11, 2017, May 11, 2017 and November 2, 2017, respectively, they have not yet reached the threshold.

- (1) As of December 31, 2017, only stock options granted on June 8, 2011, August 16, 2012, August 9, 2013 and November 6, 2014 were vested.
- (2) The exercise price of the stock options in this table is equal to the weighted average trading price of the Class B subordinate voting shares on the TSX for the five trading days before the grant was made. The exercise price was converted from Canadian dollars to US dollars based on an exchange rate of 0.7975 as of December 31, 2017.
- (3) The value of unexercised in-the-money options as of December 31, 2017 is the difference between the closing price of the underlying shares as of that date and the exercise price. These options have not been, and may never be, exercised, and actual gains, if any, on exercise will depend on the value of the shares on the date of exercise. Based on the closing price of the Class B subordinate voting shares of \$3.03 Cdn and an exchange rate from Canadian dollars to US dollars of 0.7975 as of December 31, 2017.
- (4) On August 7, 2015, Pierre Beaudoin received a grant of RSUs and on August 12, 2016 and August 4, 2017, Pierre Beaudoin received grants of PSUs.
- (5) Based on the closing price of the Class B subordinate voting shares on December 31, 2017 of \$3.03 Cdn, assuming 100% of target of plan reached (in the case of PSUs and DSUs), and converted from Canadian dollars to US dollars based on an exchange rate of 0.7975 as of December 31, 2017.
- (6) All RSU grants vest only based on time. The vesting of all PSUs grants is conditional on the attainment of the applicable performance targets. The PSUs may also vest at 0% as mentioned in this Circular. These estimates do not take into consideration possible future dividend payments.
- (7) As disclosed in this Circular, for purposes of valuing PSUs granted on August 4, 2017, a performance factor of 0.65 was applied. In addition, the maximum vesting threshold for this grant is 100% of target (as opposed to PSUs granted prior to 2017 which had a maximum vesting threshold of 150%). Pierre Beaudoin did not receive any stock option in 2017.

Please refer to "Remuneration of the Executive Officers of Bombardier - Compensation Elements - Long-Term Incentive Plans" of Section 5 of this Circular for details on RSUs and PSUs and to "Appendix (Stock Options and 2010 Deferred Share Unit Plan (2010 DSUP))" for relevant details on DSUs and the DSU Plan and 2010 DSUP.

(1) During 2017, no stock options were exercised by Pierre Beaudoin.

(2) The value is determined assuming the stock options would have been exercised on the vesting date of each relevant grant. No value is reported since the closing price of the Class B subordinate voting shares on the TSX on the vesting date was less than the exercise price.

(3) No RSUs, DSUs or PSUs vested during the financial year ended December 31, 2017. Please refer to “Remuneration of the Executive Officers of Bombardier— Compensation Elements – Long-Term Incentive Plans” of Section 5 of this Circular.

(4) The value is the amount of the short-term incentive plan payout for the financial year ended December 31, 2017 as disclosed in table “Summary Compensation Table” above in this Section.

Deferred Share Unit Plan (**DSU Plan**) and 2010 Deferred Share Unit Plan (**2010 DSUP**)

The objectives of each of the DSU Plan and 2010 DSUP is to align executives’ interests with shareholder value growth, to focus on achieving financial results with a strong pay-for-performance emphasis, and to retain key talent.

The HRCC believes that these incentive plans fulfill the executive compensation policy objectives because:

- they recognize and reward the impact of longer-term strategic actions undertaken by the executives;
- they promote executive retention since the grants vest over a number of years;
- the value of the grants depends on the future value of the Class B subordinate voting shares; and
- in the case of DSUs granted prior to June 2010, there is no dilution effect on shareholders as such DSUs are delivered, upon settlement, in cash or as Class B subordinate voting shares purchased on the secondary market.

The HRCC sets target objectives for each grant based on Bombardier’s financial goals. These incentive plans are designed to motivate executives to exceed Bombardier’s financial targets through the application of thresholds for payouts and increased payouts when targets are exceeded.

Please refer to [Appendix \(Stock Options and 2010 Deferred Share Unit Plan \(2010 DSUP\)\)](#) for relevant details on DSUs and the DSU Plan and 2010 DSUP.

For the 2014 grant to Pierre Beaudoin, the performance measure approved by the HRCC for each of the Corporation’s business segments was the three-year weighted average Return on Invested Capital (“ROIC”). ROIC was calculated considering that Net Operating Profit After Tax (NOPAT) was adjusted net income before interest related to debt and debt equivalents, and that “Invested Capital” was net assets excluding debt and debt equivalents, net retirement benefit liabilities or assets, and net of derivative financial instruments. The vesting percentages were between 0% and 150% and were determined by way of interpolation between the target (100%) and the minimum vesting threshold (70%) and maximum vesting threshold (150%). The performance calculation was a weighted average of consolidated ROIC results: 20% based on the 2014 operating plan, 30% based on the 2015 operating plan and 50% based on the average of the 2015 operating plan and the 2016 strategic plan. Any and all DSUs granted to Mr. Beaudoin as part of the 2014 grants vested below the minimum threshold, such that there was no payout in respect of these DSUs.

Long-term incentive performance targets are not disclosed because they contain highly sensitive commercial data, as well as key strategic information regarding Bombardier’s Turnaround Plan. Public disclosure would seriously prejudice Bombardier’s interests and weaken its ability to compete in its industries. Disclosure of long-term incentive performance targets could also potentially be interpreted inappropriately as market guidance. Past performance for Bombardier Inc. with respect to these targets indicates that the incentive plan goals have been challenging since actual results have been below target for the last five years and below the applicable minimum threshold four of the last five years.

No DSUs were granted to Mr. Beaudoin during the financial years ended December 31, 2015, 2016 and 2017.

SECTION 4 : CORPORATE GOVERNANCE

Bombardier believes that strong corporate governance is linked to strong corporate performance resulting in sustained profitability and, therefore, enhances shareholder value.

As more fully described below, Bombardier has corporate governance policies and practices which comply with and, in certain instances, even surpass, the requirements of National *Instrument 52-110-Audit Committees* (as amended "NI 52-110"), which sets out rules regarding the composition and responsibilities of public company audit committees, *National Policy 58-201 Corporate Governance Guidelines* and *National Instrument 58-101-Disclosure of Corporate Governance Practices*.

In addition, Bombardier continuously seeks to strengthen its corporate governance practices by monitoring the coming into effect of new regulatory requirements and the evolution of best practices so as to be able to adjust its policies and practices accordingly, but always in light of its own specificity.

GOVERNANCE PRACTICES

ETHICAL BUSINESS CONDUCT

- The Code of Ethics addresses ethical conduct in Bombardier's work environment, business practices and relationships with external stakeholders. The principles set out in the Code of Ethics reflect Bombardier's belief that honesty and integrity foster a positive work environment that strengthens the confidence of all stakeholders.
- The Code of Ethics applies at all times, without exception, to all the directors and to all of Bombardier's employees and managers. Bombardier's suppliers and partners, as well as third parties (such as agents), are also expected to adhere to the Code of Ethics when dealing with or acting on behalf of Bombardier.
- The Code of Ethics explains the standards of behavior expected from everyone to whom it applies in his/her daily activities and in dealings with others, including how to deal with conflicts of interests. It does not foresee every situation that might arise. Rather, it identifies guiding principles to help one make decisions consistent with Bombardier's values and reputation.
- The Code of Ethics outlines the key responsibilities of leaders within Bombardier which are to provide a model of high standards of ethical conduct and to create a work environment reflecting both the content and the spirit of the Code of Ethics. Selected members of management are required to take part in a mandatory Code of Ethics compliance certification process. The certification process is designed to provide management with additional assurance on public disclosures and required corporate officer certifications; this process also (i) helps integrate the Code of Ethics into Bombardier's governance system; (ii) ensures that the Code of Ethics is a top priority within the leadership team; and (iii) promotes integrity as a core value.
- Consistent with its commitment and strategic approach to corporate responsibility, Bombardier has deployed a Supplier Code of Conduct. This Code essentially promotes adherence by suppliers to the 10 principles in the area of human rights, labor standards, environment and anti-corruption of the United Nations Global Compact to which Bombardier is a signatory.
- A Corporate Ethic and Compliance Officer ensures full adherence to applicable laws and regulations and strict compliance with the Code of Ethics and reports to the Audit Committee on a quarterly basis.
- The Code of Ethics is translated in 16 languages. In addition to being available on the SEDAR website at www.sedar.com, it may also be consulted on the website of Bombardier at www.bombardier.com in each of the 16 languages.

CONFLICT OF INTEREST

In order to allow the directors and executives to exercise independent judgment in considering a particular transaction or agreement in which a director or an executive has a material interest, the following principles apply: (i) the director or the executive is required to inform his/her colleagues of any potential conflict of interest he/she may have in connection with a particular transaction or agreement before it is brought to the attention of his/her colleagues for discussion and/or decision; and (ii) he/she will then be required, depending on the transaction or agreement under consideration, to either leave the meeting while his/her colleagues review the matter at hand or while remaining present during the meeting, refrain from participating in any manner in the discussion involving his/her colleagues or the decision that they make.

HIRING OF OUTSIDE ADVISORS

With the prior authorization of the CGNC, each director may, when needed, retain the services of outside advisors at the expense of Bombardier. The Audit Committee, the FRMC and the HRCC each have the authority to do so. Between January 1, 2017 and December 31, 2017, no outside advisor was retained by a director.

Ernst & Young are currently the independent auditors of Bombardier and work closely with the Audit Committee. As to the various services on executive compensation matters provided to Bombardier by outside advisors during the 2017 financial year, please refer to the information contained hereafter in Section 4 of this Circular under "Compensation Advisors".

ABOUT THE BOARD OF DIRECTORS OF BOMBARDIER

COMPOSITION

- As of the date of this Circular, the Board of Directors is composed of 15 directors. Detailed information on each of the 14 nominees proposed to be re-elected as directors of the Corporation for the current year and their respective attendance records at Board of Directors and committee meetings is found in Sections 2 and 3, respectively, of this Circular. Because Laurent Beaudoin will act as director up to the Meeting, information concerning him appears in the sections of this Circular that pertain to him even though he will retire at the close of the Meeting and will not seek re-election as a director.
- The Chairman of the Board of Directors is Pierre Beaudoin.

DIRECTOR INDEPENDENCE

- The CGNC has determined that 9 of the 15 current directors, and 9 of the 14 nominees proposed for election as directors of the Corporation are independent, thus representing more than a majority of the directors, based on the following analysis:

RESPONSIBILITIES OF THE BOARD OF DIRECTORS

- **Mandate of the Board of Directors** The mandate of the Board of Directors is reproduced at Exhibit "A" to this Circular and also on the website of Bombardier at www.bombardier.com.
- **Stewardship of Bombardier** In accordance with the CBCA and as stated in its mandate, the role of the Board of Directors is to supervise the management of the business and affairs of the Corporation with the objective of creating sustained profitability and, therefore, enhancing shareholder value.

It is the role of management to conduct the day-to-day operations of Bombardier in a way that is consistent with the strategic plan, operating plans and budgets approved by the Board of Directors. In this context, the President and Chief Executive Officer of Bombardier, Alain Bellemare, makes recommendations to the Board of Directors with respect to matters of corporate strategy and policy. The Board of Directors then makes the decisions which it deems appropriate and supervises the execution of such decisions and reviews the results obtained.

The Board of Directors decides all matters coming under its jurisdiction pursuant to the CBCA, Bombardier's restated articles of incorporation and by-laws, any applicable legislation, the policies of Bombardier or the mandate of the Board of Directors and the charter of its four Committees. It also acts in accordance with the Code of Ethics. The Board of Directors may assign to one of its four Committees the prior review of any issues for which the Board of Directors is responsible. The recommendations of a Committee remain, however, subject to the approval of the Board of Directors.

Any responsibility which is not delegated to either corporate management or a Committee of the Board of Directors remains with the Board of Directors. In general, all matters or policies and all actions proposed to be taken which are not in the ordinary course of business require the prior approval of the Board of Directors or of one of its four Committees to which approval authority is delegated.

- **Strategic planning** Every year, the President and Chief Executive Officer together with the President of each business segment, namely Transportation, Business Aircraft, Commercial Aircraft and Aerostructures and Engineering Services, and senior executive officers from the Corporate Office present, during special sessions, the strategic orientation, operating plans and budgets of Bombardier for the review and approval of its Board of Directors. As provided for under its mandate, the duties of the Board of Directors include adopting a strategic plan presented by management and updating it, on at least an annual basis, by taking into account, among other things, the opportunities and risks of the business of Bombardier and the emerging trends. The Board of Directors' duties also include monitoring the implementation of the strategic plan by management.

The Board of Directors also adopts each year appropriate operating plans and budgets and reviews them on a quarterly basis.

- **Leadership Development and Management Succession Planning** One of Bombardier's competitive foundations is to have great talent globally. To achieve its strategic objectives, Bombardier's integrated performance management

process (PMP) ensures that employees and management goals, competencies and behaviors are aligned with business strategies while optimizing their learning and development opportunities to become world-class leaders and experts in their field.

Moreover, in 2017, the succession management process was carried out within each business segment, through escalating talent review sessions. These sessions culminated in a detailed and integrated assessment of the leadership status by senior management. At the same time, the Board of Directors, through the HRCC, ensures that Bombardier has a comprehensive succession plan for senior executive leaders and pertinent strategies to ensure the organization strengthens its leadership capabilities and overall talent pipeline.

In 2018, the succession management process will be reinforced to further support Bombardier's business strategies, strengthen its talent plans and accelerate its successors' development to enhance the effectiveness, diversity, skills, knowledge and leadership.

- **Risk Management** Pursuant to its charter, the FRMC assists the Board of Directors in fulfilling its oversight responsibilities with respect to:
 - risk management matters;
 - financing activities;
 - retirement plan fund management;
 - environmental matters; and
 - any other matters delegated to the FRMC by the Board of Directors.

More information on the FRMC is provided below in this Section.

- **Human Resources** In accordance with its charter, the HRCC assists the Board of Directors in its oversight responsibilities with respect to succession planning for the position of President and Chief Executive Officer of Bombardier and executives reporting to him, including all NEOs, with respect to their appointment, and with respect to the performance assessment of the President and Chief Executive Officer.

More information on the HRCC is provided below in this Section.

- **Communications policy** The objective of the corporate disclosure policy is to ensure that communications to the investing public about Bombardier are (i) timely, factual and accurate, and (ii) disseminated in a fair and impartial manner in accordance with all applicable legal and regulatory requirements.

Among other matters, the policy outlines how Bombardier should interact with analysts, investors, the media and other people and contains measures intended to ensure compliance with its timely disclosure obligations and avoid making selective disclosure of information. The Audit Committee has the responsibility, under its charter, of monitoring this policy and updating it, when needed.

Each of the Board of Directors and the Audit Committee reviews and, where required, approves Bombardier's annual and quarterly financial statements and related management's discussion and analysis, financing documents and press releases in relation thereto prior to their dissemination and/or filing.

In addition, there is also an internal process to respond to questions and concerns raised by shareholders and other stakeholders. All communications from shareholders and other stakeholders are referred to the appropriate executive for response, consideration or action. If and when significant issues are raised, management will in a timely manner advise the Board of Directors of such matters.

Bombardier communicates with its shareholders and other stakeholders, securities analysts and the media regularly on developments in its businesses and results, through its annual and quarterly financial reports and, when needed, reports to shareholders, press releases and material change reports.

- **Financial reporting** The Board of Directors has delegated to the Audit Committee the responsibility of monitoring and assessing the quality and integrity of Bombardier's accounting and financial reporting systems, disclosure controls and procedures, internal controls and management information systems. For this purpose, the Audit Committee reviews various presentations made periodically by the Senior Vice President and Chief Financial Officer, the Senior Director, Corporate Audit Services and Risk Assessment or the independent auditors, Ernst & Young, as the case may be.

More information on the Audit Committee is provided below in this Section.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors of Bombardier has four committees.

The charter of each committee provides a position description for its respective Chair. Essentially, the Chair provides leadership to enhance the effectiveness of the committee. The Chair also sets the agenda, ensures that the conduct of meetings provides adequate time for discussion of relevant issues and ensures that the outcome of meetings is reported to the Board of Directors.

- **Audit Committee** It consists of four directors, all of whom are independent. They are also all financially literate as required by NI 52-110.

Vikram Pandit is the Chair and Martha Finn Brooks, Beatrice Weder di Mauro and Pierre Marcouiller are the other members. Please refer to [Section 3](#) of this Circular for the number of meetings held by the Audit Committee between January 1, 2017 and December 31, 2017 and the attendance records of its members.

Pursuant to its charter (which is available on the website of Bombardier at www.bombardier.com and as Schedule 1 to the [Annual Information Form](#) of the Corporation for the financial year ended December 31, 2017, which has been filed with securities regulators at www.sedar.com), the objectives of the Audit Committee are (i) to help the directors meet their responsibilities with respect to accountability; (ii) to assist in maintaining good communication between the directors and the independent auditors of Bombardier, Ernst & Young; (iii) to assist in maintaining the independence of Ernst & Young; (iv) to maintain the credibility and objectivity of the financial reports of Bombardier; and (v) to investigate and assess any issue that raises significant concerns with the Audit Committee.

The Audit Committee periodically monitors the adequacy and effectiveness of the disclosure controls and systems of internal control of Bombardier through the reports provided by the Senior Vice President and Chief Financial Officer, the Senior Director, Corporate Audit Services and Risk Assessment and Ernst & Young, as the case may be.

As a general rule, all meetings of the Audit Committee are attended by the Chairman of the Board of Directors, the President and Chief Executive Officer, the Senior Vice President and Chief Financial Officer, the Vice President Controller and Chief Accounting Officer and the Senior Director, Corporate Audit Services and Risk Assessment, as well as by the representatives of Ernst & Young, the independent auditors of Bombardier. During such meetings, the Audit Committee also holds private sessions with each of the President and Chief Executive Officer, the Senior Vice President and Chief Financial Officer, the Senior Director, Corporate Audit Services and Risk Assessment and the independent auditors to discuss various topics of interest.

- **Human Resources and Compensation Committee** It consists of four directors, all of whom are independent.

Vikram Pandit is the Chair of the HRCC and August W. Henningsen, Pierre Marcouiller and Carlos E. Represas are the other members. Please refer to [Section 3](#) of this Circular for the number of meetings held by the HRCC between January 1, 2017 and December 31, 2017 and the attendance records of its members.

None of the HRCC members during the financial year ended December 31, 2017 was an active chief executive officer with a publicly-traded entity. The current members each have experience in executive compensation as either (i) a former chief executive officer of a publicly-traded corporation; (ii) a senior executive officer who had executive responsibility for very sizeable businesses; or (iii) a member of a compensation committee of a publicly-traded corporation. Furthermore, all members of the HRCC have experience in human resources having actively supervised human resources departments and assessed performance with respect to human resources and executive compensation policies and practices. The Board of Directors believes that the members of the HRCC collectively have the knowledge, experience and background required to fulfill their mandate.

Pursuant to its charter (which is available on the website of Bombardier at www.bombardier.com), the HRCC reviews, reports and, where appropriate, submits recommendations to the Board of Directors regarding the succession planning for the position of President and Chief Executive Officer of Bombardier and executives reporting to him, including NEOs. In addition, it ensures that the President and Chief Executive Officer has put in place and is monitoring succession planning systems and policies for senior executive positions. The internal process with respect to leadership development and management succession planning is described hereinabove in this Section.

The HRCC also reviews and recommends to the Board of Directors the appointment of the President and Chief Executive Officer and those executive officers reporting to him.

The HRCC reviews (i) occupational health and safety matters on a quarterly basis; and (ii) a 12-month consolidated Ethics and Compliance activity report on human resources issues and ensures that monitoring is in place regarding social issues such as employment equity, harassment and discrimination.

The HRCC reviews, assesses and approves a total executive compensation policy that takes into account, among other things, (i) base salary; (ii) short-term incentives; (iii) long-term incentives; and (iv) pension, benefits and perquisites, as well as the risks associated therewith. It reviews the design of equity-based compensation incentive plans and makes appropriate recommendations to the Board of Directors for its approval.

The HRCC also assesses the performance of the President and Chief Executive Officer against his objectives set at the beginning of each financial year and in light of such factors deemed appropriate and in the best interests of Bombardier, and submits its recommendations to the Board of Directors.

The HRCC is also responsible for compensation governance and in that respect, it (i) ensures, via the human resources key performance indicators, that appropriate human resource policies, procedures, practices and systems are in place to attract, motivate and retain the qualified personnel required to meet Bombardier's business objective; (ii) reviews all aspects of the executive stock ownership guidelines, including compliance therewith; (iii) reviews the compensation disclosure analysis in Bombardier's management information circulars; (iv) monitors compensation trends and emerging issues; and (v) selects and manages the HRCC's independent compensation consultants, qualifications and fees.

The Chairman of the Board of Directors, the President and Chief Executive Officer and the Vice President, Human Resources attend the meetings of the HRCC. They do not have the right to vote on any matter before the HRCC. They do not participate in discussions concerning their own compensation and are required to leave the meetings when appropriate.

Compensation advisors

The HRCC retained Meridian Compensation Partners ("Meridian") to act as its independent advisor. The executive compensation consulting services provided by Meridian during the financial year ended December 31, 2017 include attendance and presentations at HRCC meetings, conducting a benchmarking review of executive compensation, reviewing and providing advice on compensation related decisions and reporting on compensation trends and practices. The HRCC did not direct Meridian to perform its services in any particular manner. Ultimately, the decisions are taken by the HRCC and may reflect factors and considerations other than information and recommendations provided by Meridian.

During the financial year ended December 31, 2017, Meridian did not provide any other services to Bombardier or to any of its directors or members of management and the HRCC is satisfied with the independence of Meridian.

In addition, as part of the Corporation's regular practice, management's consultant, Mercer (Canada) Limited ("Mercer") conducted with management a comprehensive review of the Corporation's compensation program, policies and practices in 2017.

The table below summarizes the fees paid to Meridian, the independent compensation advisor retained in 2017 to assist the Board of Directors or the HRCC in determining compensation for directors or executive officers for services provided during each of the financial years ended on December 31, 2017 and December 31, 2016.

| Mandates and Fees | Financial Year Ended December 31, 2017 (\$) | Financial Year Ended December 31, 2016 (\$) |
|-------------------------------------|---|---|
| | Meridian | |
| Executive Compensation Related Fees | 62,400 ⁽¹⁾ | 84,000 ⁽¹⁾ |
| All Other Fees | 0 | 0 |
| Total Fees | 62,400 ⁽¹⁾ | 84,000 ⁽¹⁾ |

(1) Fees were converted from Canadian dollars to US dollars based on an average exchange rate of 0.7705 during the year ended December 31, 2017 and on an average exchange rate of 0.7549 during the year ended December 31, 2016.

– **Corporate Governance and Nominating Committee** It consists of four directors, all of whom are independent.

Carlos E. Represas is the Chair of the CGNC and Pierre Marcouiller, Vikram Pandit and Antony N. Tyler are the other members. Please refer to Section 3 of this Circular for the number of meetings held by the CGNC between January 1, 2017 and December 31, 2017 and the attendance records of its members.

The charter of the CGNC (which is available on the website of Bombardier at www.bombardier.com) provides that it has the responsibility to monitor the selection criteria for candidates as directors and the credentials of nominees for election or re-election as directors, the composition of the Board of Directors and its committees as well as their performance and the remuneration of the non-executive directors.

The CGNC also oversees the evolution of Bombardier's corporate governance practices and policies, including the Code of Ethics, to ensure that Bombardier continues to comply with high standards of corporate governance.

The Chairman of the Board of Directors and the President and Chief Executive Officer attend the meetings of the CGNC. They do not have the right to vote on any matter before the CGNC.

- **Finance and Risk Management Committee** It consists of four directors, all of whom are independent.

Martha Finn Brooks and August W. Henningsen are the Co-Chairs of the FRMC and Carlos E. Represas and Antony N. Tyler are the other members. Please refer to [Section 3](#) of this Circular for the number of meetings held by the FRMC between January 1, 2017 and December 31, 2017 and the attendance records of its members.

Pursuant to its charter (which is available on the website of Bombardier at www.bombardier.com), the FRMC reviews (i) Bombardier's material risks of a financial nature and the steps that management takes to monitor, control and manage these risks; and (ii) the adequacy of policies, procedures and controls designed by management to assess and manage these risks. It reviews and monitors, as the case may be, any significant or unusual transactions or projects related to Bombardier's ongoing activities, significant business opportunities, mergers, acquisitions, divestitures, significant asset sales or purchases or equity investments. It goes over various matters or activities related to or involving the financial situation of Bombardier such as, for example, its capital structure, its long-term debt repayment profile, its compliance with covenants under credit facilities, its customer financing activities and programs, its foreign exchange hedging policies, procedures and controls, or its insurance program coverage and related risks.

The FRMC periodically reviews the fulfillment of Bombardier's obligations under its various retirement plans and the investment of the assets of such plans. It also monitors periodically environmental matters.

The Chairman of the Board of Directors, the President and Chief Executive Officer and the Senior Vice President and Chief Financial Officer attend the meetings of the FRMC. They do not have the right to vote on any matter before the FRMC.

LEADERSHIP STRUCTURE

The Corporation determines the most suitable leadership structure from time to time. At present, the Board of Directors has chosen to separate the roles of President and Chief Executive Officer and Chairman of the Board of Directors. Maintaining separate positions for the Chairman of the Board of Directors and the President and Chief Executive Officer allows the Board of Directors to be more efficient in overseeing the Corporation's business and holding management accountable for the Corporation's activities.

Furthermore, the Board of Directors has appointed an independent Lead Director, considering that the Chairman of the Board of Directors, Pierre Beaudoin, is not an independent director. The Lead Director, Vikram Pandit chairs the meetings of the independent directors of Bombardier as further explained below.

MEETINGS OF THE INDEPENDENT DIRECTORS

A formal structure enables the Board of Directors to function independently of the management of Bombardier.

After each meeting of the Board of Directors, the directors who are not part of corporate management and/or the majority shareholder, namely the Bombardier family, consider whether to meet privately under the chairmanship of Vikram Pandit, in his capacity of Lead Director. The Lead Director transmits to the Chairman of the Board of Directors, Pierre Beaudoin, and/or the President and Chief Executive Officer, Alain Bellemare, as the case may be, any comments, questions or suggestions raised during such meetings.

Between January 1, 2017 and December 31, 2017, the independent directors held a private meeting after three of the four regular meetings of the Board of Directors as well as after the budget review.

MANDATES OF THE CHAIRMAN OF THE BOARD OF DIRECTORS, THE CHAIR OF EACH COMMITTEE AND THE PRESIDENT AND CHIEF EXECUTIVE OFFICER

The Board of Directors adopted formal mandates which set out specific responsibilities for each of the Chairman of the Board of Directors, the Chair of each committee and the President and Chief Executive Officer, as follows:

- **Mandate of the Chairman of the Board of Directors**

As Chairman of the Board of Directors, Pierre Beaudoin is responsible for ensuring that the Board of Directors carries out its responsibilities effectively and clearly, notably in supervising the management of Bombardier's business and affairs, in accordance with the mandate of the Board of Directors reproduced at "[Exhibit "A"](#)" to this Circular. His specific responsibilities include, among other things:

- managing the Board of Directors and setting the agenda in consultation with the President and Chief Executive Officer, Alain Bellemare;
- providing leadership to enhance Board of Directors effectiveness and ensuring that the Board of Directors works as a cohesive team;
- representing Bombardier in certain customer relations and conferences; and

- working with the CGNC to ensure Board of Directors quality and continuity by:
 - reviewing the performance of the Board of Directors, its committees and individual directors;
 - making sure the skills and competencies of individual directors are incremental to the Board of Directors as a whole; and
 - ensuring that the Board of Directors develops clear position descriptions for the Chairman and the chair of each Board of Directors' committee.
- **The mandate and responsibilities of the Chair of each committee are set out in the charter of each committee.**
- **Mandate of the President and Chief Executive Officer**

Alain Bellemare is responsible for the management and execution of Bombardier's strategic and operating plans. His specific responsibilities include, among other things:

 - executing the Board of Directors' resolutions and policies;
 - providing long-term strategic orientation in the form of a strategic plan and a business plan;
 - managing Bombardier's commercial and internal affairs by:
 - assuming responsibility for capital management and financial management;
 - implementing decisions with respect to acquisitions, divestitures, financings and similar activities, subject to prior approval of the Board of Directors;
 - ensuring that Bombardier has effective disclosure controls and procedures and internal controls in place; and
 - identifying, assessing and managing the risks involved in the course of business; and
 - representing Bombardier to external groups.

The corporate objectives which the President and Chief Executive Officer, Alain Bellemare, is responsible for meeting are determined pursuant to the operating plans and budgets approved each year by the Board of Directors; he is assessed against the achievement of the operating plans and the budgets and he may also be assessed, in part, in relation to specific objectives that have been fixed for him by the Board of Directors upon the recommendation of the HRCC.

At the beginning of each regular meeting of the Board of Directors, a private session is held involving only the President and Chief Executive Officer, Alain Bellemare, and the directors in order to allow them to review and discuss various topics of interest according to the then prevailing circumstances.

RECRUITMENT AND ELECTION OF DIRECTORS

The CGNC, composed of four independent members, has the responsibility of (i) annually reviewing the credentials of nominees for election or re-election as directors, (ii) monitoring the size and composition of the Board of Directors and its committees to ensure an effective decision-making process and (iii) submitting its recommendations to the Board of Directors. As a result of the most recent assessment of the performance of the Board of Directors by its members, the CGNC and the Board of Directors are of the view that its size and composition as well as the mix of talents, quality and skills are well suited to Bombardier's current circumstances and needs and allow for its efficient functioning as a decision-making body and promote sound governance.

In consultation with the Chairman of the Board of Directors, Pierre Beaudoin, the CGNC determines appropriate selection criteria, including any additional skill sets deemed to be beneficial, when considering Board of Directors candidates, by taking into account Bombardier's current circumstances and needs, whenever new directors have to be recruited.

Taking a strategic approach in connection with the Board of Directors succession process, the members of the CGNC focus their attention on (i) better assessing the skills, functional expertise and experience of the current directors; (ii) determining and anticipating the future needs of the Board of Directors based on the evolution of the business of the Corporation and its external environment; and (iii) identifying the most suitable candidates in order to be in a position to fill an opening on the Board of Directors, given the then prevailing and projected circumstances for the Corporation.

Pierre Beaudoin, in cooperation with the members of the CGNC, identifies potential candidates as directors. The members of the CGNC examine such candidacies and make appropriate recommendations to the Board of Directors. Prior to agreeing to join the Board of Directors, a candidate is fully informed of the workload and time commitment requirements.

MAJORITY VOTING POLICY WITH RESPECT TO THE ELECTION OF DIRECTORS

Bombardier has a majority voting policy with respect to the election of its directors. It stipulates that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of the votes cast in favour of

such election and withheld, the nominee would, as a result, submit his/her resignation promptly after the meeting, for the CGNC's consideration. The CGNC would then make a recommendation to the Board of Directors after reviewing the matter, and the Board of Directors' decision to accept or reject the resignation offer would be disclosed to the public through a press release. The nominee would not participate in any committee or Board of Directors deliberations on the resignation offer. The policy would not however apply in circumstances involving contested director elections.

DIVERSITY POLICY

In satisfying the Corporation's commitment to selecting the best persons to propose to shareholders as candidates for the Corporation's Board of Directors and to designate as members of management of the Corporation, the Board of Directors believes that diversity is important to ensure that the profiles of directors and members of management provide the necessary range of perspectives, experience and expertise required to achieve effective stewardship and management.

Accordingly, Bombardier has adopted a diversity policy which outlines its approach to achieving and maintaining diversity on its Board of Directors and in management positions, and in addition to gender, the Corporation will continue to strive for the appropriate balance of skills, experience, independence and knowledge of Bombardier and the industry as a whole. This includes requirements for the Board of Directors to establish measurable objectives for achieving diversity on the Board of Directors and in management positions, and for the appropriate Board of Directors committees to monitor the implementation of the policy, assess the effectiveness of the Board of Directors nomination process and the appointment process for management positions at achieving the objectives of the policy and to measure the Corporation's annual and cumulative progress made in achieving the objectives.

The CGNC and HRCC are responsible for monitoring the implementation and effectiveness of the diversity policy. As such, these committees assess on a periodic basis, (i) the mix of diversity, talents, quality and skills on the Board of Directors and in management positions; and (ii) progress made on diversity, including with regard to the achievement of measurable objectives and targets set pursuant to the diversity policy. The CGNC and HRCC then report their findings to the Board of Directors. For the financial year ended December 31, 2017, the situation improved slightly with regard to diversity in the percentage represented by women in management positions, increasing by 0.6%. Women currently comprise 26.7% of all directors and, assuming the election of the 14 proposed nominees at the Meeting, women will comprise 28.6% of all directors at the close of the Meeting.

Bombardier is a global company and wherever it operates, and across every part of its business, it strives to create a diverse and inclusive culture. Pursuant to its diversity policy, as originally implemented in 2015, Bombardier aspired towards (i) a Board of Directors composition in which women comprise at least 30% of all directors by January 1, 2018, and (ii) having at least 25% of management positions held by women by January 1, 2018, as relevant positions become vacant and appropriately-skilled candidates are available, as set out in the following table:

| Category | Objective Percentage | Financial Year Ended December 31, 2017 | | Financial Year Ended December 31, 2016 | |
|---|----------------------|--|----------------------|--|------------|
| | | Number | Percentage | Number | Percentage |
| Number of women in management positions | 25% | 762/3932 | 19.4% | 742/3937 | 18.8% |
| Number of women on the Board of Directors | 30% | 4/15 | 26.7% ⁽¹⁾ | 4/15 | 26.7% |

(1) Assuming the election of the 14 proposed nominees at the Meeting, women will comprise 28.6% of all directors at the close of the Meeting.

The achievement of the specific targets is influenced by a number of factors outside the Corporation's control, such as the frequency at which relevant positions become vacant and the availability of appropriately-skilled candidates, in light of Bombardier's current circumstances and needs. Although the targets set for January 1, 2018 were not achieved, progress has been made towards the achievement of these targets since the implementation of the policy, as the percentages representing the numbers of women in management positions and women on the Board of Directors have increased from 17.8% to 19.4%, and 20% to 28.6% (assuming the election of the 14 proposed nominees at the Meeting), respectively. The CGNC and HRCC will continue to monitor the implementation of the policy, with a view to achieving the objectives of the policy.

In consultation with the Chairman of the Board of Directors, the CGNC, composed entirely of independent directors, develops, reviews and monitors appropriate selection criteria for Board of Directors membership that strive to attain a diversity of competencies, gender, personal qualities, geographical representation, business background, cultural background, experience, overall expertise and financial competency, taking into account Bombardier's circumstances and needs.

In the process of searching for qualified Board of Directors candidates, the CGNC strives for the inclusion of diverse groups, knowledge, and viewpoints. In connection with its efforts to create and maintain a diverse Board of Directors, in identifying and nominating candidates for election or re-election to the Board of Directors, the CGNC:

- will seek to include diverse candidates in any director search. This process will take into account that qualified candidates may be found in a broad array of organizations, including privately held businesses, trade associations, in addition to the traditional candidate pool of corporate directors and officers, and from a variety of cultural and geographic backgrounds;
- periodically reviews Board of Directors recruitment and selection protocols to ensure that diversity remains a component of any director search; and
- in order to support the specific objective of gender diversity, considers the level of representation of women on the Board of Directors.

As a result of the most recent assessment of the performance of the Board of Directors by its members, the CGNC and the Board of Directors are of the view that its size and composition as well as the mix of talents, quality and skills, assuming the election of the proposed nominees at the Meeting, are well suited to Bombardier's current circumstances and needs and allow for its efficient functioning as a decision-making body and promote sound governance.

The HRCC, composed entirely of independent directors, has the mandate to oversee the succession planning for the President and Chief Executive Officer and a number of selected senior executive positions, with the appointment and promotion of other members of management being delegated to management. In compliance with the Corporation's diversity policy, in fulfilling its role, the HRCC and, where applicable, management:

- considers candidates that are qualified based on their experience, education, expertise, personal qualities and general and sector-specific knowledge;
- makes decisions on appointments and promotions on the basis of performance, skill and merit;
- reviews potential candidates from a variety of cultural and geographic backgrounds and perspectives, with the Corporation's diversity objectives in mind including, without limiting the generality of the foregoing, the specific objective of gender diversity; and
- considers the level of representation of women in executive officer positions when making executive officer appointments.

Pursuant to its mandate, the HRCC also ensures that appropriate hiring policies, competency profiles, training policies and compensation structures, including retirement benefits, are in place so that Bombardier can attract, motivate and retain the qualified personnel required to meet its business objectives. All internal and external training opportunities are based on merit and in light of the Corporation's and individual needs. In addition, pursuant to its mandate, the HRCC ensures that monitoring is in place regarding social issues such as employment equity, harassment and discrimination, and reviews a 12-month consolidated Ethics and Compliance activity report on human resources issues.

The Corporation's commitment to diversity is further reflected in the Code of Ethics pursuant to which Bombardier shall offer equal employment opportunities without regard to any distinctions based on age, gender, sexual orientation, disability, race, religion, citizenship, marital status, family situation, country of origin or other factors, in accordance with the laws and regulations of each country where it does business.

RETIREMENT AGE POLICY/TERM LIMITS FOR DIRECTORS

The Board of Directors does not limit the time a director can serve. While term limits can help ensure the Board of Directors gains a fresh perspective, imposing such a restriction would deprive the Board of Directors from the contributions of longer serving directors who have developed a deeper knowledge and understanding of Bombardier over time. The Board of Directors does not believe that long tenure impairs a director's ability to act independently of management.

Under the retirement age policy for the directors of the Corporation, any director who turns 72 years of age prior to the next annual shareholders meeting has to submit his/her resignation by the February Board of Directors meeting of the same year to the Chairman of the Board of Directors, Pierre Beaudoin, and the members of the CGNC. They then evaluate whether to accept this resignation depending on the needs of the Board of Directors and circumstances of Bombardier at that time. If the resignation is not accepted, each subsequent year, it will again be evaluated. If accepted, however, the resignation will become effective the day before the annual meeting of shareholders.

Although Jean-Louis Fontaine, J. R. André Bombardier and Carlos E. Represas have attained the prescribed retirement age, the Board, upon the recommendation of the CGNC for Messrs. Fontaine, Bombardier, and upon the recommendation of the Chairman of the Board of Directors for Mr. Represas, has deemed it appropriate to propose to the shareholders of Bombardier to re-elect Messrs. Fontaine, Bombardier and Represas as directors of the Corporation at the Meeting, in order to achieve the appropriate balance between continuity and experience on the Board, on the one hand, and Board renewal, on the other hand, in light of Bombardier's current circumstances and needs. As part of their assessment of the Board as it relates to its renewal, the CGNC and the Chairman of the Board of Directors took into consideration the fact that four of the 14 nominees proposed for election as directors at the Meeting were initially appointed to serve as directors of Bombardier during the most recently completed financial year.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

The CGNC has the responsibility to review periodically the compensation of the directors, in light of both market conditions and practices as well as their risks and responsibilities. It reviews the types of compensation and the amounts paid to directors of publicly traded companies in Canada and the United States that have international operations comparable in size and complexity to Bombardier, and makes appropriate recommendations to the Board of Directors. Any such review covers the directors (excluding however those who are executives of the Corporation) as well as the committee members and Chairs.

The CGNC also reviews periodically director share ownership guidelines.

The compensation received by the directors between January 1, 2017 and December 31, 2017 is disclosed in [Section 3](#) of this Circular.

As explained in this Section of the Circular, the HRCC is responsible for reviewing, assessing and approving a total executive compensation policy and reviewing the design of equity-based plans. The compensation received by the NEOs between January 1, 2017 and December 31, 2017 is disclosed in [Section 5](#) of this Circular.

ASSESSMENT OF THE DIRECTORS

Each year, the members of the CGNC conduct an evaluation of the performance and effectiveness of the Board of Directors and its Committees. Every first and second year, the Senior Vice President, General Counsel and Corporate Secretary interviews each director in order to obtain his/her comments or recommendations about the performance of (a) the Board of Directors or (b) as the case may be, each committee on which he/she sits. In addition, every third year, each director is asked to complete a detailed questionnaire submitted by the Senior Vice President, General Counsel and Corporate Secretary to assess the performance of (a) the Board of Directors and (b) as the case may be, each committee on which he/she sits. A summary of the results of each evaluation is submitted to the review of the CGNC and the Chairman of the Board of Directors.

Independent directors also meet periodically with both the Chairman of the Board of Directors and the Chairman of the CGNC to discuss their respective performance and any matter or issue they wish.

The CGNC periodically assesses, with the Chairman of the Board of Directors, the operation and strategic direction of the Board of Directors and its committees, their respective size, composition and structure, the performance of the directors both as a group as well as individually, the adequacy of information given to the directors, the communication between the Board of Directors and management and the processes related to the Board of Directors and its committees. The CGNC presents its findings and conclusions to the Board of Directors. The directors and members of each committee also receive a summary of the results of their respective evaluations for their review.

The annual assessment of the performance of the Board of Directors and its four committees also provides an opportunity to periodically review, and if deemed appropriate, revise their respective mandates.

ORIENTATION AND CONTINUING PROGRAMS

- **Orientation programs for new directors** Bombardier has an orientation program for new directors, which enables them to participate in an initial information session on the Corporation in the presence of some of its executives to learn about, among other matters, its business, financial situation and strategic planning.

In addition, new directors are furnished with appropriate documentation, including a director's manual, providing them with information about, among other matters, the corporate governance practices of Bombardier, the structure of the Board of Directors and its committees, its history, its current commercial activities, its corporate organization, the charters of the Board of Directors and its committees setting forth their respective roles and responsibilities, Bombardier's restated articles of incorporation and by-laws, the Code of Ethics and relevant corporate policies.

The meetings in which new directors participate (including the annual sessions for the review of the strategic orientation, operating plans and budgets) as well as discussions with other directors and with Bombardier's executives also permit new directors to familiarize themselves rapidly with Bombardier's operations.

- **Continuing education program for directors** Bombardier encourages its directors to pursue continuing education activities which could provide them with information as to the best practices associated with boards and committees and as to emerging trends that may be relevant to their role as directors.

In addition, Bombardier's corporate management periodically makes presentations to the directors on various topics, trends and issues related to Bombardier's activities during the meetings of the Board of Directors or its committees, as the case may be, which helps the directors to constantly improve their knowledge about Bombardier and its businesses.

Visits to Bombardier's various facilities are also arranged, from time to time, for the Board of Directors, and individual visits on request.

SECTION 5 : REMUNERATION OF THE EXECUTIVE OFFICERS OF BOMBARDIER

EXECUTIVE SUMMARY

OUR EXECUTIVE COMPENSATION PHILOSOPHY AND PRINCIPLES

One of the most important responsibilities of the HRCC is to ensure that Bombardier attracts, retains and appropriately incentivizes the very best executive leadership team. Our executive compensation program plays a key role in meeting this responsibility. In setting our compensation structure and levels, we are guided by a number of fundamental principles, including:

- **Recognizing that Bombardier competes for the best executive talent globally.** Bombardier is a \$16B revenue company¹ that conducts business in more than 70 countries around the world. Competition in our rail and aerospace businesses is fierce and the playing field is rarely level. To succeed, Bombardier needs proactive and disciplined leaders who are capable of recognizing and responding to rapidly changing market conditions while engaging a global workforce of more than 69,000 people to drive continuous improvement. This is a unique skill set and the pool of qualified candidates is limited, which means we compete for the best executive leadership talent globally.
- **Market-based compensation is critical to attracting and retaining the best leaders around the globe.** To succeed in a complex and highly competitive environment, our compensation packages must be market-based. To ensure this goal is achieved the HRCC, with the assistance of independent compensation advisors, conducts extensive benchmarking against other global companies of comparable size and complexity. These benchmarking practices, which are described in detail below, are designed to ensure that total executive compensation is in-line with that of our competitors in relevant and comparable markets.
- **Executive pay is aligned with performance that creates shareholder value.** The vast majority of Bombardier's executive compensation - more than 80% in the case of our most senior executives - is not guaranteed. Rather, it is linked to Bombardier achieving pre-established financial targets. These targets, described in detail below, are closely aligned with the Corporation's Turnaround Plan and the creation of long-term shareholder value. This incentive based compensation structure conforms to industry best-practices, and is designed to motivate executives to achieve and surpass key performance goals which are expected to drive shareholder value over the long term.

The following Compensation Discussion and Analysis will explain how these principles were applied in setting 2017 executive compensation at Bombardier.

KEY 2017 ACHIEVEMENTS

In 2017, the Bombardier leadership team delivered high quality financial results that exceeded our performance targets and significantly advanced our Turnaround Plan. We completed 2017 with our operational and structural transformation in full motion across all our business segments. Some of the notable achievements across Bombardier in 2017 include:

SIGNIFICANT 2017 ACCOMPLISHMENTS

- **Establishing a strong foundation for future growth in our rail business.** Actions taken in 2017 include significant progress in creating sales, engineering and manufacturing centers of excellence across our Transportation segment. Two-thirds of the transformation initiatives were completed by year end at Transportation. Notably, we grew the size and quality of Transportation's backlog by 14% in 2017, to \$34.4 billion as of December 31, 2017, fueled by a book-to-bill ratio² above 1.0 for the fourth consecutive year. As a result of our transformation efforts, Bombardier's rail business benefits from a more efficient and optimized footprint, a strong backlog and a world-class portfolio of rolling stock, signaling and services solutions.
- **Successfully executing on the *Global 7000* development and certification program.** The *Global 7000* aircraft continues to perform extremely well and to exhibit a high level of reliability, and is on schedule to enter service in the second half of 2018. The program is moving closer to certification as flight testing of the *Global 7000* has proceeded exceptionally well, with all five flight test vehicles in operation surpassing 1,600 flight hours as at February 28, 2018.
- **Entering into a value-creation strategic partnership with Airbus on the *C Series*.** The global scale, strong customer relationships and operational expertise Airbus is to bring to the partnership are expected to be key to unleashing the full value of the *C Series* program.³ Customer response to the proposed partnership has been overwhelmingly positive. Integration planning is going extremely well, and we are conducting planning for the operation of the U.S. final assembly line in Mobile, Alabama and working on other integration streams, consistent with antitrust law.
- **Inventory investments to support deliveries of trains and planes.** In 2017, we made investments in our inventory to support major project ramp-ups in Transportation, to launch the production of the *Global 7000* aircraft, and to continue ramping up the *C Series* aircraft production line.

¹ Based on consolidated revenues for the financial year ended December 31, 2017.

² Ratio of new orders over revenues.

³ The transaction remains subject to regulatory approvals, as well as other conditions usual in this type of transaction. There are no guarantees that the transaction will be completed and that the conditions to which it is subject would be met.

In 2017, we delivered high quality results exceeding our guidance.

2017 FINANCIAL HIGHLIGHTS

- **Consolidated revenues for the year were \$16.2 billion**, in line with our guidance and stable year-over-year. Underlying this performance, is a 24% revenue acceleration in the Transportation segment in the second half of the year compared to last year, as we positioned the business for an intense delivery phase.
- **Year-over-year EBIT before special items⁴ grew by 57%** or \$245 million, exceeding the mid-point of our original guidance by 15%, while EBIT grew by \$304 million.
- **The benefits of our operational transformation can be seen in strong margin expansion.** Strong performance was delivered in every business segment, surpassing guidance. EBIT margin before special items⁵ exceeded 8% across the Transportation, Business Aircraft, and Aerostructures and Engineering Services segments, above guidance in each case, while EBIT margin was 4.9%, 7.9% and 9.6%, respectively.
- **We surpassed our free cash flow guidance.** Free cash flow usage⁶ for 2017 was \$786 million, better than latest guidance by over \$200 million, exceeding the mid-point of the original guidance by 10%, while cash flows from operating activities was \$531 million. It should be noted that this performance was achieved notwithstanding the challenges associated with *C Series* engine delivery delays. Bombardier generated \$872 million in free-cash-flow usage⁷ and \$1,237 million in cash flows from operating activities in the fourth quarter, allowing it to finish the year in a strong cash position with \$3.1 billion in cash on hand.
- **We successfully refinanced our 2019 maturity bonds.** In addition to executing on our growth programs and initiatives, we successfully refinanced our 2019 maturity bonds and raised \$365 million of additional liquidity by issuing \$1 billion aggregate principal amount of new 7.50% Senior Notes due December 1, 2024. As a result of our liquidity management measures, Bombardier has no debt maturities due before 2020.

PERFORMANCE MEASURES

The HRCC, which is composed entirely of independent directors, selected EBIT before special items⁸ and FCF⁹ as performance measures for both the short- and long-term incentive plans because these measures are critical to advancing the Turnaround Plan. For purposes of the long-term incentive plans, EBIT before special items and FCF measures are assessed over a three-year performance period to emphasize the ultimate objective of further shareholder value creation.

Although measures such as total shareholder return (TSR) and return on equity are well-aligned with shareholders' long-term interests and may be appropriate in a "business-as-usual" context, the HRCC believes, for the time being, they are not the most suitable measures for the turnaround where Bombardier's first priority is to tightly manage cash flow while seeking to achieve sustainable profitable growth. TSR does not provide a direct linkage with the operational goals underlying the Turnaround Plan, which are management's core focus. The boxes below explain why the HRCC believes EBIT before special items and FCF are the most appropriate performance measures for Bombardier's short- and long-term incentive plans at

⁴ EBIT before special items is a Non-GAAP financial measure. Refer to the Non-GAAP financial measures section for a definition of this metric. Also refer to the Reconciliation of EBIT before special items to EBIT under GAAP table in the Non-GAAP financial measures section for a reconciliation to the most comparable IFRS measure.

⁵ EBIT margin before special items is a Non-GAAP financial measure. Refer to the Non-GAAP financial measures section for a definition of this metric. Also refer to the Reconciliation of EBIT before special items to EBIT under GAAP table in the Non-GAAP financial measures section for a reconciliation to the most comparable IFRS measure.

⁶ Free cash flow usage is a Non-GAAP financial measure. Refer to the Non-GAAP financial measures section for a definition of this metric. Also refer to the Reconciliation of Cash flows from operating activities to Free cash flow usage table in the Non-GAAP financial measures section for a reconciliation to the most comparable IFRS measure.

⁷ See footnote 6 above.

⁸ As used in this Circular, EBIT before special items means Earnings Before Financing Expense, Financing Income and Income Taxes, before special items. EBIT before special items is a Non-GAAP financial measure. Refer to the Non-GAAP financial measures section for a definition of this metric. Also refer to the Reconciliation of EBIT before special items to EBIT under GAAP table in the Non-GAAP financial measures section for a reconciliation to the most comparable IFRS measure.

⁹ As used in this Circular, FCF means (i) for Bombardier Inc., cash flows from operating activities less net additions to property, plant and equipment and intangible assets, and (ii) for business segments, cash flows from operating activities less net additions to property, plant and equipment and intangible assets, excluding cash paid and received for interest and income taxes, as per the consolidated statements of cash flows. FCF is a Non-GAAP financial measure. Refer to the Reconciliation of Cash flows from operating activities to Free cash flow usage table in the Non-GAAP financial measures section for a reconciliation to the most comparable IFRS measure.

the present time. The establishment of these objectives ensures momentum and clear focus towards the solid execution of the Turnaround Plan, while allowing the Board of Directors to clearly follow the progress of the transformation phase.

WHY EBIT?

EBIT before special items is an important metric during Bombardier's Turnaround Plan because it measures the earning power from ordinary operations, excluding interest and tax. EBIT before special items has been chosen as a measure for both the short- and long-term incentive plans because it measures the success of the Corporation in growing profitably (so that all growth creates value) and managing costs, which are critical to the Corporation's turnaround strategy. The HRCC believes that in a turnaround situation, return measures are less useful, because a focus on pure profitability ensures a disciplined approach, and that growth achieved will drive shareholder value.

WHY FCF?

FCF is a key metric for both short- and long-term performance because it measures Bombardier's ability to generate internal growth and deleverage the balance sheet (Phase 3 of the Turnaround Plan). FCF measures the Corporation's capital allocation process, including working capital management and investments in research and development. The HRCC believes that in a turnaround situation, cash is the single most important measure of corporate stability and performance.

In 2017, we delivered financial performance that exceeded both the consolidated EBIT before special items and FCF short-term incentive targets, which targets were generally in line with the mid-point of the financial guidance range. At the business unit level, we achieved between 83% and 179% of the respective targets.

| BOMBARDIER INC. PERFORMANCE AGAINST SHORT-TERM INCENTIVE PLAN TARGETS | | | |
|---|---------------------|---------------------|------------------------------------|
| Key Performance Measure | Target (\$ million) | Actual (\$ million) | Short-Term Incentive Payout Factor |
| EBIT before special items | 580 | 672 | 134% |
| FCF | (845) | (786) | |

The performance factors are not linear. They are designed to provide incentives to exceed pre-established targets.

EXECUTIVE COMPENSATION HIGHLIGHTS

Our philosophy is to align executive compensation with performance, and to reward superior accomplishments with higher compensation through performance-based short-term and long-term incentives.

Reflecting the strong performance of Bombardier in 2017, total compensation of our five most senior executives increased by 12% in aggregate as compared with total compensation in 2016. At constant foreign exchange rates relative to 2016 (certain executives are paid in Canadian dollars and Euros), the increase in aggregate compensation would have been 10%. The increase is largely driven by the over-performance relative to short-term EBIT before special items and FCF targets (as shown above), while base salary and long-term incentives were relatively stable before taking into account the impact of changes in foreign exchange rates.

The increase in total compensation of our five most senior executives, when also adding the total compensation of Pierre Beaudoin, is lower at 7% in aggregate in 2017 as compared with the total compensation in 2016 when Pierre Beaudoin was included as a NEO. Please also see the performance graphs on page 55 of this Circular, which show a greater increase in Bombardier's cumulative total shareholder return (TSR) over the two most recently completed financial years, corresponding with the beginning of the Turnaround Plan, than the increase in total compensation earned by the NEOs over the same period.

PAY FOR PERFORMANCE

To reward the executive team for achieving milestones in our Turnaround Plan, a significant portion of each executive's pay is linked to meeting EBIT before special items and FCF targets aligned with the short- and long-term goals of the Corporation. The following charts show that over 80% of 2017 target total direct compensation is at risk for the President and Chief Executive Officer and for the other NEOs of the Corporation (on average).

POSITIONED FOR SUCCESS

Under Alain Bellemare's leadership, Bombardier is making great progress executing its Turnaround Plan. The operational transformation is in full motion; growth programs and initiatives are on track; the heavy investment cycle is coming to an end; and the proactive and strategic actions the Corporation has taken demonstrate the team's ability to perform through adversity and in challenging markets.

As we near the midpoint of our Turnaround Plan, we have established a strong foundation for future growth and have a clear path forward to achieving our 2020 goals and fully unlocking the value of the Bombardier portfolio.

EXECUTIVE PAY PROGRAM

NAMED EXECUTIVE OFFICERS

This Compensation Discussion and Analysis describes the 2017 compensation of Bombardier's named executive officers (NEOs), who are:

| Name | Position | Date of Hire |
|-------------------------|---|-------------------|
| Alain Bellemare | President and Chief Executive Officer | February 13, 2015 |
| John Di Bert | Senior Vice President and Chief Financial Officer | August 10, 2015 |
| David Coleal | President, Business Aircraft | June 1, 2015 |
| Frederick (Fred) Cromer | President, Commercial Aircraft | April 9, 2015 |
| Laurent Troger | President, Transportation ⁽¹⁾ | November 1, 2004 |

(1) Laurent Troger is President, Transportation since December 9, 2015

COMPENSATION OBJECTIVES

Bombardier's executive compensation program is designed to support the Corporation's Turnaround Plan in the short term and to increase shareholder value over the long term by:

- Attracting and retaining high-performing executives in the global labour market of the aerospace and transportation industries through compensation that is both market competitive and tailored to a company in a turnaround situation
- Motivating and rewarding executives for meeting and exceeding financial and operational goals that support the Turnaround Plan and drive shareholder value
- Considering each executive's individual performance in contributing to the key Turnaround Plan milestones of de-risking the business, building earnings and cash flow, deleveraging the balance sheet, and maximizing the overall long-term performance of the Corporation

COMPENSATION ELEMENTS OVERVIEW

The table below shows the key elements of compensation, their respective form and, where applicable, the performance period:

| 2017 COMPENSATION ELEMENTS | | | | |
|-----------------------------------|---|---|--|--|
| Term | Base Salary | Short-Term Incentives | Long-Term Incentives | |
| | | | Performance Share Units (PSUs) | Stock Options |
| | 1 year | 1 year | 3 years | 7 years |
| Purpose | Provide fixed level of compensation based on market benchmarking results | Reward individual performance, core competencies and behaviours based on achievement and surpassing of key financial performance measures | Reward creation of longer-term shareholder value and achieving specific performance objectives | Further link the interests of executives to those of shareholders by rewarding executives for creating shareholder value |
| Criteria | Individual performance, responsibilities, experience, skills, and overall potential to influence the future success of Bombardier | Individual performance, core competencies and behaviours in light of achievement of financial key performance measures (EBIT before special items and FCF) | EBIT before special items and FCF | Value only if the price of Class B subordinate voting shares increases above the option's exercise price |
| Payment / Vesting | Paid during 2017 | Paid in 2018 based on performance achieved in 2017 | Paid in 2020, only if performance goals are achieved ⁽¹⁾ | Exercisable in 2020 or later (vest after three years) ⁽¹⁾ |
| Policy Alignment with Peer Groups | Targeting median base salary offered in the applicable Peer Group, while allowing for compensation above the median to recognize an executive's exceptional and sustained contribution to the Corporation's success | Targeting median short-term incentives of the applicable Peer Group when performance objectives are met as adjusted based on individual performance, or above the median to recognize exceptional performance | Targeting median total compensation of the applicable Peer Group when performance objectives are met, or above the median to recognize exceptional performance | Targeting median total compensation of the applicable Peer Group when share price increases |

(1) To be more aligned with the Turnaround Plan, 2016 PSU payout has been delayed to 2020, and the NEOs committed to defer to 2020 the exercise of stock options granted to them in 2016, even though they will be fully vested and would otherwise be exercisable in 2019.

SAY ON PAY

As a best practice, Bombardier voluntarily adopted a say-on-pay policy in 2011 that gives shareholders an annual vote on the executive compensation program as disclosed in the annual proxy circular. At the 2017 Annual General Meeting, 94% of votes cast on the annual advisory vote were in favour of the executive compensation program.

These results demonstrate strong shareholder support for our pay program. In addition, in 2017, members of our management team engaged shareholders and their representatives to better understand their views about our compensation policies and practices, which included:

- Discussions with major institutional shareholders
- Dialogues with proxy advisory firms
- Investor road shows and conferences

The Corporation and the HRCC appreciate the input from shareholders and consider the feedback in making compensation decisions, including those in the following table:

COMPENSATION PROGRAM CHANGES

| OBJECTIVE | ACTION |
|---|--|
| Provide greater alignment to corporate long-term strategy by adopting a longer time horizon for long-term incentive awards | Delayed 2016 LTI payout to 2020 |
| Increase disclosure of incentive plan measures and targets | Provided enhanced disclosure in a new table shown on page 46 illustrating Bombardier's performance against the pre-established measures and targets and on the decision-making process for short- and long-term incentive awards |
| Target the median (50 th percentile) of the relevant market for similar roles at comparable companies with an increased pay opportunity for superior performance | Held NEO base salaries at their December 31, 2016 levels in local currency (except for the CFO), adjusted short-term incentive targets up from 90% to 100% of base salary for NEOs, other than the CEO |
| Provide better insight into the HRCC decision-making process | Enhanced disclosure and established clearer linkage between financial and operational achievements and compensation decisions |
| Provide further explanation of application of discretion | Enhanced disclosure of decision-making process as described in "Pay Policies and Practices" of this Section and on pages 45 to 49 |
| Explain selection of incentive plan performance measures (EBIT before special items and FCF) | Provided detailed rationale in the Executive Summary of this Section on page 40 |

COMMITTEE STRUCTURE

The structure of the various Committees of the Board of Directors facilitates assessment of the risks associated with compensation policies and practices. Overlapping memberships noted in the table below provide additional insight into, and in-depth understanding of, the Corporation's business risks and allow the HRCC to access the necessary information to consider the impact of business risks on compensation policies and practices.

PAY POLICIES AND PRACTICES

The table below highlights Bombardier's pay and governance policies and best practices:

| COMPENSATION AND GOVERNANCE POLICIES AND PRACTICES | |
|---|---|
| What We Do | What We Don't Do |
| <ul style="list-style-type: none"> • Link executive pay to company performance through our short- and long-term incentive plans, including PSUs • Balance among short- and long-term incentives, cash and equity and fixed and variable pay • Target executive compensation at the median of the relevant peer group companies • Set stock ownership guidelines for executives • Maintain a compensation clawback policy to recapture unearned incentive pay • Retain an independent compensation consultant for the HRCC • Look for best global talent • Ensure that no aspect of the pay policies or practices poses material adverse risk to the Corporation • Provide shareholders an annual Say-on-Pay vote | <ul style="list-style-type: none"> • No change-in-control provisions • No hedging by executives or directors of equity holdings • No repricing of underwater stock options |

The Board of Directors or HRCC, as applicable, sets short-term and long-term incentives key performance measures and targets with the objective of offering payout opportunities that align with Bombardier as a whole, its business segments and individual executive performance. The Board of Directors and HRCC retain the authority, in their sole discretion, to make adjustments to key performance measures and targets, and the measurement of results, if it is determined that performance relative to pre-established targets does not accurately reflect the overall quality of the performance year or if there are material, unforeseen business conditions, circumstances, and events beyond management's control that have an effect on financial performance relative to the established targets or certain non-recurring charges or credits unrelated to measured performance.

PEER GROUP BENCHMARKING

Each NEO's total direct compensation is targeted at the median (50th percentile) of the relevant market for similar roles at comparable companies. An increased pay opportunity is available for superior performance. In addition, internal factors such as the scope of the role, experience, and performance of the executive are considered in setting compensation.

| FACTORS CONSIDERED IN SELECTING PEER GROUPS | |
|--|---|
| <ul style="list-style-type: none"> • Industry • Size based on annual revenues • Ownership structure (public or private) • Country of head office or a major subsidiary | <ul style="list-style-type: none"> • Complexity of operations • Number of employees • Competitors for talent |

The peer groups were approved by the HRCC following the recommendation of its independent consultant. Bombardier's peer groups include companies outside Canada to more accurately reflect the following attributes of the Corporation's business:

| ATTRIBUTES OF THE CORPORATION'S BUSINESS | | |
|---|---|---|
| Complex Business Model | Global Competition in Aerospace and Transportation Industries | Global Competition for Key Executive Talent |
| <ul style="list-style-type: none"> • Multiple manufacturing sectors and geographic locations • Technical field/advanced technologies • Highly regulated industries | <ul style="list-style-type: none"> • Global customer base • Complex supply chains | <ul style="list-style-type: none"> • Limited talent pool with high labour mobility for executive |

The HRCC believes that it is critical to look at a global peer group for Bombardier’s executives, rather than a peer group of Canadian companies because of the lack of size and industry-appropriate peers (e.g., other aircraft and train manufacturers), the global market for talent (Bombardier’s executive team includes many non-Canadians), and Bombardier’s global operational structure (multiple manufacturing sites, complex supply chains).

PEER GROUPS

The peer group for Bombardier’s North American executive positions is composed of global companies, including several in the aerospace and transportation manufacturing sectors (see table below):

| COMPARATOR GROUP FOR ALAIN BELLEMARE, JOHN DI BERT, DAVID COLEAL AND FRED CROMER | | | |
|--|---|---|--|
| 3M Company The Boeing Company Caterpillar Inc. Cummins Inc. Deere & Company Eaton Corporation Emerson Electric Co. | Ford Motor Company General Dynamics Corp. General Electric Company Honeywell International Inc. Illinois Tool Works Inc. ITT Corporation | Johnson Controls, Inc. L-3 Communications Corp. Lockheed Martin Corp. Northrop Grumman Corp. Paccar Inc. Parker Hannifin Corp. | Raytheon Company Rockwell Automation Inc. Rockwell Collins Inc. Textron Inc. The Timken Company United Technologies Corp. |

The peer group for the President of Transportation, which is headquartered in Europe, focuses on European and global companies primarily in the rail equipment and transportation sectors, as well as other global companies with which Bombardier competes for talent (see table below):

| COMPARATOR GROUP FOR LAURENT TROGER | | | |
|---|---|---|---|
| Airbus Alcatel-Lucent Alcoa BASF Bilfinger Berger BMW BorgWarner Continental Daimler Deere & Company | Demag-Cranes Deutsche Telekom Deutz Eaton Corp. Elring-Klinger Grammer Heidelberger Druckmaschinen Henkel KGaA Infineon | Kion Group Kuka Leoni Linde AG Man SE Merck Parker Hannifin Opel Rheinmetall | Robert Bosch Salzgitter Schaeffler Schneider Electric Siemens Terex ThyssenKrupp Tognum Volkswagen |

Each of the peer groups for Bombardier’s North American executive positions and Laurent Troger is referred to as a Peer Group in this Circular.

COMPENSATION ELEMENTS

BASE SALARY

Each NEO’s base salary is targeted at the market median based on benchmarking results for positions of similar responsibility at the applicable Peer Group. Salaries may be adjusted to reflect the NEO’s responsibilities, experience, skills, and overall potential to influence the future success of Bombardier. Salary increases are based on a review of individual performance, including key leadership competencies, quality of management, and business segment results.

Salary rates for the financial year ended December 31, 2017 in local currency remained at December 31, 2016 levels except for the Chief Financial Officer, John Di Bert, who received a salary increase of 14% to bring him more in line with the median of the market and internal peer pay levels at Bombardier.

SHORT-TERM INCENTIVE PLAN

The NEOs participate in Short-Term Incentive (STI) plan designed for each business segment and Bombardier Inc. The plan is designed to motivate them to achieve and surpass the key performance goals approved by the Board of Directors and to provide outstanding individual performance and contribution.

For each business segment, short-term incentive target levels are established based on market benchmarks, expressed as a percentage of base salary for each NEO. The Board of Directors or HRCC, as applicable, sets key performance measures and targets with the objective of offering payout opportunities that align with the performance of Bombardier as a whole, that of its business segments, and individual executive performance. Following the end of the year, each NEO’s target short-term incentive is multiplied by the percentage of achievement of the applicable financial performance measures, and individual payouts are ultimately adjusted based on a discretionary assessment of individual performance as it relates to the applicable business segment and corporate goals.

The minimum threshold level of achievement of pre-established key financial performance measures under the STI plan is 60%. If a key financial performance measure is not met at a level of at least 60%, the payout for that performance measure is zero, and if a financial performance measure is met at target, the payout for that performance measure will be 100%. The maximum payout for superior performance is 200% of target. The performance factors are interpolated between levels.

The HRCC approved the key performance measures listed below, their respective quantitative targets for the STI plan for the financial year ended December 31, 2017, and the relative weighting for each business segment.

| KEY PERFORMANCE MEASURE | WEIGHTING | BOMBARDIER INC. | BUSINESS SEGMENTS |
|---------------------------|-----------|----------------------|----------------------------------|
| EBIT before special items | 50% | 100% Bombardier Inc. | 100% Applicable business segment |
| FCF | 50% | 100% Bombardier Inc. | 100% Applicable business segment |

The graphic below illustrates the process of determining individual payouts.

The financial results factor used for purposes of the formula is the combined percentage of achievement of the key performance measures, with a relative weighting of 50% for each of EBIT before special items and FCF.

The table below sets forth the target and actual Bombardier Inc. performance for the financial year ended December 31, 2017, against the pre-established EBIT before special items and FCF targets used in the process of determining individual payouts:

| BOMBARDIER INC. PERFORMANCE AGAINST TARGETS | | | | | |
|---|---------------------|---------------------|-------------|-----------|--------------------------|
| KEY PERFORMANCE MEASURE | TARGET (\$ million) | ACTUAL (\$ million) | ACHIEVEMENT | WEIGHTING | FINANCIAL RESULTS FACTOR |
| EBIT before special items | 580 | 672 | 152% | 50% | 134% |
| FCF | (845) | (786) | 115% | 50% | |

The performance factors are not linear. They are designed to provide incentives to exceed pre-established targets.

Business segment financial result factors ranged from 83% to 179%. Actual business segment targets and results are not disclosed because they contain highly sensitive commercial data, as well as key strategic information. Public disclosure would give competitors information about levels of earnings and cash flow of our business segments and would seriously prejudice Bombardier's interests and weaken its ability to compete in its industries.

Past performance with respect to these targets indicates that the incentive plan goals have been challenging since actual results have been below target several times in recent years. However, past results should not be construed to predict future performance. Performance targets are set at a challenging and ambitious level and are attainable with significant management effort and disciplined execution provided that the operating plans are substantially complied with and achieved by management. STI payouts in the past five years as a percentage of target payouts show how Bombardier Inc.'s STI plan has performed with respect to similar goals in the past (with STI payouts in 2013, 2014, 2015, 2016 and 2017 having been 65%, 42%, 56%, 98% and 134% of target, respectively).

Once the year is completed, the HRCC and Board of Directors assess the individual performance of the President and Chief Executive Officer. In addition, the President and Chief Executive Officer assesses the individual performance of the other NEOs and recommends the individual performance factors to the Board of Directors and HRCC for review and approval. Taking into account all the information provided, including the recommendations of the President and Chief Executive Officer, the HRCC makes an informed judgment and recommends for Board of Directors approval the individual performance factor for each of the NEOs.

For the financial year ended December 31, 2017, individual performance was assessed based on each NEO's contribution to the advancement and execution of the Turnaround Plan, which is management's core focus at the present time.

In 2017, the Bombardier leadership team delivered high quality financial results that exceeded our performance targets and significantly advanced our Turnaround Plan. We completed 2017 with our operational and structural transformation in full

motion across all our business segments. The table below summarizes the individual achievements of each NEO which were considered by the Board of Directors and HRCC in their discretionary assessment of individual performance in 2017:

| NEO | INDIVIDUAL ACHIEVEMENTS |
|---|---|
| <p>Alain Bellemare President and Chief Executive Officer</p> | <p>Alain Bellemare is leading the transformation of the world's leading manufacturer of both planes and trains, and led the executive team in its solid execution of the Turnaround Plan in 2017. He demonstrated leadership and significantly advanced the evolution of Bombardier's strategy and execution of the Turnaround Plan through the following achievements:</p> <ul style="list-style-type: none"> • Provided leadership in ensuring a strategy of focused execution towards 2020 financial goals and ensured its alignment with key performance measures that provide a direct linkage with the operational goals underlying the Turnaround Plan. • Implemented transformation initiatives that helped establish a track record of improving financial performance while management's proactive and disciplined approach helped reach key program milestones. • Provided leadership for significant improvement in financial performance resulting in the delivery of high quality financial results that exceeded both the consolidated EBIT before special items and FCF targets, which targets represented in each case at least the mid-point of the financial guidance range. • Delivered strong performance in every business segment, surpassing guidance. EBIT margin before special items¹⁰ exceeded 8% across Transportation, Business Aircraft, and Aerostructures and Engineering Services segments, above guidance in each case, while EBIT margin was 4.9%, 7.9% and 9.6%, respectively. • Completed the year with solid backlogs across business segments and a clear plan to ramp-up Transportation projects and Aerospace programs. • Provided leadership in entering into a value-creation strategic partnership with Airbus on the <i>C Series</i>¹¹. The global scale, strong customer relationships and operational expertise Airbus is to bring to the partnership are expected to be key to unleashing the full value of the <i>C Series</i> program. Customer response to the proposed partnership has been overwhelmingly positive. • Continued to drive innovative and sustainable practices within the business: named to Corporate Knights' 2017 Best 50 Corporate Citizens in Canada ranking, a benchmark indicator of sustainability. • Shareholders benefitted from Bombardier's strong financial and operational performance, with an over 40% increase in the closing price of the Class B subordinate voting shares on the TSX on December 29, 2017 as compared with the closing price on December 30, 2016. |
| <p>John Di Bert Senior Vice President and Chief Financial Officer</p> | <ul style="list-style-type: none"> • Led the strengthening of the balance sheet including improved financial liquidity. • Delivered year-over-year EBIT before special items¹² growth of 57% or \$245 million, exceeding the mid-point of our original guidance by 15%, while EBIT grew by \$304 million. • Under Mr. Di Bert's direction, free cash flow usage¹³ for 2017 was \$786 million, better than latest guidance by over \$200 million, exceeding the mid-point of the original guidance by 10%, while cash flows from operating activities was \$531 million, allowing Bombardier to finish the year in a strong cash position with \$3.1 billion in cash on hand. • Maintained a transparent dialogue with stakeholders and provided clear financial goals and metrics for 2018 and 2020. • Spearheaded the successful refinancing of 2019 maturity bonds and raised \$365 million of additional liquidity through the issuance of \$1 billion aggregate principal amount of new 7.50% Senior Notes due December 1, 2024. • As a result of liquidity management measures led by Mr. Di Bert, Bombardier has no debt maturities due before 2020. |

¹⁰ EBIT margin before special items is a Non-GAAP financial measure. Refer to the Non-GAAP financial measures section for a definition of this metric. Also refer to the Reconciliation of EBIT before special items to EBIT under GAAP table in the Non-GAAP financial measures section for a reconciliation to the most comparable IFRS measure.

¹¹ The transaction remains subject to regulatory approvals, as well as other conditions usual in this type of transaction. There are no guarantees that the transaction will be completed and that the conditions to which it is subject would be met. Completion of the transaction is currently expected for the second half of 2018.

| NEO | INDIVIDUAL ACHIEVEMENTS |
|---|--|
| <p>David Coleal President, Business Aircraft</p> | <ul style="list-style-type: none"> • Successfully executed on the Global 7000 development and certification program. The Global 7000 aircraft continues to perform extremely well and to exhibit a high level of reliability, and is on schedule to enter service in the second half of 2018. The program is moving closer to certification as flight testing of the Global 7000 has proceeded exceptionally well, with all five flight test vehicles in operation surpassing 1,600 flight hours as at February 28, 2018. • Successfully launched the production of the Global 7000 aircraft. • Provided leadership for financial performance that met or exceeded guidance, delivering 140 aircraft. Reached revenues of \$5.0 billion with EBIT margins before special items¹⁴ of 8.4% and EBIT margin of 7.9%. • Provided leadership in ensuring a strategy of continued operating discipline, and stronger contribution from the aftermarket business, benefiting from recent investments to increase service capacity and portfolio of offerings. In line with the aftermarket growth strategy, revenues from these activities grew by more than 10% in 2017. • Demonstrated continued focus on driving financial performance in any market, by growing EBIT before special items¹⁵ by 35% over the past two years, from \$308 million to \$416 million (and EBIT by \$1.7 billion over the past two years, from \$(1.3) billion to \$391 million, mainly due to a \$1.2 billion impairment and other charges taken on the Learjet 85 program in 2015) as we drove operations to align with market demand. |
| <p>Fred Cromer President, Commercial Aircraft</p> | <ul style="list-style-type: none"> • Provided, at the business segment level, leadership in entering into a value-creation strategic partnership with Airbus on the <i>C Series</i>¹⁶. The global scale, strong customer relationships and operational expertise Airbus is to bring to the partnership are expected to be key to unleashing the full value of the <i>C Series</i> program. Customer response to the proposed partnership has been overwhelmingly positive. Mr. Cromer is instrumental to integration planning, which is going extremely well. Commercial Aircraft is conducting planning for the operation of the U.S. final assembly line in Mobile, Alabama and working on other integration streams, consistent with antitrust law. • Led the successful delivery of 73 aircraft during the year, within the overall guidance range, including 30 <i>Q400</i>, 26 <i>CRJ</i>, and 17 <i>C Series</i> aircraft. • Led the successful delivery of the first two <i>CS300</i> aircraft to Korean Air Lines, the program's Asian launch customer, in the final week of December 2017, and supported their preparation for commercial service, which began in January 2018. • Completed the year with a book-to-bill ratio¹⁷ of 1.0. Notably, during the fourth quarter, Commercial Aircraft received orders across all three aircraft families, including the following: <ul style="list-style-type: none"> -On December 29, 2017, firm agreement for the sale of 12 <i>CS300</i> aircraft with EgyptAir, along with purchase rights for an additional 12 <i>CS300</i> aircraft. Based on the list price of the <i>CS300</i> airliner, the firm-order contract would be valued at approximately \$1.1 billion. -On the same day, agreement for six <i>CRJ900</i> aircraft with options for six additional <i>CRJ900</i> regional jets with an unidentified customer. Based on list price, the firm orders would be valued at approximately \$290 million. -Two <i>Q400</i> orders, for two aircraft each, with Qazaq Air and Cemair, valued at approximately \$133 million based on list prices. • Led the continued production ramp-up of the <i>C Series</i> aircraft program despite engine delivery delays from Pratt & Whitney impacting <i>C Series</i> aircraft deliveries, particularly in the fourth quarter. While revenues reached \$2.4 billion, in line with guidance, the EBIT loss before special items¹⁸ at \$377 million exceeded our guidance, while EBIT loss stood at \$385 million. • It should be noted that this performance was achieved notwithstanding the several challenges associated with Boeing's attempt to have tariffs imposed on <i>C Series</i> aircraft, which were ultimately rejected by the U.S. International Trade Commission on January 26, 2018. |

| Laurent Troger President, Transportation | <ul style="list-style-type: none"> Delivered superior financial performance while also positioning the segment for further growth in both revenues and profitability. Successfully grew revenues by 13% year over year to \$8.5 billion, in line with guidance, while EBIT margin before special items¹⁹ grew 100 bps to 8.4%, exceeding our guidance, and EBIT margin decreased by 30 bps to 4.9%, respectively, in 2017 due to restructuring charges related to the previously announced restructuring actions. Delivered backlog of \$34.4 billion as of December 31, 2017, fuelled by a 20% increase in order intake across all product segments primarily in Europe and Asia-Pacific. This order activity led to a book-to-bill²⁰ of 1.2 for the full year, the fourth consecutive year with a ratio above 1.0. Progressed significantly in creating sales, engineering and manufacturing centers of excellence across the segment. Significantly advanced the execution of the Turnaround Plan, with two-thirds of the transformation initiatives completed by year end. Under Mr. Troger's direction, Transportation products have achieved key milestones, including: <ul style="list-style-type: none"> -The test train for the New York City subway passed its in-service test in December 2017, allowing the remaining cars to be delivered and to be placed in service; -The first Queensland New Generation Rollingstock trains entered passenger service along the South-East Queensland rail network in Australia in December 2017; -In September 2017, the <i>TWINDEXX</i> Vario double deck trains for Deutsche Bahn (DB) have received single traction homologation from the German Federal Railway Authority (EBA) and started operational service; and -In January 2018, Transportation announced that the first rail cars for the San Francisco Bay Area Rapid Transit District (BART) are entering passenger service after successfully completing comprehensive testing and receiving certification from the California Public Utilities Commission. Transportation's strong results in 2017 outpaced the performance targets underlying CDPQ's investment in Bombardier Transportation (Investment) UK Limited. Accordingly, for the 12-month period started on February 12, 2018, Bombardier's percentage of ownership, on conversion of CDPQ's shares, increased by 2.5%, up from 70% to 72.5%. Oversaw major project ramp-ups in Transportation. |

The following table illustrates the target short-term incentive payable to the NEOs under the STI plan and actual payouts earned for the financial year ended December 31, 2017. Target levels were increased in 2017 to 100% (from 90% in 2016) for each of John Di Bert, David Coleal, Fred Cromer, and Laurent Troger to align with the market median of the applicable Peer Group and increase linkage between pay and performance. The target level for Alain Bellemare is aligned with similar positions in the applicable Peer Group and remains unchanged at 160%.

| NEO | TARGET ⁽¹⁾ | ACTUAL INDIVIDUAL PAYOUT AS A RESULT OF OVER-PERFORMANCE ⁽¹⁾ |
|-----------------|-----------------------|---|
| Alain Bellemare | 160% | 214% |
| John Di Bert | 100% | 188% |
| David Coleal | 100% | 154% |
| Fred Cromer | 100% | 114% |
| Laurent Troger | 100% | 179% |

(1) Expressed in each case as a percentage of base salary and currency exchange rate offsets.

As a result of the exercise of discretion to adjust payouts based on individual performance, individual payouts result overall from a qualitative assessment of individual performance as a whole such that no percentage of the NEO's total compensation specifically relates to the undisclosed quantitative performance targets.

LONG-TERM INCENTIVE PLANS

Bombardier's PSU and stock option plans are designed to align executives' interests with shareholder value creation and, in the case of the PSU Plan, to focus on achieving financial results with a strong pay-for-performance emphasis, as well as to retain key talent. Bombardier currently focuses on a combination of PSUs and stock options as long-term incentives.

For the financial year ended December 31, 2017, the HRCC continued to provide 50% of the value of long-term incentive grants to the NEOs in the form of stock options and 50% in the form of PSUs to motivate executives to focus their long-term efforts on share price improvement as they work towards the solid execution of Bombardier's Turnaround Plan.

The HRCC believes that these incentive plans meet the executive compensation policy objectives because:

¹⁹ See footnote 10 above.

²⁰ Defined as new orders over revenues.

- They recognize and reward the impact of longer-term strategic actions taken by the executives.
- They promote executive retention since the grants vest over three years.
- The value of the grants depends on the future market value of the Class B subordinate voting shares.
- For PSUs, there is no dilutive effect on shareholders because they are delivered, upon vesting or settlement, in cash or Class B subordinate voting shares purchased in the secondary market.
- 100% of long-term compensation is contingent on performance or increases in the market value of the Class B subordinate voting shares.

Grant determinations. The HRCC determines the size of long-term incentive grants to be awarded to the NEOs on an annual basis, and reports to the Board of Directors for approval or information, as applicable. Grants are determined by using a grant guideline for each management level within Bombardier based on Peer Group benchmark data, taking into account the executive's potential to contribute to the future success of Bombardier. The size of grants is a function of the current year's compensation objectives and, for that reason, grants made in previous years are generally not considered to determine the grant made to a NEO in any subsequent financial year.

Following the determination and approval by the Board of Directors and HRCC of the size of the 2017 long-term incentive grants to be awarded to the NEOs, the President and Chief Executive Officer, Mr. Bellemare, requested that the Board of Directors and HRCC reduce the size of his grant by \$1.1 million (as compared to the value of the grant which he would have otherwise received), in order to offset the increase in his total 2017 compensation resulting from tax equalization payments as compared with his total compensation for 2016.

Stock option plan. The objective of the Stock Option Plan is to reward executives with an incentive to enhance shareholder value by providing them with a form of compensation that is tied to increases in the market value of the Class B subordinate voting shares. Please refer to [Appendix \(Stock Options and 2010 Deferred Share Unit Plan \(2010 DSUP\)\)](#) for details on stock options and the Stock Option Plan.

Performance share units (PSUs). PSU grants are designed to motivate executives to exceed Bombardier's financial targets through the application of thresholds for payouts that are tied to specific financial targets set by the HRCC in alignment with the Turnaround Plan objectives.

NEO elections. NEOs may elect to receive PSUs settled in stock or in cash-equivalent, provided Stock Ownership Guidelines are attained. This election must be made on the date of the grant, and the choice is irrevocable.

2017 grants. For 2017 grants, the financial performance targets were established to align plan participants with Bombardier's strategic Turnaround Plan. The HRCC has reviewed and approved the performance targets to ensure they are set at a challenging and ambitious level, taking into account prevailing economic conditions, and to ensure they are attainable with significant management effort and disciplined execution if the Turnaround Plan is successfully implemented. The HRCC will compare the actual results with the pre-established targets at the end of the performance period to determine the amount of the payout. The maximum payout on the PSUs granted in 2017 has been lowered to 100% of target (from 150% of target for 2016 grants). If a key financial performance measure is not met at a level of at least 50%, the payout for that performance measure is zero. The performance factors are interpolated between levels.

For 2017 grants, the HRCC approved the following performance measures and their relative weightings:

| BUSINESS SEGMENTS | KEY PERFORMANCE MEASURES |
|--|--|
| Bombardier Inc. Transportation | <ul style="list-style-type: none"> • Cumulative EBIT before special items from 2017 to 2019 (35% weighting) • EBIT before special items % in 2019 (15% weighting) • Cash at 2019 financial year-end (35% weighting) • FCF in 2019 (15% weighting) |
| Business Aircraft Commercial Aircraft | <ul style="list-style-type: none"> • Cumulative EBIT before special items from 2017 to 2019 (35% weighting) • EBIT before special items % in 2019 (15% weighting) • Cumulative FCF from 2017 to 2019 (35% weighting) • FCF in 2019 (15% weighting) |

To ensure that Bombardier's executive team is aligned with the Turnaround Plan, performance targets include a significant weighting on overall corporate results, as follows:

PERFORMANCE TARGET WEIGHTINGS BY BUSINESS SEGMENT

| NEO | BOMBARDIER INC. | APPLICABLE BUSINESS SEGMENT |
|---|-----------------|-----------------------------|
| <ul style="list-style-type: none"> Alain Bellemare John Di Bert | 100% | — |
| <ul style="list-style-type: none"> David Coleal Fred Cromer Laurent Troger | 60% | 40% |

2016 grants to NEOs. For 2016 grants to NEOs, the HRCC approved the following performance measures, with vesting percentages between 0% and 150% (these performance measures have been adjusted to reflect the changes announced by Bombardier in April 2017 to ensure alignment with the Turnaround Plan). The minimum threshold for a payment is 50% for a specific key performance measure. 75% of the value of the grant is based on performance between 2016 and 2018 (the “2018 Performance Measures”), while the remaining 25% of the value of the grant is based on performance between 2016 and 2019 as per the tables below.

In addition, the total number of vested PSUs to be settled in respect of the grant shall be capped to the number of vested PSUs that would have been settled had vesting been based on 100% of the 2018 Performance Measures.

| BUSINESS SEGMENTS | KEY PERFORMANCE MEASURES |
|--|--|
| Bombardier Inc. Transportation | <ul style="list-style-type: none"> Cumulative EBIT before special items from 2016 to 2018 (35% weighting) EBIT before special items % in 2018 (15% weighting) Cash at 2018 financial year-end (35% weighting) FCF in 2018 (15% weighting) |

2015 grants. No PSUs were awarded in 2015. Instead, RSUs were awarded to provide for shareholder alignment and retention at the start of the Turnaround Plan (please see “[Restricted share units \(RSUs\)](#)” below).

2014 grants. For 2014 grants, the performance measure approved by the HRCC for each of the Corporation’s business segments was the three-year weighted average Return on Invested Capital (“ROIC”). ROIC was calculated considering that Net Operating Profit After Tax (NOPAT) was adjusted net income before interest related to debt and debt equivalents, and that “Invested Capital” was net assets excluding debt and debt equivalents, net retirement benefit liabilities or assets, and net of derivative financial instruments. The vesting percentages were between 0% and 150% and were determined by way of interpolation between the target (100%) and the minimum vesting threshold (70%) and maximum vesting threshold (150%).

The performance calculation was a weighted average: 20% based on the 2014 operating plan, 30% based on the 2015 operating plan and 50% based on the average of the 2015 operating plan and the 2016 strategic plan.

With the exception of a special grant of PSUs to Laurent Troger (see note 5 under “Executive Compensation – Incentive Plan Awards – Value Realized on Exercise and Value Vested or Earned” below), any and all PSUs granted to the NEOs as part of the 2014 grants vested below the minimum threshold, such that there was no payout in respect of these PSUs.

Long-term incentive performance targets are not disclosed because they contain highly sensitive commercial data, as well as key strategic information regarding Bombardier's Turnaround Plan. Public disclosure would seriously prejudice Bombardier's interests and weaken its ability to compete in its industries. Disclosure of long-term incentive performance targets could also potentially be interpreted inappropriately as market guidance. Past performance for Bombardier Inc. with respect to these targets indicates that the incentive plan goals have been challenging since actual results for NEOs have been below target for the last five years and below the applicable minimum threshold four of the last five years, as noted in the following graph of PSU vesting (NEOs and entire organization).

BOMBARDIER INC. PSU VESTING AS A % OF TARGET

Following the end of each financial year, the HRCC approves the results of prior years' performance measures to authorize payouts in respect of PSUs reaching the vesting date during the year.

Restricted share units (RSUs). RSUs were granted instead of PSUs during a 12-month period from August 2015 to promote executive retention while motivating executives to increase shareholder value, to support the Corporation's then recently launched Turnaround Plan.

Dividend equivalents. PSUs and RSUs confer the right to receive dividend equivalents to be paid in cash at the same rate as the cash dividends (if any) paid on Class B subordinate voting shares. Dividend equivalents, if any, are paid at the end of the three-year vesting period, and in the case of PSUs, in accordance with the applicable performance vesting conditions.

RETIREMENT BENEFITS AND PERQUISITES

Bombardier provides pension, benefits and perquisites at the market median of the applicable Peer Group. The NEOs, except Laurent Troger, participate in two defined contribution pension plans. Mr. Troger participates in a defined benefit pension plan for service up to December 31, 2013 and in a defined contribution pension plan for service after that date. All of these plans are non-contributory. More details about the executive pension plans are set out under "Pension Plans."

Benefit plans for executives cover accidental death and dismemberment insurance, business travel insurance, life insurance, long-term disability, medical services, and dental coverage. Bombardier offers the following limited perquisites:

- An amount allocated for the leasing, use, and maintenance of a company-provided car that depends on the level of responsibility of the executive; executives must pay any excess amount through payroll deductions
- A complete annual medical check-up
- Financial counseling

Bombardier does not reimburse club membership fees.

The President and Chief Executive Officer may use the Bombardier corporate aircraft for personal reasons. Since January 1, 2016, Bombardier does not assume any of the incremental costs of corporate aircraft incurred for personal use since an amount equal to the variable costs incurred for the flight must be reimbursed to Bombardier. Therefore, no amount is disclosed as perquisites in this respect for the financial year ended December 31, 2017 under the column "All Other Compensation," in the "Summary Compensation Table".

OTHER BENEFITS

In 2017, tax equalization payments were made to Alain Bellemare, Fred Cromer and David Coleal to offset incremental taxes paid due to relocation to Canada in accordance with the Corporation's global mobility policy and industry practice. This assistance is designed primarily to maintain the employees' overall income tax burden at approximately the same level as it otherwise would have been, had they not relocated. The tax equalization payment for Alain Bellemare was intended to offset the impact of higher tax rates payable in connection with pension earned from his previous employer as a result of his relocation to Canada, compared to the applicable tax rate in the United States. Mr. Bellemare does not receive any tax equalization payment for income linked to Bombardier.

COMPENSATION GOVERNANCE

COMPENSATION RISK ASSESSMENT

The HRCC reviews and assesses the Corporation's compensation and incentive plans to ensure that they allow for appropriate business risks without encouraging excessive risk-taking behaviours. In 2017, the HRCC engaged Meridian as its independent advisor to review the risks associated with its compensation programs, and neither Meridian, nor the HRCC identified any risks that are reasonably likely to have a material adverse effect on the Corporation. Risk-mitigation factors include the following:

- Balanced pay mix among fixed and variable pay and cash and equity
- Pay benchmarked to market data
- Incentives tied to multiple time periods (short-, mid-, and long-term) and a variety of performance objectives, including corporate and business unit
- Limited perquisites and no change-of-control benefits
- Clawback policy
- Anti-hedging policy
- Stock ownership guidelines
- Independent compensation consultant for the HRCC

STOCK OWNERSHIP GUIDELINES

Bombardier has adopted Stock Ownership Guidelines to link executives' interests with those of shareholders. Each NEO is required to build and hold a portfolio of shares and share units with a value equal to at least the applicable multiple of his base salary noted in the following table:

| NEO | MULTIPLE OF SALARY |
|-----------------|--------------------|
| Alain Bellemare | 5x |
| John Di Bert | 3x |
| David Coleal | 3x |
| Fred Cromer | 3x |
| Laurent Troger | 3x |

The value of the portfolio is determined based on the greater of the value at the time of acquisition or the market value of the Bombardier shares held on December 31st of each calendar year. To assess the level of ownership, Bombardier includes the value of shares owned and outstanding RSUs. Since Bombardier shares are traded only in Canadian dollars, the actual base salary is used at par for executives paid in Canadian or US dollars. For executives paid in other currencies, the base salary at the mid-point of the Canadian salary scale for their equivalent position in Canada is used as the basis to determine their stock ownership target.

There is no prescribed period to reach the stock ownership target. However, executives are not allowed to sell shares acquired through the settlement of RSUs/PSUs or the exercise of stock options until they have reached their individual target, except to cover the cost of acquiring the shares and applicable taxes.

ANTI-HEDGING POLICY

Employees may not engage in hedging or monetization transactions or any form of derivative transactions relating to Bombardier securities, including "puts" and "calls," and may not sell Bombardier securities that they do not own (short sales).

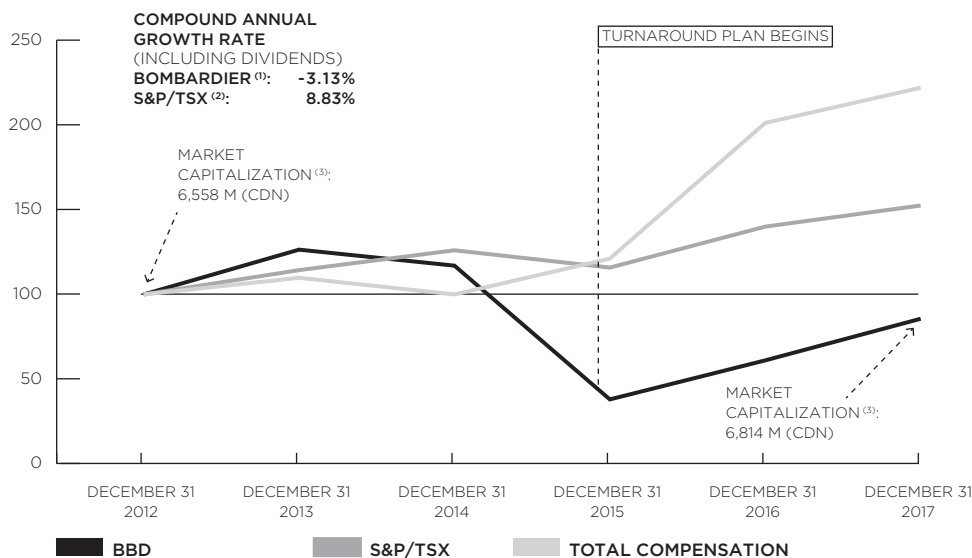

CLAWBACK POLICY

Under its Clawback Policy, Bombardier, in the discretion of the Board of Directors, can recover from the NEOs, as well as certain other executives, overpayments of incentive compensation in the event of fraud, dishonesty or misconduct that contributes to non-compliance which results in Bombardier's obligation to prepare an accounting restatement. Incentive awards that have been paid or vested may be recouped and unvested long-term incentive grants may be cancelled to the extent of any excess amount that was received in the circumstances reflected by the accounting restatement. Bombardier has not yet encountered a situation where a compensation recoupment or adjustment has been required in the circumstances described above.

The performance graphs above show an increase in the TSR and a lesser increase in total compensation.

The following performance graph shows Bombardier's cumulative total shareholder return (TSR) over its five most recently completed financial years, assuming an amount of \$100 was invested on December 31, 2012 in Class B subordinate voting shares of Bombardier and in the S&P/TSX Composite Index, as well as the evolution of the total compensation earned by the NEOs over the same period.

PERFORMANCE OF THE CLASS B SUBORDINATE SHARE OF BOMBARDIER FROM DECEMBER 31, 2012 TO DECEMBER 31, 2017

(1) Return on Class B subordinate voting shares, including dividends reinvested.
 (2) Return on S&P/TSX index, including dividends reinvested.
 (3) Market capitalization is based on 314,537,162 Class A shares and 1,440,364,381 Class B subordinate voting shares as at December 31, 2012 and on 313,898,549 Class A shares and 1,932,782,764 Class B subordinate voting shares as at December 31, 2017.
 (Index: Closing Price December 31, 2012 = 100 and Total NEO Compensation for the fiscal year ended December 31, 2012 = 100) Total compensation for the NEO is based on the fiscal year prior to the closing stock price.

The performance graph above shows the following trends in total compensation and performance:

- TSR was relatively stable overall for 2013 and 2014. Executive total compensation for those two years was also relatively stable, trending up slightly in 2013 and down slightly in 2014.
- For 2015, the graph shows a significant decrease in TSR and a slight increase in total compensation. This increase in total compensation in 2015 corresponds to a significant renewal of Bombardier's executive team, and an investment in the new management team responsible for delivering on Bombardier's turnaround strategy.
- For 2016, the graph shows an increase in TSR and a corresponding increase in total compensation.
- For 2017, the graph shows an increase in TSR and a lesser increase in total compensation.

It is important to note that:

- NEOs are compensated on the basis of performance metrics that the Corporation considers to be fundamental, rather than on the basis of factors tied to the performance of the Corporation's shares in the market. The HRCC believes EBIT before special items and FCF are the most appropriate performance measures for Bombardier's compensation policy at the present time as they provide a direct linkage with the operational goals underlying the Turnaround Plan, which are management's core focus.
- A substantial portion of NEO pay is at-risk. In addition to long-term incentive equity-based awards, short-term incentive payouts are made based on the successful performance of key financial objectives that are tied to the business plan for Bombardier Inc. and its business segments. These at-risk components for the NEOs in 2017 are over 80% of their respective total compensation.

- Moreover, a significant proportion of executive compensation is granted in the form of long-term equity-based incentives, which are calculated based on grant date fair values, despite the fact that actual values will be realized only to the extent that any applicable performance targets are met and the Corporation's share price increases. For instance, as shown in this Circular, actual results have been below target and/or minimum vesting threshold several times in recent years, in which cases actual gains were never realized. In the longer term, NEO compensation is directly affected by the Corporation's share price performance. Stock option, DSU, RSU and PSU awards directly correlate to the share price and are therefore aligned with shareholder returns.

Notes on calculation

For purposes of calculating total compensation earned by NEOs, all compensation elements were annualized, where applicable, and any sign-on cash payments, sign-on long-term incentive grants, and one-time payments made to cover costs of relocation were excluded.

BOMBARDIER STOCK PERFORMANCE VS. STOCK INDICES

Although the immediately preceding graph compares Bombardier's TSR performance to that of market indices, management believes five-year TSR is not a meaningful measure for a company in the midst of a major multi-year Turnaround Plan and with a new management team that has been in place only since 2015. Performance since January 1, 2016 (following the significant renewal of the executive team) has exceeded TSX and other indices as reflected in the graph below:

BOMBARDIER AND INDEX PERFORMANCE (ALL)

- Stock price performance is affected by various factors and trends, many of which are unrelated to Bombardier's financial and operational performance, such as oil price movements, macroeconomic growth rates, and geopolitical developments, as well as the factors listed below under "Forward-looking Statements".

SUMMARY COMPENSATION TABLE

The Summary Compensation Table shows the annual compensation information for each of the NEOs of Bombardier for the three most recently-completed financial years.

Reflecting the strong performance of Bombardier in 2017, total compensation of our five most senior executives increased by 12% in aggregate. At constant foreign exchange rates relative to 2016 (certain executives are paid in Canadian dollars and Euros), the increase in aggregate compensation would have been 10%. The increase is largely driven by the over-performance relative to short-term EBIT and FCF targets (as shown above), while base salary and long-term incentives were relatively stable before any changes in foreign exchange rates. In addition, as all of the NEOs were either hired or appointed to their current position in 2015, compensation shown in the table below in respect of the financial year ended December 31, 2015 mostly covered only part of the year. For these reasons, caution should be exercised when comparing compensation of the NEOs from year to year.

The increase in total compensation of our five most senior executives, when also adding the total compensation of Pierre Beaudoin, is lower at 7% in aggregate in 2017 as compared with the total compensation of these individuals in 2016. In light of the amount of his total compensation for 2017, Pierre Beaudoin is no longer considered a NEO. The complete details of the compensation of Pierre Beaudoin, the Chairman of the Board of Directors, for the financial year ended December 31, 2017, are disclosed in [Section 3](#) of this Circular.

* All compensation amounts were paid in Canadian dollars to Alain Bellemare, John Di Bert, David Coleal and Fred Cromer, and in Euros to Laurent Troger. The base salary and annual incentive plan amounts were converted from Canadian dollars and Euros to US dollars based on the average exchange rates during the year, of (i) 0.7705 and 1.1281 respectively for the financial year ended December 31, 2017, (ii) 0.7549 and 1.1072 respectively for the financial year ended December 31, 2016, and (iii) 0.7838 and 1.1092 respectively for the financial year ended December 31, 2015. The exchange rates used for the share-based awards and option-based awards are provided below in the notes to this table, and for the pension value in the notes to the "Defined Benefit Plan" and "Defined Contribution Plans" tables.

- (1) The Black-Scholes pricing model is used to calculate the fair value of the awards on the grant date, as it is the methodology also used for accounting purposes.
- (2) Short-term incentives are paid in cash in the year following the financial year in which they are earned.
- (3) Refer to the tables "Defined Benefit Plan" and "Defined Contribution Plans" of this Circular and to previous years' circulars for the two previous years.
- (4) The table below sets forth the amounts attributable to each of the compensation items included in "All Other Compensation" for each NEO in 2017. For all NEOs in respect of the financial year ended December 31, 2017, the amounts shown exclude the value of perquisites because they are less than \$50,000 or 10% of total salary.

All other compensation

The following table sets forth the amounts attributable to each of the compensation items included in "All Other Compensation" for each NEO in 2017:

| Executive | Currency Exchange Rate Offsets ^(a) (\$) | Supplemental DC Plan/Savings Account ^(b) (\$) | Relocation Costs and Tax Equalization Payments ^(c) (\$) | Lump Sum Cash Payment (\$) | Other Employee Benefits ^(f) (\$) | Total (\$) |
|-----------------|--|--|--|----------------------------|---|------------|
| Alain Bellemare | 358,200 | 351,100 | 1,416,000 ^(d) | — | 68,600 | 2,193,900 |
| John Di Bert | — | 99,300 | — | — | 14,500 | 113,800 |
| David Coleal | 204,200 | 148,800 | 182,900 | 190,300 ^(e) | 40,900 | 767,100 |
| Fred Cromer | 191,400 | 138,200 | 668,500 | — | 47,900 | 1,046,000 |
| Laurent Troger | — | 228,500 | — | — | 2,400 | 230,900 |

- (a) This represents amounts specifically intended to offset the impact of the decrease in the Canadian dollar versus the US dollar on base salary and related pension contributions for the financial year ended December 31, 2017 based on an average exchange rate from Canadian dollars to US dollars of 0.7705, considering that US-based executives typically assume significant currency risk due to ongoing USD-denominated expenses.
- (b) The contributions to the Supplemental DC Plan based on base salary have been made on December 14, 2017 for Alain Bellemare and John Di Bert and December 15, 2017 for David Coleal and Fred Cromer, respectively, at an exchange rate from Canadian dollars to US dollars of 0.7809 and 0.7792, respectively. The contributions to the Supplemental DC Plan based on the currency exchange rate offsets have been made on a bi-weekly basis for Alain Bellemare and on a monthly basis for David Coleal and Fred Cromer, and converted at an exchange rate of 0.7705. The contributions to Mr. Troger's retirement savings account have been made on a monthly basis and converted at an average exchange rate of 1.1281.
- (c) As per the global mobility policy, relocation costs include temporary accommodation expenses, tax equalization payments, commuter allowances and tax financial expenses including preparation of income tax returns. The relocation costs represent the difference between the aggregate incremental costs to Bombardier in comparison to the costs which would have otherwise been covered pursuant to the global mobility policy generally offered to salaried employees of Bombardier. All amounts were converted from Canadian dollars to US dollars based on the average exchange rate during the year of 0.7705.
- (d) This amount includes a tax equalization payment intended to offset the impact of higher tax rates payable in connection with Mr. Bellemare's pension entitlement from his previous employer as a result of his relocation to Canada, from the tax rate which would otherwise have been payable had he stayed in the United States. Mr. Bellemare does not receive any tax equalization payment for income linked to Bombardier. The amount has been converted from Canadian dollars to US dollars based on an exchange rate of 0.7407.
- (e) This represents the fourth and last installment of \$250,000 Cdn further to the recognition of his joining Bombardier. The amount was converted from Canadian dollars to US dollars based on an exchange rate of 0.7613.
- (f) This represents the aggregate costs to Bombardier for post-retirement benefits, the estimated costs to Bombardier for the premium paid for group insurance in excess of that generally available to salaried employees and the employer contribution to the Bombardier share purchase plan.
- (5) The estimated fair value of PSUs granted on August 4, 2017 was determined by applying a performance factor of 0.65 to the weighted average trading price of the Class B subordinate voting shares on the TSX for the five trading days before the grant date, which was \$2.56 Cdn, and an exchange rate from Canadian dollars to US dollars of 0.7913. As disclosed in this Circular, the 2017 PSU grant is performance based and the actual payout value could be anywhere from 0% to 100% of target. The use of a performance factor of 0.65 was determined in consultation with Mercer, management's external compensation consultant, to recognize the payout probabilities associated with the performance vesting conditions of those PSUs. The payout factor used is consistent with actual payouts of similar performance-based plans on the market, and is based on a review of the Corporation's previous performance vesting results, the current PSU performance objectives, the external competitive environment, and investment analyst perspectives. The accounting value of the PSUs granted on August 4, 2017 was \$2,393,300 for Alain Bellemare and \$1,506,500 for the other NEOs, based on an accounting performance factor of 0.75. The difference between the accounting value and the estimated fair value of the PSUs granted on August 4, 2017 as presented in this table is \$319,100 for Alain Bellemare and \$200,900 for the other NEOs. The difference between the accounting value and the grant date fair value of the share units as presented in this column is due to the performance factor of 0.75 applied for accounting purposes versus the performance factor of 0.65 applied for purposes of determining the grant date fair value. For the financial years ended December 31, 2016 and 2015, the fair value of the awards on the grant date was the same as the value determined in accordance with IFRS 2 Share-based Payment.
- The estimated fair value of stock options granted on August 4, 2017 was determined by applying a Black-Scholes factor of 0.338 to the weighted average trading price of the Class B subordinate voting shares on the TSX for the five trading days before the grant date, which was \$2.56 Cdn, and an exchange rate from Canadian dollars to US dollars of 0.7913. The accounting value of the options granted on August 4, 2017 was \$2,755,300 for Alain Bellemare and \$1,734,400 for the other NEOs. The difference between the accounting value and the estimated fair value of the options granted on August 4, 2017 as presented in this table is \$681,100 for Alain Bellemare and \$428,800 for the other NEOs. The estimated fair value is based on a Black-Scholes calculation that reflects Bombardier's expected future volatility. The difference between the accounting value and the grant date fair value of the options is due to the use of different underlying assumptions. The underlying assumptions used to determine the accounting value are as follows: risk free rate of 1.51%, dividend yield of 0%, share price volatility of 50.43%, expected term of 5 years and Black-Scholes factors of 44.90%. The underlying assumptions used to determine the estimated fair value are as follows: risk free rate of 1.00%, dividend yield of 0%, share price volatility of 36.90%, expected term of 5 years and Black-Scholes factors of 33.80%.
- (6) Reflects the estimated fair value of PSUs and stock options granted on August 12, 2016, on which date the closing price of the Class B subordinate voting shares was \$1.97 Cdn and the exchange rate from Canadian dollars to US dollars was 0.7725. For the stock options, a Black-Scholes value of 0.4257 was used.
- (7) For Alain Bellemare, David Coleal, Fred Cromer and Laurent Troger, it reflects the estimated fair value of RSUs and stock options granted on August 7, 2015, on which date the closing price of the Class B subordinate voting shares was \$1.52 Cdn and the exchange rate from Canadian dollars to US dollars was 0.7621. For John Di Bert, it reflects the estimated fair value of RSUs and stock options granted on August 10, 2015, on which date the closing price of the Class B subordinate voting shares was \$1.57 Cdn and the exchange rate from Canadian dollars to US dollars was 0.7659. Furthermore, a Black-Scholes value of 0.33 was used to calculate the estimated fair value of the stock options. For Laurent Troger, in recognition of his new position as President, Transportation effective December 9, 2015, he also received 106,838 RSUs and 820,928 stock options valued in the aggregate at \$366,000 on February 24, 2016, on which date the closing price of the Class B subordinate voting shares was \$1.18 Cdn, the Black-Scholes value was 0.39, and the exchange rate from Canadian dollars to US dollars was 0.7264.
- (8) In recognition of his joining Bombardier, Alain Bellemare received a special grant of 1,846,836 stock options valued at \$1,098,700 on February 20, 2015, on which date the closing price of the Class B subordinate voting shares was \$2.40 Cdn, the Black-Scholes value was 0.31 and the exchange rate from Canadian dollars to US dollars was 0.7996.
- (9) Guaranteed minimum short-term incentive payout at target for the financial year ended December 31, 2015 as per their respective employment contract. To reward extraordinary efforts in connection with the execution of the Corporation's transformation plan in 2015, which efforts were not contemplated in the design of the short-term incentive plan established at the beginning of that year, a minor discretionary short-term incentive adjustment was approved by the Board of Directors in 2016 in respect of the financial year ended December 31, 2015.
- (10) In recognition of his joining Bombardier, John Di Bert received a special grant of 251,572 RSUs and 2,287,021 stock options valued in the aggregate at \$1,210,000 on August 10, 2015, on which date the closing price of the Class B subordinate voting shares was \$1.57 Cdn, the Black-Scholes value was 0.33 and the exchange rate from Canadian dollars to US dollars was 0.7659.
- (11) In recognition of his joining Bombardier, David Coleal received a special grant of 1,836,547 stock options valued at \$702,100 on August 7, 2015, on which date the closing price of the Class B subordinate voting shares was \$1.52 Cdn, the Black-Scholes value was 0.33, and the exchange rate from Canadian dollars to US dollars was 0.7621.
- (12) In recognition of his joining Bombardier, Fred Cromer received a special grant of 1,193,033 stock options valued at \$879,900 on May 14, 2015, on which date the closing price of the Class B subordinate voting shares was \$2.68 Cdn, the Black-Scholes value was 0.33 and the exchange rate from Canadian dollars to US dollars was 0.8339.

(13) In recognition of his new position as then Chief Operating Officer of Transportation effective September 11, 2015, Laurent Troger received a grant of 65,046 RSUs and 513,699 stock options valued at \$302,400 on November 5, 2015, on which date the closing price of the Class B subordinate voting shares was \$1.53 Cdn, the Black-Scholes value was 0.38, and the exchange rate from Canadian dollars to US dollars was 0.7595.

The following table shows the assumptions used to determine the Black-Scholes values for stock options granted during the financial years ended December 31, 2016, and 2015.

| ASSUMPTION | 2016 | | 2015 | | | | |
|-------------------------|-------------|-----------|------------|-----------|----------|---------|-------------|
| | February 24 | August 12 | November 5 | August 10 | August 7 | May 14 | February 20 |
| Risk-free interest rate | 0.60% | 0.57% | 0.96% | 0.78% | 0.78% | 1.08% | 0.75% |
| Dividend yield | 0% | 0% | 0% | 0% | 0% | 0% | 0% |
| Share price volatility | 44.49% | 49.16% | 42.40% | 36.10% | 36.10% | 35.36% | 34.57% |
| Expected term | 5 years | 5 years | 5 years | 5 years | 5 years | 5 years | 5 years |

The estimated fair values of equity-based incentives (share-based awards and option-based awards) shown in the Summary Compensation Table above were calculated as of the applicable time of grant, and accordingly these values do not reflect the actual value of compensation received, if any, upon vesting or exercise, as applicable. Values can vary significantly from year to year based on fluctuations in share price, corporate performance and the timing of vesting or exercise, as applicable. Aggressive performance targets in combination with difficult market conditions resulted in significant variability in long-term incentive awards in recent years, which had a significant impact on payouts. At any time after the grant date, stock options may be well out-of-the money and units may vest at 0% or have little to no value. Accordingly, caution should be exercised when reviewing the estimated grant date fair values and total compensation reported in the Summary Compensation Table.

(1) As of December 31, 2017, only stock options granted on June 8, 2011, August 16, 2012, August 9, 2013 and November 6, 2014 were vested.

(2) The exercise price of the stock options in this table is equal to the weighted average trading price of the Class B subordinate voting shares on the TSX for the five trading days before the grant date. The exercise price was converted from Canadian dollars to US dollars based on an exchange rate of 0.7975 as of December 31, 2017.

(3) In accordance with the terms of the Stock Option Plan, (i) if the expiration date of an option falls during, or within 10 business days following the expiration of a Blackout period, such expiration date shall automatically be extended for a period of 10 business days following the end of the Blackout period, (ii) upon retirement, vested stock options must be exercised within three years from the retirement date and at the end of this period, all stock options are cancelled.

(4) The value of unexercised in-the-money options as of December 31, 2017 is the difference between the closing price of the underlying shares as of that date and the exercise price, based on the closing price of the Class B subordinate voting shares of \$3.03 Cdn and an exchange rate from Canadian dollars to US dollars of 0.7975 as of December 31, 2017. These options have not been, and may never be, exercised, and actual gains, if any, on exercise will depend on the value of the Class B subordinate voting shares on the date of exercise.

(5) From August 7, 2015 to February 24, 2016, all NEOs received grants of RSUs. Following February 24, 2016, all NEOs received grants of PSUs.

(6) Based on the closing price of the Class B subordinate voting shares on December 31, 2017 of \$3.03 Cdn, assuming 100% of target of plan reached (in the case of PSUs), and converted from Canadian dollars to US dollars based on an exchange rate of 0.7975 as of December 31, 2017.

(7) All RSU grants vest only based on time. The vesting of all PSU grants is conditional on the attainment of the applicable performance objectives. The PSUs may also vest at 0%. These estimates do not take into consideration possible future dividend payments.

INCENTIVE PLAN AWARDS – VALUE REALIZED ON EXERCISE AND VALUE VESTED OR EARNED

| NEO | Option-Based Awards – Value Realized on Exercise During the Year ⁽¹⁾ (\$) | Option-Based Awards – Value Vested During the Year ⁽²⁾ (\$) | Share-Based Awards – Value Vested During the Year ⁽³⁾ (\$) | Non-Equity Incentive Plan Compensation – Value Earned During the Year ⁽⁴⁾ (\$) |

| John Di Bert | — | — | — | 1,155,800 |
| David Coleal | — | — | — | 1,292,200 |
| Fred Cromer | — | — | — | 900,000 |
| Laurent Troger | — | — | 83,100 ⁽⁵⁾ | 1,514,500 |

(1) During the financial year ended December 31, 2017, no stock options were exercised by NEOs.

(2) The value is determined assuming the stock options would have been exercised on the vesting date of each relevant grant. No value is reported since the closing price of the Class B subordinate voting shares on the TSX on the vesting date was less than the exercise price.

(3) With the exception of a special grant of PSUs to Laurent Troger (see note 5 below), no RSUs or PSUs granted to the NEOs vested during the financial year ended December 31, 2017. Please refer to the “Long-Term Incentive Plans” Section of this Circular.

(4) The value is the amount of the short-term incentive plan payout for the financial year ended December 31, 2017 as disclosed in the “Summary Compensation Table” of this Circular.

(5) 54,760 PSUs, which were part of a special grant of 63,186 PSUs made on November 25, 2014 to Laurent Troger, vested on May 5, 2017 on which date the closing price of the Class B subordinate voting shares was \$2.08 Cdn and the exchange rate from Canadian dollars to US dollars was 0.7293.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER THE STOCK OPTION PLAN AND THE 2010 DSUP

| Plan Category | (a) Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights | (b) Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (Cdn\$) | (c) Number of Securities Remaining Available for further Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) |

| Equity compensation plans not approved by security holders | — | — | — |
| Total | 116,927,982 | 2.32 | 87,688,876 |

(1) Please refer to Appendix (Stock Options and 2010 Deferred Share Unit Plan (2010 DSUP)).

(2) The number of Class B subordinate voting shares issuable pursuant to the 2010 DSUP includes dividend equivalents credited and reflects the applicable payout multipliers (from 0% to 150%) based on the level of achievement of performance measures determined upon vesting in accordance with the terms of the 2010 DSUP.

ANNUAL BURN RATES FOR THE THREE MOST RECENT FINANCIAL YEARS

The following table summarizes the number of stock options and DSUs (under the 2010 DSUP) granted during the periods noted below and the potential dilutive effect of such awards.

| Period | Awards Stock Options | Granted DSUs (under 2010 DSUP) | Weighted Average Number of Class A Shares and Class B Subordinate Voting Shares Outstanding (in thousands) | Burn Rate ⁽¹⁾ |
|--------|----------------------|--------------------------------|--|--------------------------|
| 2015 | 49,704,570 | 0 | 2,082,683 | 2.39% |
| 2016 | 28,188,309 | 0 | 2,212,547 | 1.27% |
| 2017 | 27,745,712 | 0 | 2,195,379 | 1.26% |

(1) The Burn Rate for a given period is calculated by dividing the number of stock options and DSUs (under the 2010 DSUP) granted during such period by the weighted average number of Class A shares and Class B subordinate voting shares outstanding during such period.

PENSION PLANS

The NEOs, except Laurent Troger, participate in two defined contribution pension plans. Mr. Troger participates in a defined benefit pension plan for service up to December 31, 2013 and in a defined contribution pension plan for service after that date. All these plans are non-contributory.

Alain Bellemare, John Di Bert, David Coleal and Fred Cromer participate in the base defined contribution pension plan (Base DC Plan) and the supplemental defined contribution pension plan (Supplemental DC Plan). Bombardier contributes a total of 25% of the base salary for Mr. Bellemare and 20% of the base salary for Messrs. Di Bert, Coleal and Cromer (in each case, the "Contribution"). The vesting under the Base DC Plan and the Supplemental DC Plan is immediate.

Under the Base DC Plan, Bombardier contributes, on a monthly basis, an amount up to the Contribution, subject to the limit that can be contributed under the *Income Tax Act* (Canada) for tax-registered pension plans. The contribution limit is \$26,230 Cdn for the year 2017. The NEOs have a choice of investment funds and are responsible for the investment of the contributions in their respective account. As the earnings in each investment fund are credited based on market conditions, there is no above-market or preferential earnings credited on the contributions.

Under the Supplemental DC Plan, Bombardier contributes the amount, if any, representing the difference between the Contribution and the contribution limit in the Base DC Plan. Contributions are made in December of each year. The contributions to the Supplemental DC Plan constitute a taxable benefit in kind to the NEOs. Hence, an amount, after tax deductions, is deposited either in a non-registered account or paid in cash for the benefit of the NEOs. As the account is non-registered, the NEOs can withdraw any amount from their respective account at their own discretion. As the earnings in each investment fund are credited based on market conditions, there is no above-market or preferential earnings credited on the contributions.

Mr. Troger participates in a defined contribution pension plan to which Bombardier contributes 27% of his base salary since January 1, 2014. Contributions are subject to taxation and social charges. Hence an amount, after applicable deductions, is deposited in a retirement savings account and the vesting is immediate. Mr. Troger has a choice of different investment funds and he is responsible for the investment of the contributions in his account. He can withdraw any amount from his account at his own discretion. As the earnings in each investment fund are credited based on market conditions, there is no above-market or preferential earnings credited on the contributions. Under his defined benefit pension plan, Mr. Troger is entitled to a benefit that corresponds to 1.5% of his average base salary over the three consecutive years in which his base salary was the highest out of the last 10 years multiplied by the number of years of service up to December 31, 2013.

Short-term incentives paid are not considered in the computation of pension benefits.

All pension benefits payable from these plans are in addition to government social security benefits.

DEFINED BENEFIT PLAN

The following table sets forth the reconciliation of the total obligations with respect to the defined pension benefits payable to the NEO participating in a defined benefit pension plan between January 1, 2017 and December 31, 2017.

| NEO | Number of Years of Credited Service ⁽¹⁾ | | Annual Benefits Payable ⁽²⁾ | | Opening Present Value of Defined Benefit Obligation as of December 31, 2016 ⁽³⁾ | Change in Obligation During the Year | | Closing Present Value of Defined Benefit Obligation as of December 31, 2017 ⁽⁶⁾ |
|----------------|--|--------|--|-------------|--|--------------------------------------|---|--|
| | December 31, 2017 | Age 65 | December 31, 2017 (\$) | Age 65 (\$) | | Compensatory Changes ⁽⁴⁾ | Non Compensatory Changes ⁽⁵⁾ | |
| Laurent Troger | 9.2 | 9.2 | 107,700 | 107,700 | 2,705,400 | (52,800) | 258,800 | 2,911,400 |

(1) Corresponds to years of credited service up to December 31, 2013.

(2) Based on the average base salary over the last three years and, (i) credited service on December 31, 2017 and, (ii) upon attainment of age 65 converted from Euros to US dollars based on an exchange rate of 1.1993 as of December 31, 2017.

(3) The values were converted from Euros to US dollars based on an exchange rate of 1.0541 as of December 31, 2016.

(4) Includes the changes in compensation compared to the actuarial assumptions. The value was converted from Euros to US dollars based on an average exchange rate of 1.1281.

(5) Impact of all other changes including interest on prior year's obligation plus changes in discount rate used to measure the obligations, changes in other assumptions and experience gains or losses (other than compensation related gains or losses) and variations in exchange rates.

(6) The value was converted from Euros to US dollars based on an exchange rate of 1.1993 as of December 31, 2017.

* The amounts presented in the table above are estimates based on assumptions and employment conditions that can change over time. Pension obligations shown above are based on the assumptions used in Bombardier's financial statements and in accordance with the International Financial Reporting Standard(s) (IFRS) accounting standards for their valuation as of the plans measurement date. The method used to determine any estimated amounts may differ from that used by other companies and, for that reason, any comparison of the estimated amounts of Bombardier's pension benefits obligations with those of other companies should be interpreted with caution.

DEFINED CONTRIBUTION PLANS

The following table sets forth the reconciliation of the accumulated value of the Base DC Plan for each of the NEOs participating in a defined contribution pension plan between January 1, 2017 and December 31, 2017. The Supplemental DC Plan and the retirement savings account contributions under Laurent Troger’s defined contribution pension plan are reported under the column “All Other Compensation” in the “Summary Compensation Table” of Section 5 of this Circular.

| NEO | Accumulated Value as of January 1, 2017 (\$) | Compensatory Changes ⁽¹⁾ (\$) | Accumulated Value as of December 31, 2017 ⁽²⁾ (\$) |
|-----------------|--|--|---|
| Alain Bellemare | 41,300 | 20,200 | 71,900 |
| John Di Bert | 38,600 | 20,200 | 68,600 |
| David Coleal | 41,200 | 20,200 | 70,600 |
| Fred Cromer | 41,600 | 20,200 | 70,700 |

(1) Compensatory changes represent the contributions made by Bombardier. Contributions are converted from Canadian dollars to US dollars based on the average exchange rate of 0.7705 during the financial year ended December 31, 2017.

(2) The accumulated value includes the investment earnings of the financial year ended December 31, 2017. The values were converted from Canadian dollars to US dollars based on an exchange rate of 0.7975 as of December 31, 2017.

TERMINATION AND CHANGE OF CONTROL PROVISIONS

Bombardier's policy is to request the inclusion of non-solicitation, non-disclosure and non-compete provisions in any termination or severance agreements or arrangements with the NEOs, and a separation allowance is paid only if the employment is terminated by the Corporation for any reason other than just cause.

In the case of Alain Bellemare, there is an agreement pursuant to which he would be entitled to receive a separation allowance in an amount equal to 24 months of his base salary and target short-term incentive if his employment is terminated by the Corporation after the first 12 months of employment but prior to age 60, and 12 months of his base salary and target short-term incentive if his employment is terminated by the Corporation after age 60.

In the case of John Di Bert, there is an agreement pursuant to which he would be entitled to receive a separation allowance in an amount equal to 12 months of his base salary if his employment is terminated by the Corporation during his first 12 years of service. The separation allowance will be equal to one month of his base salary per completed year of service if he has completed more than 12 years of service up to a maximum of 18 months of base salary.

In the case of David Coleal and Fred Cromer, there is an agreement pursuant to which they would be entitled to receive a separation allowance in an amount equal to 15 months of their base salary if their employment is terminated by the Corporation.

In the case of Laurent Troger, there is an agreement pursuant to which he would be entitled to receive a separation allowance in an amount not to exceed 18 months of his base salary and short-term incentive if his employment is terminated by the Corporation.

The following table sets forth estimates of the incremental amounts payable to each of the NEOs upon retirement, termination without cause or death, assuming that each such event would have taken place on December 31, 2017. The table does not include the value of insurance benefits that could be continued for a few months following the occurrence of the respective event since they are generally available to all salaried employees.

| Estimated Incremental Amounts Payable upon the Following Events Assumed to Occur on December 31, 2017 * | | | |
|---|--------------------|--------------------------------------|---------------------------|
| NEO | Retirement (\$) | Termination without Cause (\$) | Death (\$) |
| Alain Bellemare | — | 18,264,000 ⁽¹⁾⁽²⁾ | 12,271,600 ⁽²⁾ |
| John Di Bert | — | 638,000 ⁽³⁾ | — |
| David Coleal | — | 821,400 ⁽⁴⁾ | — |
| Fred Cromer | — | 770,100 ⁽⁴⁾ | — |
| Laurent Troger | — | 2,698,400 ⁽⁵⁾ | — |

(1) Included is the lump sum amount equal to 24 months of base salary and target short-term incentive.

(2) Included is the lump sum amount equal to the value of the RSUs and the unexercised in-the-money stock options as of December 31, 2017 that will vest immediately. The value of the stock options is the difference between the closing price of the underlying shares as of that date and the exercise price, based on the closing price of the Class B subordinate voting shares of \$3.03Cdn and an exchange rate from Canadian dollars to US dollars of 0.7975 as of December 31, 2017. These options have not been, and may never be, exercised, and actual gains, if any, on exercise will depend on the value of the Class B subordinate voting shares on the date of exercise.

(3) Lump sum amount equal to 12 months of base salary.

(4) Lump sum amount equal to 15 months of base salary.

(5) Lump sum amount not to exceed 18 months of base salary and short-term incentive.

* All incremental amounts would be paid in Canadian dollars except for Laurent Troger where the incremental amount would be paid in Euros. The base salary and short-term incentive plan amounts were converted from Canadian dollars and Euros to US dollars based on the average exchange rates of 0.7975 and 1.1993 respectively during the financial year ended on December 31, 2017.

The following table describes the consequences resulting from different types of termination from employment on the entitlement to the benefits of the Bombardier compensation programs assuming the event took place on December 31, 2017. Subject to exceptions, only the accrued and vested benefits are paid under each of the compensation plans.

| Retirement | |
|---------------------------|--|
| Severance Payment | None for voluntary retirement |
| Short-Term Incentive | Entitled to pro-rata of short-term incentive for portion of financial year prior to retirement date |
| Stock Options | If retirement on or after age 55 with 5 or more years of service, the size of the grant is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period. The reduced number of stock options must be exercised in the following three years and regular vesting rules continue to apply during that period. ⁽¹⁾ If retirement on or after age 60 with 5 or more years of service, stock options must be exercised in the following three years and regular vesting rules continue to apply during that period. ⁽¹⁾ |
| Restricted Share Units | If retirement on or after age 55 with 5 or more years of service, RSU grant is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period and will be paid at the end of the vesting period. ⁽²⁾ If retirement on or after age 60 with 5 or more years of service or unreduced early retirement eligible under an approved Bombardier retirement plan, the size of the grant is not affected and will be paid at the end of the vesting period. ⁽²⁾⁽³⁾ |
| Performance Share Units | If retirement on or after age 55 with 5 or more years of service, PSU grant is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period and will be paid at the end of the vesting period, subject to meeting the applicable performance objectives. ⁽⁴⁾ If retirement on or after age 60 with 5 or more years of service or unreduced early retirement eligible under an approved Bombardier retirement plan, the size of the grant is not affected and will be paid at the end of the vesting period, subject to meeting the applicable performance objectives. ⁽³⁾⁽⁴⁾ |
| Deferred Share Units | Upon retirement, DSUs already vested are settled in Class B subordinate voting shares before the last day of the calendar year of retirement. All unvested DSUs expire immediately. |
| Pension Plan | Pension benefits start being paid according to plan rules. |
| Benefits and Perquisites | Some benefits could continue up to age 65 depending on the number of years of service. Perquisites expire upon retirement. |
| Termination Without Cause | |
| Severance Payment | Will be based on common or civil law requirements, except as described in “Termination and Change of Control Provisions” of Section 5 of this Circular. |
| Short-Term Incentive | None, except as described in “Termination and Change of Control Provisions” of Section 5 of this Circular. |
| Stock Options | The size of the grant is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period. The reduced number of stock options must be exercised in the following three years and regular vesting rules continue to apply during that period. ⁽¹⁾ |
| Restricted Share Units | The RSU grant is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period and will be paid at the end of the vesting period. ⁽²⁾ |
| Performance Share Units | The PSU grant is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period and will be paid at the end of the vesting period, subject to meeting the applicable performance objectives. ⁽⁴⁾ |
| Deferred Share Units | Upon termination, DSUs already vested are settled in Class B subordinate voting shares before the last day of the calendar year of termination. All unvested DSUs expire immediately. |
| Pension Plan | Value of pension benefits payable in accordance with local legal requirements |
| Benefits and Perquisites | All benefits and perquisites expire immediately or after a minimal period of a few months. |
| Death | |
| Severance Payment | None |
| Short-Term Incentive | Entitled to pro-rata of short-term incentive for portion of financial year prior to the date of death |
| Stock Options | Already vested stock options could be exercised within the following 12 months. ⁽¹⁾⁽⁵⁾ |
| Restricted Share Units | The RSU grant is reduced in proportion to the length of service between the award date and the date of death to the length of the total vesting period and will be paid at the end of the vesting period. ⁽²⁾ |
| Performance Share Units | The PSU grant is reduced in proportion to the length of service between the award date and the date of death to the length of the total vesting period and will be paid at the end of the vesting period, subject to meeting the applicable performance objectives. ⁽⁴⁾ |
| Deferred Share Units | Upon death, DSUs already vested are settled in Class B subordinate voting shares before the last day of the calendar year of death. All unvested DSUs expire immediately. |
| Pension Plan | Value of pension benefits payable in accordance with local legal requirements. |
| Benefits and Perquisites | All benefits expire immediately. Perquisites expire upon death. |

Voluntary Resignation or Termination with Cause

| | |
|--------------------------|--|
| Severance Payment | None |
| Short-Term Incentive | None |
| Stock Options | All options expire immediately. ⁽⁶⁾⁽⁷⁾ |
| Restricted Share Units | All RSUs expire immediately. ⁽⁶⁾⁽⁷⁾ |
| Performance Share Units | All PSUs expire immediately. ⁽⁶⁾ |
| Deferred Share Units | Upon termination, DSUs already vested are settled in Class B subordinate voting shares before the last day of the calendar year of termination. However, vested DSUs may be cancelled by the HRCC if the termination of employment is due to a breach of the Code of Ethics. All unvested DSUs expire immediately. |
| Pension Plan | Value of pension benefits payable in accordance with local legal requirements |
| Benefits and Perquisites | All benefits and perquisites expire immediately. |

Change of Control

Bombardier has no change of control arrangements or agreement with any of its NEOs.

- (1) In the case of the President and Chief Executive Officer, the size of the grant is not affected and vesting is immediate. In the event of termination without cause, the stock options must be exercised before the earlier of the date which is three years following the termination date or their original expiration date. In the event of death, the stock options must be exercised by the estate before the earlier of the date which is one year following the date of death or their original expiration date and in any event not later than the earlier of one year following the date of death or three years after the resignation date, in case of death following a voluntary resignation.
- (2) In the case of the President and Chief Executive Officer, the RSU grants are not affected and, provided he is at least 59 years old, vesting is immediate. The same applies if the President and Chief Executive Officer becomes disabled at any age.
- (3) The same applies if the individual takes a leave of absence resulting from sickness, disability, maternity, paternity, parental leave or adoption.
- (4) In the case of the President and Chief Executive Officer, the PSU grants are not affected. The same applies if the President and Chief Executive Officer becomes disabled.
- (5) Provided however that no stock option shall be exercised after the earlier of their original expiration date, and if applicable, three years from the retirement, voluntary authorized leave of absence or disability leave of absence date.
- (6) In the case of a voluntary resignation of the President and Chief Executive Officer on or after February 13, 2018 but prior to June 13, 2020, the size of the grants is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period subject to a six-month prior notice and the presentation of a succession plan to the HRCC.
- (7) In the case of a voluntary resignation of the Senior Vice President and Chief Financial Officer before August 10, 2018, the size of the grants received on August 10, 2015 further to his hiring is reduced in proportion to the length of service between the award date and the date of departure to the length of the total vesting period.

SUMMARY

The HRCC is satisfied that Bombardier's current executive compensation policies, plans and levels of compensation are aligned with Bombardier's performance in light of applicable circumstances and reflect competitive market practices.

The HRCC is confident that these policies and plans allow Bombardier to attract, retain and motivate talented executives while promoting the creation of shareholder value.

The HRCC fully understands the long-term implications of the executive compensation policy and plans and the limitations that they may impose on the total compensation results.

The Chair of the HRCC, Vikram Pandit, will be available to answer questions relating to Bombardier's executive compensation matters at the Meeting, on Thursday, May 3, 2018.

Submitted on February 13, 2018, by the Human Resources and Compensation Committee of the Board of Directors.

Financial information related to Bombardier is provided in its comparative financial statements and management's discussion and analysis thereon for the financial year ended on December 31, 2017.

SHAREHOLDER PROPOSALS

Shareholders of Bombardier who will be entitled to vote at the 2019 annual meeting of shareholders and who wish to submit a proposal in respect of any matter to be raised at such meeting must submit their proposal(s) to the Senior Vice President, General Counsel and Corporate Secretary of Bombardier no later than December 5, 2018.

Exhibits "B" and "C" attached to this Circular respectively set out the four shareholder proposals that have been submitted for consideration at the Meeting by the Mouvement d'éducation et de défense des actionnaires (MÉDAC) and the shareholder proposal that has been submitted for consideration at the Meeting by OceanRock Investments Inc.

ADVANCE NOTICE REQUIREMENT FOR DIRECTOR NOMINATIONS

Bombardier's By-Law One contains an advance notice requirement in circumstances where nominations of persons for election to the Board of Directors are made by shareholders of the Corporation other than pursuant to: (a) a requisition of a meeting made pursuant to the provisions of the CBCA; or (b) a shareholder proposal made pursuant to the provisions of the CBCA (the "Advance Notice Requirement"). In the case of an annual meeting of shareholders, notice to the Corporation must be made not less than 30 nor more than 65 days prior to the date of the annual meeting; provided, however that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement. In the case of a special meeting of shareholders (which is not also an annual meeting), notice to the Corporation must be made not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting was made. In addition, the Advance Notice Requirement sets forth the information that a shareholder must include in the notice for it to be valid, including, among other things, identification and shareholding information about the nominee and information about the shareholder making the nomination and any proxy, contract, arrangement, understanding or relationship pursuant to which such shareholder has a right to vote any shares of Bombardier. Bombardier's By-Law One is available on the SEDAR website at www.sedar.com.

APPROVAL OF THE BOARD OF DIRECTORS OF BOMBARDIER

MANDATE OF THE BOARD OF DIRECTORS OF BOMBARDIER INC.

MANDATE OF THE BOARD

The role of the Board is to supervise the management of Bombardier’s business and affairs with the objective of increasing profitability and, therefore, enhancing shareholder value.

The directors, in exercising their powers and discharging their duties, shall act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances.

Management’s role is to conduct the day-to-day operations in a way that is consistent with the business plan approved by the Board.

The Board decides all matters expressly stated herein to be under its jurisdiction or provided for under the *Canada Business Corporations Act* (“CBCA”) or other applicable legislation or Bombardier’s articles of incorporation or by-laws (subject always to the power of the Board to delegate to a Committee or to individual directors or officers any part of its authority which it may lawfully so delegate). The Board may assign to any Board Committee the prior review of any issues the Board is responsible for. Board Committee recommendations are subject to Board approval. The Board is to be informed of any Board Committee decisions at the regular Board meeting next following such decision.

As part of its stewardship responsibility, the Board advises management on significant business issues and has the following responsibilities:

A. APPROVING BOMBARDIER’S STRATEGY

- adopting a strategic plan, updating it on at least an annual basis, taking into account, among other things, the opportunities and risks of the business, and monitoring the implementation of the strategic plan by management;
- adopting, on an annual basis, an appropriate business plan which reflects the implementation of the first year of the strategic plan, and reviewing it on a quarterly basis.

B. MONITORING FINANCIAL MATTERS AND INTERNAL CONTROLS

- through the work and recommendations of the Audit Committee, monitoring the quality and integrity of Bombardier’s accounting and financial reporting systems, disclosure controls and procedures, internal controls and management information systems, including by overseeing:
 - a) the integrity and quality of Bombardier’s financial statements and other financial information and the appropriateness of their disclosure;
 - b) independent auditors’ qualifications and independence;
 - c) the performance of Bombardier’s internal audit function and of Bombardier’s independent auditors; and
 - d) Bombardier’s compliance with its own Code of Ethics and Business Conduct and all applicable legal and regulatory requirements;
- except to the extent delegated by the Board, the responsibility of all decisions involving a minimum amount, as provided in the Administration Policy pertaining to the various levels of authority;
- based on the recommendations of the Audit Committee, recommending to the shareholders of Bombardier the appointment of its independent auditors;
- through the work and recommendations of the Finance and Risk Management Committee, ensuring that an appropriate risk assessment process is in place to identify, assesses and manage the principal risks of Bombardier’s business;
- adopting communications policies and monitoring Bombardier’s investor relations programs; Bombardier’s communications policies (i) address how Bombardier interacts with analysts, investors, other key stakeholders and the public, (ii) contain measures for Bombardier to comply with its continuous and timely disclosure obligations and to avoid selective disclosure, and (iii) are reviewed at least annually.

C. MONITORING PENSION FUND MATTERS

- through the work and recommendations of the Finance and Risk Management Committee, monitoring and reviewing Bombardier’s pension fund investment policies and practices, in the context of pension plan liabilities.

D. MONITORING ENVIRONMENTAL MATTERS

- through the work and recommendations of the Finance and Risk Management Committee, monitoring and reviewing, as appropriate, Bombardier's environmental policies and practices and overseeing their compliance with applicable legal and regulatory requirements.

E. MONITORING OCCUPATIONAL HEALTH AND SAFETY MATTERS

- through the work and recommendations of the Human Resources and Compensation Committee, monitoring and reviewing, as appropriate, Bombardier's occupational health and safety policies and practices and overseeing their compliance with applicable legal and regulatory requirements.

F. OVERSEEING THE SUCCESSION PLANNING OF THE CHIEF EXECUTIVE OFFICER AND A NUMBER OF SELECTED SENIOR EXECUTIVE POSITIONS THROUGH THE APPROPRIATE MECHANISMS PUT IN PLACE BY THE HUMAN RESOURCES AND COMPENSATION COMMITTEE

- appointing the Chief Executive Officer, monitoring his performance and overseeing the appointment of a number of selected senior executive positions;
- approving the compensation of the Chief Executive Officer and ensuring that an appropriate portion of the compensation of the Chief Executive Officer and of a number of selected senior executive positions is tied to the short- and long-term performance of Bombardier;
- ensuring that recruitment, training and development processes are in place to attract, motivate and retain qualified executives to meet Bombardier's business objectives.

G. MONITORING CORPORATE GOVERNANCE ISSUES THROUGH THE WORK AND RECOMMENDATIONS OF THE CORPORATE GOVERNANCE AND NOMINATING COMMITTEE

- monitoring the size and composition of the Board to ensure effective decision-making;
- overseeing management in the competent and ethical operation of Bombardier;
- monitoring Bombardier's approach to governance issues and monitoring and reviewing, as appropriate, Bombardier's Corporate Governance Manual and policies;
- reviewing, from time to time, Bombardier's Code of Ethics and Business Conduct applicable to Bombardier's directors, officers, and employees;
- ensuring the annual performance assessment of the Board, Board Committees, board and committee chairs and individual directors and determining their remuneration;
- recommending to the Board (i) the Board nominees for election at the annual meeting of shareholders or (ii) up to two nominees to be appointed by the Board as additional directors to hold office for a term expiring not later than the close of the next annual meeting of shareholders or (iii) the nominees to fill Board vacancies.

H. THE LEAD DIRECTOR

- prior to or after each regular meeting of the Board, if required, the independent directors will meet under the chairmanship of the Lead Director who is appointed annually by the members of the Board;
- additional meetings may be held at the request of any independent director;
- thereafter, the Lead Director will transmit to the Chairman of the Board and Chief Executive Officer, any comment, question or suggestion of independent directors;
- independent directors have no decision-making power;
- independent directors may provide for their own procedure such as secretariat, notices of meeting, minutes and similar matters;
- their quorum is composed of a majority of the independent directors.

SHAREHOLDER PROPOSALS

The following shareholder proposals have been submitted for consideration at the Meeting by the MÉDAC.

1 - Advisory vote on compensation

It is proposed that the Board of Directors explicitly discuss at the annual meeting the changes made to its compensation policy to address the concerns of Class B shareholders (one vote per share) who voted 35.4% against its compensation policy.

Argument

The dissatisfaction of shareholders other than the Bombardier family was significant last year and was seriously criticized in the media. We will add the following two criticisms issued by Teachers and Glass Lewis that voted against voting against [sic] your compensation policy:

Ontario Teachers’ Pension Plan: Teachers

“We assessed Bombardier’s compensation policy which raised enough concerns for us not to support it. We are of the opinion that the disclosed information justify the compensation decisions of the Board is insufficient to show the link that should exist between the performance of the organization’s executives and the performance of the organization. The disclosure lacks clarity with respect to the criteria the Board of Directors consider when setting the targets and the performance of its executives.”

Glass Lewis

“The increase in bonus payouts for Bombardier’s senior executives should be studied in-depth, especially given that the corporation received government funding during the year,” believes Glass Lewis.

The decision damaged Bombardier’s reputation both at the Quebec and global level. The Board of Directors must rethink its position with respect to compensation by adopting a policy that clearly and simply shows a link between executive compensation and the corporation’s financial and extra-financial performance (investment in the community, job retention, environmental protection, employee satisfaction, service quality, sound governance).

BOMBARDIER’S RESPONSE

The Corporation appreciates the importance that shareholders place on executive compensation programs and is committed to proactive, open and responsive communications with shareholders allowing for meaningful and useful dialogue to address their concerns.

As a best practice, Bombardier voluntarily adopted a say-on-pay policy in 2011 that gives shareholders an annual vote on the executive compensation program, which is an important part of the ongoing process of engagement between shareholders and the Board of Directors. As stated by the MÉDAC, the Corporation’s say-on-pay proposal was submitted to the vote of the Corporation’s shareholders at its 2017 Annual General Meeting. A significant majority of 94% of votes cast on the annual advisory vote at the 2017 Annual General Meeting were in favour of the executive compensation program. The Board of Directors believes that the Corporation’s shareholder advisory vote, which is in the form recommended by the Canadian Coalition of Good Governance (CCGG), provides meaningful opportunities for shareholders to effectively express their views on executive compensation.

By electing the members who make up the Board of Directors of the Corporation each year, shareholders give them a well-defined mandate to supervise the management of the business and affairs of the Corporation. Determination of compensation policies is a key responsibility of the Board. Executive compensation is a complex area that requires a deep understanding of the business and its competitive environment over time and must take into account a number of factors to ensure that our overall compensation approach serves the best interests of the Corporation. The HRCC, which is comprised entirely of independent directors within the meaning of applicable securities laws, has full access to the necessary information and has the benefit of external professional guidance and the relevant experience of its members to make appropriate decisions with respect to executive compensation. The HRCC exercises its stewardship with particular attention paid to governance and controls in place for executive compensation.

The Corporation’s executive compensation policies and programs have been designed to provide a direct linkage with the operational goals underlying the Turnaround Plan in the short and long term, which are management’s core focus at the present time, and to increase shareholder value over the long term. The Corporation’s executive compensation is designed

to attract and retain key talent the Corporation needs to remain competitive in the challenging markets in which it operates. Section 5 in this Circular provides detailed disclosure on the Corporation's executive compensation policies and programs, and clearly demonstrates that a significant portion of executive compensation is linked to meeting performance targets that are aligned with the short- and long-term goals of the Corporation in the context of its Turnaround Plan and the interests of shareholders. The Board believes that the Corporation's executive compensation policies and programs are appropriate in light of the Corporation's business in the competitive environment and challenging markets in which it operates and drive solid execution of the Turnaround Plan for the benefit of all shareholders.

In addition, in 2017, members of our management team engaged shareholders and their representatives to better understand their views about our compensation policies and practices, which included:

- Discussions with major institutional shareholders
- Dialogues with proxy advisory firms
- Investor road shows and conferences

As mentioned in the Circular, the Corporation and the HRCC appreciate the input from shareholders and consider the feedback in making compensation decisions and make every effort to adopt policies responsive to their concerns when it is in the interest of the Corporation. This year, the Corporation has expanded its disclosure in this respect, as discussed in the new table appearing on page 43 of this Circular.

Taking into account the foregoing, the Board believes there is an appropriate balance between open communication with shareholders, which takes into account their views, and the accountability of the Board, and that adequate measures have already been put in place to ensure the transparency of the process relating to executive compensation.

For these reasons, Bombardier therefore recommends shareholders vote AGAINST the proposal.

2 - Independence of compensation advisors

It is proposed that the Board of Directors ensure greater independence of its compensation advisors Willis Tower Watson by ensuring that they derive the majority of their fees from the work they perform exclusively for the executive compensation committee.

Argument

Based on the data disclosed in the 2017 Management Proxy Circular, the firm Willis Towers Watson received \$2,842,400 in fees for all work performed for Bombardier, of which \$63,800 was for executive compensation.²¹

| Mandates and Fees | Financial Year Ended December 31, 2016 (\$) | Financial Year Ended December 31, 2015 (\$) | Financial Year Ended December 31, 2016 (\$) | Financial Year Ended December 31, 2015 (\$) | Financial Year Ended December 31, 2016 (\$) | Financial Year Ended December 31, 2015 (\$) |

| Total Fees | 84,000 ⁽¹⁾ | 77,000 ⁽¹⁾ | 2,842,400 | 2,441,400 | 36,800 | 44,150 |

(1) Fees were converted from Canadian dollars to US dollars based on an average exchange rate of 0.7549 during the financial year ended December 31, 2016 and on an average exchange rate of 0.7838 during the financial year ended December 31, 2015.

This practice raises serious concerns as it may influence the firm to propose salary structures that are favourable to senior management in order to renew or obtain other contracts granted by management, which in 2016 represented close to 98% of its total fees. Glass Lewis, a prominent proxy advisory firm, wrote "when a consultant receives substantial income for providing other services to a business, a conflict of interest emerges and we may reasonably question its objectivity."

For us, compensation advisors should have the same independence from management as external auditors. To avoid any conflicts or appearance of conflicts of interest, the Board of Directors must ensure greater independence of its compensation advisors for senior management by excluding any possibility of obtaining other contracts that could be granted by management.

BOMBARDIER'S RESPONSE

A distinction must be made between Meridian, which is the HRCC's independent executive compensation advisor, and Willis Towers Watson, which is retained by management to conduct a benchmarking review on long-term incentives relative to the Canadian market. For the financial year ended December 31, 2017, Willis Towers Watson was not retained to assist the Board of Directors or the HRCC in determining compensation for directors or executive officers. Moreover, all Willis Towers Watson associates are subject to a comprehensive code of business conduct, which addresses issues including conflicts of interest. In addition, Willis Towers Watson's Professional Excellence (quality) policies mandate rigorous peer reviews of all of their client work and periodic compliance reviews. Furthermore, to ensure the objectivity of consulting on executive compensation for officers and directors, Willis Towers Watson adheres to additional consulting protocols which have been in effect for a number of years and these protocols apply whether the firm is retained by the compensation committee of the board or by management. The HRCC may use, in its own discretion, its independent executive compensation consultant (Meridian) to review executive compensation work submitted by Willis Towers Watson.

Moreover, as Willis Towers Watson was not retained to assist the Board of Directors or the HRCC in determining compensation for directors or executive officers at any time during the financial year ended December 31, 2017, the Corporation is not technically required to disclose its mandate, but nevertheless discloses this information for more transparency.

Taking into account the foregoing, the Board believes that sufficient processes are in place regarding the independence of Meridian.

For these reasons, Bombardier therefore recommends shareholders vote AGAINST the proposal.

3 - Separate voting results by class of shares

It is proposed that the corporation disclose voting results by class of shares, namely those shares carrying one voting right and those carrying multiple voting rights.

Argument

At the last annual meeting, this proposal garnered 15.8% of the voting rights covered by the proxies received and cast at the annual meeting. However, if the results of this vote are expressed solely in terms of Class B shareholders (limited voting rights), the percentage of votes in favour of our proposal is of the order of 90.3%.

Voting results are currently disclosed without any differentiation. Our experience in recent years shows that holders of the two types of shares may not share the same concerns. A few cases in point are the institution of an advisory vote on executive compensation, the renewal of the term(s) of office of one or more directors and a better gender balance on boards of directors.

As stated in our recent proposals, multiple voting shares offer attractive benefits to both controlling and minority investors as long as the legal framework and governance principles ensure adequate protection of minority shareholders. To ensure such adequate protection, minority shareholders need quick and direct access to the results of their votes so they can be sure their voices have been heard and will lead to actions better aligned with their expectations.

Such information would enable minority shareholders to better monitor the actions taken by the corporation to meet their expectations and would promote a more sustained dialogue between the two classes of shareholders. It could even result in greater minority shareholder loyalty and thereby build the type of consensus and mutual trust that can prove very useful during the difficult times that every organization encounters.

BOMBARDIER'S RESPONSE

As stated by the MÉDAC, this same proposal was submitted to the vote of the Corporation's shareholders at its two previous annual shareholder meetings, and was rejected by 84.2% of the votes cast in 2017 and by 87.8% of the votes cast in 2016. The Corporation and the Board hereby reaffirm their position; which position was consistently confirmed by a significant majority of the votes cast at the last two annual shareholders' meetings.

Subject to the Corporation's restated articles, the *Canada Business Corporations Act* and any other applicable requirements, Class A shares and Class B subordinate voting shares vote together in respect of matters raised for consideration at each meeting of the Corporation's shareholders. Accordingly, the Board of Directors believes that providing disclosure of shareholder voting results on a class-by-class basis would not provide investors with any meaningful information and, further, would risk misleading holders of Class B subordinate voting shares into believing that they are entitled to vote separately as a class on matters for which no such rights exist. This position is in line with applicable legislation, which does not require the disclosure of votes per class of shares but otherwise contains sections dealing with the protection of shareholders. In addition, directors have the fiduciary obligation to ensure that the interests of all shareholders, irrespective of the class of shares held, are adequately protected.

Moreover, studies have shown that, on average, shares of North American public companies are held for short periods of time, often less than six months. We also note that the Class B subordinate voting shares are generally characterized by significantly greater turnover as compared to the Class A shares. Accordingly, isolating the results of the votes expressed solely by the holders of Class B subordinate voting shares could be misleading by emphasizing, notably, the votes expressed by short-term shareholders and would not necessarily be indicative of the votes expressed by shareholders who have an interest in the long-term interests of the Corporation.

Furthermore, the Board believes that the interests of the vast majority of the Corporation's shareholders are well aligned, and that the engagement and dialogue established between the Corporation and its shareholders ensures that all shareholders who wish to be heard are. As Bombardier is firmly committed to providing investors with the highest level of meaningful and relevant disclosure in accordance with applicable corporate and securities laws and best practices, all shareholders have access to a broad range of information via, for example, the Corporation's annual information form, management proxy circular, quarterly and annual financial statements and annual report. As such, they invest in Bombardier knowingly of its dual-class share capital structure, which has been in place for over 35 years, and of the characteristics attributed to the Class A shares.

Finally, the Corporation complies with and, in certain respects, even surpasses, the applicable requirements of Canadian securities laws and of the TSX concerning the disclosure of the results of votes held at meetings of its shareholders.

For these reasons, Bombardier therefore recommends shareholders vote AGAINST the proposal.

4 - Severance payments in the event of a change of control

It is proposed that the Board of Directors adopt a policy regarding severance payments for senior executives in the event of a change of control.

Argument

The 2017 Management Proxy Circular states that Bombardier has no change of control arrangements or agreements with any of its named executive officers. We are surprised that no such arrangement or agreement exists to ensure that these persons are neutral and motivated to act in the best interests of shareholders.

Such a policy should provide a clear definition of "change of control" and disclose all severance payments and deferred compensation that could be paid under such circumstances.

According to the executive compensation principles of the Canadian Coalition for Good Governance ("CCGG"), such contracts should contain a definition of "change of control" triggering the severance payments. This definition should be limited to the legal definition (i.e., a change in control of more than 50% of outstanding votes) and be clearly disclosed to shareholders.

We propose that there be a clear disclosure of your "change of control" definition and, in order to obtain a clear view of such payments, that they be presented in a table, as in the example of BCE below, allowing a comparison between the different severance payments in the event of termination of employment.²²

In 2017, Bombardier's compensation policy was highly criticized. This missing element with respect to change of control must be clarified for the benefit of all shareholders.

BOMBARDIER'S RESPONSE

Neither the HRCC nor the Board of Directors believes it would be in the best interests of Bombardier at this time to establish a general policy providing for special payments or indemnifications to executive officers automatically upon a change of control transaction. However, the HRCC and the Board of Directors reserve the discretion in the future to provide for such payments or indemnifications in circumstances they may consider appropriate. The Board believes that the Corporation's current executive compensation policies and programs are appropriate in light of the Corporation's business in the competitive environment and challenging markets in which it operates and drive solid execution of the Turnaround Plan for the benefit of all shareholders.

In addition, the Board of Directors is of the view that the proposal fails to recognize the differences inherent to companies with a group of controlling shareholders, which controlling shareholders will necessarily have a significant influence with respect to all matters submitted to the shareholders for approval, including without limitation the approval of certain business combinations. In light of the Corporation's current shareholding structure, it would be difficult or even impossible for a third party to acquire control of the Corporation or effect a change in the Corporation's Board of Directors and management without the support and approval of the Bombardier family. Accordingly, the Board of Directors does not believe that change of control arrangements are relevant or necessary at the present time to motivate executive officers to act in the Corporation's best interests. Officers are required by law to make decisions in accordance with their fiduciary duties to act with due care and with a view to the best interests of the Corporation, including its shareholders as a whole.

It is also the Board's view that it is important to maintain clarity regarding the role of the Board as distinct from the role of shareholders. The directors, who are elected by the shareholders, have a legal duty to supervise the management of the business and affairs of the Corporation and are required by law to make decisions in accordance with their fiduciary duties to act with due care and with a view to the best interests of the Corporation, including its shareholders as a whole. Courts have indicated that, in some cases, fiduciary duties may extend to other stakeholders of the Corporation. Individual shareholders, however, have no such fiduciary duty, whether to other shareholders, to the Corporation or to other

stakeholders. The Corporation’s current approach to overseeing the terms and conditions of appointment, promotion and/or termination of executive officers appropriately recognizes the role of the Board and the HRCC, which are in the best position to oversee the terms and conditions of appointment, promotion and/or termination of selected executive officers of the Corporation. The HRCC, which is comprised entirely of independent directors within the meaning of applicable securities laws, has full access to the necessary information and has the benefit of external professional guidance and the relevant experience of its members to make appropriate decisions with respect such matters.

For these reasons, Bombardier therefore recommends shareholders vote AGAINST the proposal.

BOMBARDIER INC.

SHAREHOLDER PROPOSAL

The following shareholder proposal has been submitted for consideration at the Meeting by the OceanRock Investments Inc.

It is proposed that the Board prepare a report annually of the Corporation’s policy and procedures governing lobbying and grassroots lobbying communications, payments or dues paid by the Corporation that may be used for lobbying and the Corporation’s membership in and/or payments to any tax-exempt organization that writes and advocates for policy change.

Whereas, full disclosure of our company’s direct and indirect lobbying activities and expenditures will allow investors to assess whether the Company’s lobbying is consistent with the company’s expressed goals and in the best interests of shareholders.

Resolved, shareholders request the Board prepare a report, updated annually, disclosing:

1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications.
2. Payments or dues paid by the Company that may be used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including the amount of the payment and the recipient.
3. The Company’s membership in and/or payments to any tax-exempt organization in Canada or the USA that writes and endorses model legislation or advocates for policy change.
4. Description of the decision making process and oversight by management and the Board for making payments described in sections 2 and 3 above.

For purposes of this proposal, a “grassroots lobbying communication” is a communication directed to the general public that (a) refers to specific legislation, regulation, or government policy (b) reflects a view on the legislation, regulation or policy and (c) encourages the recipient of the communication to take action with respect to the legislation, regulation or policy. “Indirect lobbying” is lobbying engaged in by a trade association or other organization of which the Company is a member. Both “direct and indirect lobbying” and “grassroots lobbying communications” include lobbying at the local, provincial, state and federal levels.

The report shall be presented to the Audit Committee or other relevant oversight committees of the Board and posted on the company’s website.

BOMBARDIER’S RESPONSE

Bombardier participates in public policy advocacy by communicating in a legal and appropriate manner with policymakers and regulators on issues that impact its businesses. The Board of Directors believes that open dialogue between government, the public and the business community leads to greater understanding and contributes to informed government decision-making, benefitting our shareholders, stakeholders and the communities we are part of.

On a monthly basis, Bombardier files reports on its federal lobbying activities (if any) with the Office of the Commissioner of Lobbying of Canada. A full list of the Corporation’s reportable communications with public office holders in Canada is available on the website of the Office of the Commissioner of Lobbying of Canada (OCL) at <http://www.ocl-cal.gc.ca/eic/site/012.nsf/eng/home>. Regarding Quebec provincial public office holders, information on Bombardier’s lobbying activities is available on the website of the *Quebec Registre des lobbyistes* at <http://www.lobby.gouv.qc.ca/servicespublic/informationel/Accueil.aspx>. These websites list all registered lobbyists for the Corporation, the subject matters of the lobbying activities and the targeted public office holders. Bombardier also files reports in other Canadian jurisdictions (e.g. provincial or municipal) as required from time to time to comply with applicable local legislation. Similarly, the U.S. House of Representatives provides public access to the Corporation’s lobbying reports in the United States at <http://lobbyingdisclosure.house.gov/>. Such reports, filed quarterly pursuant to the federal *Lobbying Disclosure Act*, disclose the Corporation’s lobbying expenditures, describe specific pieces of legislation that were the topic of communication and identify the individuals who lobbied on behalf of the Corporation.

Our public advocacy activities are subject to oversight by management through the Vice Presidents, Government Affairs, who are responsible for government relations and the status and adequacy of efforts to develop and maintain effective relationships with regulators and governments. In addition, the Vice Presidents, Government Affairs of the Corporation, together with the Corporation’s legal department, are responsible to ensure that employees who lobby are informed of their obligations under applicable legislation.

We are committed to the highest ethical standards in all of our relationships with governments. Together with our Code of Ethics, our other controls seek to ensure compliance with laws respecting communication with government officials in every

jurisdiction in which we operate. Pursuant to the Corporation's Code of Ethics, employees and partners of Bombardier who deal with government officials and negotiate contracts are responsible for knowing and complying with all applicable laws and regulations, including those pertaining to lobbying activities. The Code of Ethics is available on the Corporation's website at: <http://www.bombardier.com/en/governance/code-of-ethics-and-business-conduct.html>. A Corporate Ethic and Compliance Officer ensures full adherence to applicable laws and regulations and strict compliance with the Code of Ethics and reports to the Audit Committee through the Bombardier Ethics Advisory Council on a quarterly basis.

The Corporation is also a member of associations and coalitions in which it works with industry partners and represents the Corporation's interests. Such organizations perform many valuable functions and lobbying is not their primary focus. Membership in or financial support of these various groups does not mean the Corporation agrees with or supports every position or lobbying action taken by these organizations or their other members. The Corporation does not direct how dues that the Corporation and other members pay to such trade organizations and industry groups are used. Accordingly, the Board believes that additional disclosures regarding specific payments made to these organizations would not necessarily present an accurate reflection of the Corporation's positions on certain public policy issues or advocacy efforts.

Finally, the Board believes that the proposal's additional detailed reporting obligation would be duplicative of already existing public disclosures and that it would impose an unnecessary administrative burden and costs on the Corporation when sufficient public disclosure already exists. We will continue to review our approach against best practices, but in light of our governance practices and public disclosures already available, the Board of Directors does not believe the additional disclosure called for by the proposal is necessary.

For these reasons, Bombardier therefore recommends shareholders vote AGAINST the proposal.

APPENDIX

STOCK OPTIONS AND 2010 DEFERRED SHARE UNIT PLAN (2010 DSUP)

Stock options

A grant of stock options represents the right to purchase an equal number of Class B subordinate voting shares at the determined exercise price.

The main rules of the Stock Option Plan are as follows:

- the exercise price equals the weighted average trading price of the Class B subordinate voting shares traded on the TSX on the five trading days immediately preceding the day on which an option is granted;
- options have a maximum term of seven years and vest at a rate of 100% at the end of the third anniversary of the date of grant; the three-year vesting period aligns with the vesting schedules of the RSU/PSU/DSU plans;
- if the expiration date of an option falls during, or within 10 business days following the expiration of a blackout period, such expiration date shall automatically be extended for a period of 10 business days following the end of the blackout period; and
- refer to “[Termination and Change of Control Provisions](#)” of Section 5 of this Circular for the treatment of stock options in such cases.

In addition, the Stock Option Plan provides that no option or any right in respect thereof shall be transferable or assignable otherwise than by will or pursuant to the laws of succession.

The granting of stock options is subject to the following rules:

- Granting non-assignable options to purchase Class B subordinate voting shares may not exceed 224,641,195, taking into account the aggregate number of Class B subordinate voting shares issuable under any other security-based compensation arrangement of the Corporation;
- In any one-year period, any insider or his or her associates may not be issued shares exceeding 5% of all issued and outstanding Class B subordinate voting shares.

DSUs

A grant of DSUs represents the right to receive an equal number of Class B subordinate voting shares or, in the case of DSUs granted prior to June 2010, a cash payment equal to the value of the DSUs, if the pre-determined performance targets are attained.

The main rules of the DSU Plan and 2010 DSUP are summarized below:

- the vesting period is determined at the date of the grant, subject to a maximum term of three years from that date;
- the key performance indicator and targets for DSUs are usually determined at the date of the grant by the HRCC;
- the number of Class B subordinate voting shares or amount of the cash payment delivered upon the participant's termination of employment, death or retirement may be cancelled, reduced or increased depending on the actual results of the applicable performance indicator(s);
- dividend equivalents will be settled in the form of additional DSUs;
- the maximum number of Class B subordinate voting shares which may be issued from treasury under the 2010 DSUP is 24,000,000; and
- refer to “[Termination and Change of Control Provisions](#)” of Section 5 of this Circular for the treatment of DSUs in such cases.

In addition, the terms of the DSU Plan and 2010 DSUP provide that the rights of a participant thereunder may not be assigned, encumbered, pledged, transferred or alienated in any way other than by will or pursuant to the laws of succession.

When a DSU participant's employment terminates for any reason, vested DSUs are settled. Vested DSUs granted before June 2010 under the DSU Plan are settled as Class B subordinate voting shares purchased on the secondary market or, at the discretion of the HRCC, the cash equivalent. Vested DSUs granted on or after June 2010 under the 2010 DSUP are settled as Class B subordinate voting shares issued from treasury or purchased on the secondary market. Actual settlements of vested DSUs may be postponed by the HRCC until the last calendar day of the year of termination of employment, death or retirement.

Common terms

In addition, under the terms of both the 2010 DSUP and Stock Option Plan:

- The total number of Class B subordinate voting shares issuable from treasury, together with the Class B subordinate voting shares issuable from treasury under all of the Corporation's other security based compensation arrangements, at any time, may not exceed 10% of the aggregate number of issued and outstanding Class B subordinate voting shares and Class A shares;
- The total number of Class B subordinate voting shares issuable from treasury to insiders and their associates, together with the Class B subordinate voting shares issuable from treasury to insiders and their associates under all of the Corporation's other security based compensation arrangements, at any time, may not exceed 5% of the total issued and outstanding Class B subordinate voting shares;
- The total number of Class B subordinate voting shares issued from treasury to insiders and their associates, together with the Class B subordinate voting shares issued from treasury to insiders and their associates under all of the Corporation's other security based compensation arrangements, within any given one-year period, may not exceed 10% of the total issued and outstanding Class B subordinate voting shares; and
- A single person cannot hold DSUs covering, or options to acquire, as the case may be, more than 5% of the Class B subordinate voting shares issued and outstanding.

As of March 5, 2018, the status is as follows:

| | Plan | Issued | Issuable under DSUs Granted OR Stock Options Granted but Unexercised | Issuable for Future DSUs OR Stock Option Grants ⁽²⁾ |
|--|-------------------|---------------------------|--|---|
| Total number of Class B subordinate voting shares | Stock Option Plan | 43,330,978 ⁽¹⁾ | 116,244,428 | 63,688,876 |
| | 2010 DSUP | 756,656 | 620,257 | 22,623,087 |
| % of total number of Class A shares and Class B subordinate voting shares issued and outstanding | Stock Option Plan | 1.93% | 5.17% | 2.83% |
| | 2010 DSUP | 0.03% | 0.03% | 1.01% |

(1) Including a number of 403,000 shares which were issued pursuant to the exercise of stock options granted under the Stock Option Plan for the benefit of the non-executive directors of Bombardier, which was abolished effective October 1, 2003.

(2) The aggregate number of Class B subordinate voting shares issuable under the Stock Option Plan and the 2010 DSUP may not exceed, taking into account the aggregate number of Class B subordinate voting shares issuable under any other security based compensation arrangement of the Corporation, 224,641,195.

The total number of stock options issued in the financial year ended December 31, 2017 (being 27,745,712 stock options), as a percentage of the total number of Class A shares and Class B subordinate voting shares that were issued and outstanding as at December 31, 2017, is 1.23%.

Right to amend the 2010 DSUP or the Stock Option Plan

The Board of Directors may, subject to receiving the required regulatory and stock exchange approvals, amend, suspend or terminate the 2010 DSUP and any DSUs granted thereunder or the Stock Option Plan and any outstanding stock option, as the case may be, without obtaining the prior approval of the shareholders of the Corporation; however, no such amendment or termination shall affect the terms and conditions applicable to unexercised stock options previously granted without the consent of the relevant optionees, unless the rights of such optionees shall have been terminated or exercised at the time of the amendment or termination.

Subject to but without limiting the generality of the foregoing, the Board of Directors may:

- wind up, suspend or terminate the 2010 DSUP or the Stock Option Plan;
- terminate an award granted under the 2010 DSUP or the Stock Option Plan;
- modify the eligibility for, and limitations on, participation in the 2010 DSUP or the Stock Option Plan;
- modify periods during which the options may be exercised under the Stock Option Plan;
- modify the terms on which the awards may be granted, terminated, cancelled and adjusted and, in the case of stock options only, exercised;
- amend the provisions of the 2010 DSUP or the Stock Option Plan to comply with applicable laws, the requirements of regulatory authorities or applicable stock exchanges;
- amend the provisions of the 2010 DSUP or the Stock Option Plan to modify the maximum number of Class B subordinate voting shares which may be offered for subscription and purchase under the 2010 DSUP or the Stock Option Plan following the declaration of a stock dividend, subdivision, consolidation, reclassification, or any other change with respect to the Class B subordinate voting shares;

- amend the 2010 DSUP or the Stock Option Plan or an award thereunder to correct or rectify an ambiguity, a deficient or inapplicable provision, an error or an omission; and
- amend a provision of the 2010 DSUP or the Stock Option Plan relating to the administration or technical aspects of the plan.

However, notwithstanding the foregoing, the following amendments must be approved by the shareholders of the Corporation:

- In the case of the Stock Option Plan or outstanding options :
 - an amendment allowing the issuance of Class B subordinate voting shares to an optionee without the payment of a cash consideration, unless provision has been made for a full deduction of the underlying Class B subordinate voting shares from the number of Class B subordinate voting shares reserved for issuance under the Stock Option Plan;
 - a reduction in the purchase price for the Class B subordinate voting shares in respect of any option or an extension of the expiration date of any option beyond the exercise periods provided by the Stock Option Plan;
 - the inclusion, on a discretionary basis, of non-employee directors of the Corporation as participants in the Stock Option Plan;
 - an amendment allowing an optionee to transfer options other than by will or pursuant to the laws of succession;
 - the cancellation of options for the purpose of issuing new options;
 - the grant of financial assistance for the exercise of options;
 - an increase in the number of Class B subordinate voting shares reserved for issuance under the Stock Option Plan; and
 - any amendment to the method for determining the purchase price for the Class B subordinate voting shares, in respect of any option.
- In the case of the 2010 DSUP or DSUs granted thereunder :
 - an amendment allowing a participant to transfer DSUs, other than by will or pursuant to the laws of succession; and
 - an increase in the number of treasury Class B subordinate voting shares reserved for issuance under the 2010 DSUP.

In recognition of the Senior Vice President and Chief Financial Officer’s dedicated work and ongoing efforts towards the success of the Corporation and the execution of its current transformation plan, the Board of Directors approved, on May 10, 2017, certain amendments to individual stock options granted to the Senior Vice President and Chief Financial Officer, John Di Bert, further to his hiring on August 10, 2015, which amendments have been approved by the TSX, but were not subject to shareholder approval in accordance with the amending provisions of the Stock Option Plan. Specifically, amendments were made to the periods during which, and terms on which, these stock options may be exercised, terminated, cancelled and adjusted in the event of his voluntary resignation before August 10, 2018, without any extension of the original term of such stock options (the “Amendments”). The Amendments have been reflected in “[Termination and Change of Control Provisions](#)” of Section 5 of this Circular.

NON-GAAP FINANCIAL MEASURES

The Circular is based on reported earnings in accordance with IFRS and on the following non-GAAP financial measures:

| Non-GAAP financial measures | |
|--|---|
| EBIT before special items | EBIT excluding the impact of restructuring charges, significant impairment charges and reversals, as well as other significant unusual items. |
| Free cash flow (usage) | Cash flows from operating activities less net additions to property, plant and equipment and intangible assets. |
| Free cash flow (usage) before net interest and income taxes paid or received | Free cash flow (usage) excluding cash paid and received for interest and income taxes, as per the consolidated statements of cash flows. |

We believe that providing certain non-GAAP financial measures in addition to IFRS measures provides users of our Circular with enhanced understanding of our results and related trends and increases the transparency and clarity of the core results of our business. For these reasons, a significant number of users of this Circular analyze our results based on these financial measures. EBIT before special items exclude items that do not reflect our core performance or where their exclusion will

assist users in understanding our results for the period. We believe these measures help users of our Circular to better analyze results, enabling better comparability of our results from one period to another and with peers.

Non-GAAP financial measures are mainly derived from the Corporation's consolidated financial statements but do not have standardized meanings prescribed by IFRS. The exclusion of certain items from non-GAAP performance measures does not imply that these items are necessarily non-recurring. From time to time, we may exclude additional items if we believe doing so would result in a more transparent and comparable disclosure. Other entities in our industry may define the above measures differently than we do. In those cases, it may be difficult to compare the performance of those entities to ours based on these similarly-named non-GAAP measures.

Reconciliations of (i) EBIT before special items to EBIT and (ii) free cash flow usage to cash flows from operating activities are provided in the following tables:

| Reconciliation of Cash flow from operating activities to Free cash flow (usage) | 2017 (\$ million) |
|---|----------------------|
| Cash flows from operating activities | 531 |
| Net additions to Property, plant and equipment and intangible assets | (1,317) |
| Free cash flow (usage) | (786) |

| Reconciliation of EBIT before special items to EBIT | | | | | | 2017 |
|---|--------------------------------|--------------------------------------|--|---|---|-----------------------|
| | Transportation (\$ million) | Business Aircraft (\$ million) | Commercial Aircraft (\$ million) | Aerostructures and Engineering Services (\$ million) | Corporate and Elimination (\$ million) | Total (\$ million) |
| EBIT before special items | 712 | 416 | (377) | 157 | (236) | 672 |
| Special items | 295 | 25 | 8 | 7 | 91 | 426 |
| EBIT | 417 | 391 | (385) | 150 | (327) | 246 |
